INTRODUCTION

Dear Friend of Life:

We are pleased to submit to you a Bulletin covering the current activities of The Great White Brotherhood at this time.

For obvious reasons, you will see why the record of these Inner Activities, which are really the esoteric portion of this work, cannot be published at present in **The Bridge**, but it is deemed advisable that these reports should be put into the hands of interested individuals as promptly as possible, thus offering them an opportunity to serve as Outposts for the Masters in the physical world.

This service is presently being effected by Members of the various Retreats who find it necessary to forego Their attendance at the Conclaves in order that They might receive the Spiritual Blessings and Radiations consciously projected to Them by the Assembled Brotherhood, pass them on to other waiting Members in the Retreats at different points on the earth's surface, until they encircle the globe and are received back again into the Heart of the Retreat from whence They were originally sent, thus fulfilling the Law of the Circle.

As the Beloved Jesus said when He was well nigh overwhelmed by the immensity of the world's spiritual need—"Pray that the Father send more help, for the harvest is plentiful but the laborers are few," and this situation repeats itself in the present hour.

Life is replete with the gifts, the Masters and the Angelic Host are most willing and eager to distribute them, but the Cosmic Law governing man's evolution demands not only his cooperation, but acceptance. However, one man—through His Presence in the Universe—is in a position to fulfill the law, in that he may not only demand but accept These Graces for his brother man and that is why the Hierarchy is eager for the conscious cooperation of the people in physical embodiment in spreading the radiation, powers and gifts of the Retreats engaged in serving Life in this manner.

If we find enough individuals interested, we shall be happy to present, from month to month, or more often if necessary, the activities and accomplishments of The Great White Brotherhood in conjunction with the focusing of the Powers and Presence of the Elect of the World in the various Retreats which are active during each thirty day period.

These Private Bulletins will be supported by whatever love offering the recipient feels they are worth to him, and, of course, it goes without saying that all gifts so received will be utilized in spreading the Word, the Light, and the Activity of God.

Yours, in Joyous Service,

Thomas Printz

THE TRANSYLVANIAN RETREAT

THE IMPORTANCE OF THIS BULLETIN—One of the important reasons for acquainting mankind of the Councils where the Flame is most active at any given time in the earth cycle is that the energies of every visitant can become part of the expansion of that Flame, and each interested party is "fuel" to the fire.

The greater the concentration of the Gift which is always of some specific benefit to the race, naturally the greater the individual Blessing to every component part... the brighter shines the fire, the greater its gift of light.

The intensification of the Flame of Freedom in the heart of the Transylvanian Retreat was effected by the direction of a Cosmic Ray from the Great Central Sun and the physical Sun of our System at the EXACT moment when the vibratory action of the Rocky Mountain Retreat receded into its usual pulsation. This added impetus of the Directed Rays from the Sun expanded the sphere of influence from Transylvania, just as an added release of electrical current lights a greater area in the physical appearance world.

Saint Germain

The Liberated Masters and all Emancipated Beings who direct their consciousness and individual powers to the Councils being held again intensified the Parent Flame of Freedom by their own Light, each one contributing from the very substance of His Own Heart an added stimulus which again expanded the sphere of influence. As the momentum gathered and as the magnetic power of the Cause of Freedom began to attract the conscious and unconscious members of the human race, seen with the inner eye, wave after wave of an outward flowing substance of Freedom, like a growing tide, expands the periphery of Freedom's Flame until even from Our state of consciousness, the ultimate accomplishment cannot be estimated until the contributing factor of each free will being has poured the substance of his own life into the momentum already gathered here.

All during the period while the councils are in session and the individual Masters are engaged in the instruction of their students, there is a successive group comprised of Angelic, Cosmic and Devic Hosts who form the anchorage through which the Rays from the Central Sun and and the physical Sun are directed into the Flame Room, where the actual Cosmic Flame of Freedom has burned undimmed through the centuries. Into this Holy of Holies no unascended being even in the finer body could enter and retain his equilibrium. Therefore, outside of the circular room in which the actual Flame is focused We have three circular corridors wherein the Light of Freedom's Flame is tempered and the development and maturity of the attending student determines how close he can come to the Flame Room, receive the benefits derived from its Radiant Presence, and yet not be overpowered by its Light.

In each of these corridors there are always present twelve of the Liberated Host, who regulate and balance

the inner bodies of the visitants, so that they may receive the greatest possible benefit from such close proximity to Freedom's Flame, and can carry that Radiation back into their own personal atmosphere and orbit on re-entering the physical world in the waking state. Each group who is allowed entrance into one of the three outer rooms has signified before the Angel Deva of the Freedom Flame his own heartfelt desire to contribute to that Flame by the expenditure of some of his own voluntary energies and this is the 'passport' which allows him such entrance.

The direction of the heart flame from the Central Sun and the physical Sun, the Angelic, Devic, and Cosmic Hosts as well as from the Liberated Masters and the members of the human race is regulated by the Rhythmic Breath. The outbreath of the Sun is followed by the outbreath of all connected with the adoration and devotion to the Freedom Flame and the Heart Essence is absorbed into that Flame making a concentrate of power. Then all participants draw the Flame inward into their own bodies, holding it until the Master in charge of their section bids them to direct it outward to the periphery of the sphere of influence of the Transylvanian Retreat. At the instant that the individuals begin to outbreathe this Flame, the concentrated Heart Flame itself begins to expand through the conductors—Divine and human.

To look at the action of this Retreat from above, it would seem like a great breathing wheel, the Light concentrated in the hub and then flashing out to the periphery and returning to the hub in that rhythmic pulsation of the breath. Now, every lifestream that is drawn within the actual physical aura of the Retreat is blessed by the radiation on the outbreath of tht Flame, but only those who have signified **within** their hearts a desire to spread the Cause of Freedom become actual participating factors in expanding the periphery of its sphere of influence. The many hundreds of thousands who float in a somnambulistic state in the atmosphere in and above and around the Retreat are more or less absorbers, their value mainly lying in the fact that as their inner bodies are mechanically and electrically charged with the substance, intelligence, power and quality of Freedom's Cause, they do bring that back with them into their waking state and it becomes an emanating force for good in their communities, as well as in their individual endeavors to live a constructive and positive life.

Those who enter into the great circular rooms are really batteries of such tremendous concentrated power that it is with the wisdom of centuries of experience that I say the guard over this added energy must be maintained by the alert indwelling Spirit that the mental, emotional and physical bodies particularly do not dissipate this great gift through misqualifying the cosmic energies in any discordant manner.

After about an hour in which the lifestream is engaged in the adoration to the Flame, as described above, he is then free to enter the particular council chamber where the Masters are working on current projects, most of which are connected with the dispensations granted by the Lords of Karma in July. Here they may act through their etheric or Higher Mental Bodies, and the other instruments mental, emotional and physical are released for their training in the

schoolrooms which are being presently provided through the kind offices of Kuthumi, Lord Maitreya, and Jesus and Mary.

Any student who chooses then may make his own home and environment a similar wheel, and following the pattern and visualization set forth above become an outpost of the Flame directed from the heart of the Transylvanian Alps at this time and, in the future, duplicate this activity in cooperation with whatever Retreat Sanat Kumara designates to be the focus for the Great White Brotherhood in the coming days.

Blessings and Love,

MAHA CHOHAN

Condensed Notes on the current Activities at the Ceylon Retreat which is dedicated to the Flame of the Holy Spirit and now in charge of our present Maha Chohan. Retreat open May 15 to June 14.

From the heart of the Sun at the inception of humanity's journey upon the physical structure of the earth plane came the first Representative of the Holy Spirit, and through His Body was focused the initial impulse of that Flame, which is the true nature of the completed and matured God-Being.

****

When humanity began incarnation upon the planet earth, the first great Kingdom was a natural one of innocence and gentle, child-like beauty wherein the life principle was developed in Love. These beautiful qualities enabled this entire civilization to complete its round without suffering, hardship or pain, and when the Great Manu of the First Race or Round (its Christos and Maha Chohan) returned to the Heart of the Father, the First Day was completed.

Each successive Maha Chohan has the increasing responsibility of a nature kingdom which, through provocation, works in less complementary harmony with its evolutionary mankind, and so the second and third rounds were a little longer and more difficult of accomplishment; but eventually the Second and Third Rounds were completed and the Manus, with Their accompanying Christos' and Maha Chohans, returned with an emancipated people to God's Bosom. The Fourth Round has yet to be completed and that - as well as the Fifth - are under process of redemption at the present time. The Sixth has yet to enter on the stage of life, although there are many Sixth Round people present and actively engaged in this great task of liberation today.

The above short dissertation is necessary in order to make plain and understandable the present Activities at the Ceylon Retreat.

****

The present Maha Chohan (Who is the Keeper and Watcher of the Flame of the Holy Spirit established in this Retreat so many ages ago, and which each succeeding Maha Chohan is responsible for) invited the three First Maha Chohans to this Conclave, and to His Great Joy, They accepted and are His Guests during the thirty days the Retreat is opened. The First Maha Chohan, at the opening of the Council, addressed the assembled guests (composed of Ascended and Un-ascended mankind - many of the latter in their Higher Mental Bodies) and the following is a short excerpt of His Discourse.

"O Mankind, who seeks knowledge whereby to attain happiness, know that your lesson lies within the contemplation of Love. Let me point you to the Love within the Kingdom of Nature, which on the evolutionary scale lies far below the potential power of man - Nature, which mirrors so much more of God Love than you, who are pre-chosen to be the Lords of Creation.

"Through the Body of Nature comes all the substance to sustain the physical bodies of all life expressions. Without the gifts of Nature, no food, no clothing, no physical bodies could endure for a period of more than a few short months.

"In return for Her gifts which furnish your bountiful tables, She receives back into Herself the poisonous excrement of breath and body, and, finally, the very decadent garments which you have worn.

"All this with the patience that is not of a century, but of so many countless aeons of time that it would stagger the human mind to even contemplate it.

"Can you say as much for yourselves? Are you willing to absorb the evils of each other and actively replace them with the substance of Happiness and Good? Can you do this for the matter of a month or a year, not to speak of an eternity?

"The rhythm of nature is the constant refinement of the human race or a natural purification by the chemical action of self-conscious beings, coupled with the actual throwing off, by the same chemical means, of the worn out particles of the human body and then the renewal of the body and brain substance of the Race, which is also a conscious and positive action of Love.

"I speak of Nature today, not only to make man aware of the Love principle that is within it, but in gratitude to the countless million intelligences engaged in the Service of Mercy and to point out to the souls of men the Activity which must replace the present consciousness that refuses to lift the load or share the burden of these beings; because, until this consciousness is replaced, man cannot come under the beneficient protection that the Natural Kingdom will afford in the Cataclysmic Changes.

"If Nature serveth you by taking the excrement of your body, the carbon monoxide of your lungs and the decadent flesh of your garment, and, with loving, gentle hands, gives you in their place the leafy green, the fragrant blossom and the soft, warm wool or gracious silk, and you cannot take the conscious or unconscious discord of your fellow man, consciously consume it and, more than that, give back a gift of tolerant, forgiving and raising love, you have not earned the right to live above Nature's Kingdom, or even parallel with it.

"I speak because the Hour comes when we must have in incarnation those who are at least equal to the Natural Kingdom - We do not ask that they be superior to it."

Whitsuntide

This Great Feast Day was celebrated by a great concourse of ascended and unascended beings who joined in the intensification of The Flame of the Holy Spirit, and, for the first time in the history of the planet, unascended beings became contributing factors to the intensity of the Flame and to the expanded sphere of Its influence.

All in white the Brotherhood came, and all in white were clothed the inner bodies of those who directed their attention toward the Retreat, either for help or service. The Flame Itself, within the heart of the Sanctuary, rose like a white column and on the raised dais stood the Four Maha Chohans (the first three and the Present Great One) and the Lady, Pallas Athene.

At a given signal each member directed the beam of his own energy into the Flame and, through the added Fuel, there began an expansion that covered a major portion of the Eastern Hemisphere and then was re-directed by conscious Outposts in the Western Hemisphere as well.

Ceylon Retreat - - - 3. No. 1.

This release is a Grace of "the hunger and thirst after righteousness" into the feelings of the peoples of earth. The Activity continued for twenty-four hours, from the midnight preceding Whitsuntide until the midnight following, each Chohan successively becoming the Officiating Master, directing the focusing and then the Expansion of the Flame.

At the close of the Cosmic Activities, we shall re-enact again for the pleasure of the company, those particular significant experiences where the Spirit of God took more than ordinary effect in the consciousness of man through a visitation of some intensity of The Holy Spirit. Whenever possible, the original actors who formed the heart center of the Christ Pageant will be in the position that they occupied at that time, and where spiritual endeavors or duties have called them from the Conclave, their place will be taken by suitable representatives.

The Master Jesus, Himself, has prepared the Pageant of Whitsuntide, which is the outpouring that gave the disciples the capacity to perform more than ordinary service, and as hundreds of thousands will witness its re-enactment (in their inner bodies) they will receive the feeling with which the original beneficiaries were charged who took part in that first service.

The finding of the Holy Grail by King Arthur's Knights, which is the Consciousness of the Christ through the Office of the Holy Spirit, will also be enacted, as well as many of the accomplishments and activities of these Gentlemen of the Round Table. Many of these are in embodiment today, and wherever possible, they will take the same part they took in the original drama. (In their inner bodies, of course.)

The beautiful scene depicting the spiritual intervention of the Third Person of the Trinity in Lemuria and Atlantis and those early Golden Ages will be enacted to charge the feeling world of the people, who did not achieve the Ascension at that time, and who have forgotten their participation in such an holy outpouring.

At the end of the series of these representative pageants, Pallas Athene and the present Maha Chohan will re-enact the role of the First Holy Spirit or Maha Chohan and His Divine Consort in receiving from the Sun the Flame of the Holy Spirit, anchoring It in Their Own Hearts and then descending to establish It in the present Retreat at Ceylon at the Beginning of Time.

When the pageants close there will be a course of intensive training given, in the gifts that lie within Gentleness, Harmlessness, Humility and Selflessness. These classes will be conducted by the four Maha Chohans, assisted by the Seven Chohans of the Rays, as well as the Resident Brothers of the Retreat. All aspirants are asked to direct their consciousness to this Retreat, not only before retiring to sleep, but also by day, during the remaining days of the Conclave.

Further activities will be reported in a later Bulletin.

Activities at the Ceylon Retreat through June 15th, 1952

The Magnetic Power of each Retreat does not go into action until the very instant the preceding Retreat completed its out-going rhythm, lest at inner levels the souls be swept into the current of the New Retreat before the Retreat of the Month has given the maximum of Its Blessing to Life. There is an exact moment when the magnetic currents begin to draw the souls of men, and an exact moment when that connection is severed in favor of the Next Outpouring.

The Intensity of The Flame and Powers focused through each Retreat is increased by each member of the Ascended and Unascended Mankind who voluntarily or unconsciously join the Conclave. The periphery of the Sphere of Influence to which the benefits and gifts of the Retreat may reach is in like manner determined by the Intensity of the Flame drawn and focused by such participating lifestreams.

Because of the free will of man, we cannot be sure beforehand of how many will attend, or how far the benediction will reach, or with what potency or power. It is always, therefore, gratifying to have the response exceed our Hope, because the greater blessing is derived for all peoples.

Can you imagine for a moment the delight of the Hierarch of the Retreat when the magnetic currents set up, which represents His Gift to Life, begin to draw in on the Rays so many thousands and thousands of Torches for That Flame! This was My Experience, and although the Brotherhood was pressed to exert every available ounce of energy, and although the harvesters were not nearly enough numbers to fulfill the demands, yet by this experience are we gratified, for we will be better prepared at each successive Council by calling more volunteer Teachers from Inner Levels to "feed the sheep".

****

Mankind, in contemplating the activities of the Godhead through His Representatives, so often makes the blessings and the gifts of the Masters abstract and ephemeral. Yet, the most mundane activities in which the personal self is engaged - when constructive - come under the direction of the Chohans of the Seven Rays, and all the channels which contribute to the comfort of life, to the well-being of peoples are under the direct Supervision of the Third Person of the Holy Trinity, and Myself as His Representative in the world of Mankind. The magnetic pull of a complementary vibration drew great numbers of these people to the Ceylon Conference, not only conscious students, Chelas, and spiritually minded individuals, but those from among the masses who have voluntarily chosen to hold the Office of Comforter to groups of people through the medical profession, the religious orders, the educational channels, the world of art, literature and music and specifically the world of science and invention, which contributes no little part to the comfort of the people of earth and the nature kingdom . . . witness mattresses, easy chairs, automobiles, vacuum cleaners, and so forth.

My Seven Sons (The Chohans of the Seven Rays) have been delighted with the attendance and engaged in the tremendous task of receiving all individuals who work under any of the ramifications of Their Particular Ray, endeavoring to raise such potential server to his highest possible manifestation of good in his capacity to serve life.

This Council will have a marked effect in the forward movement of constructive energies through inventive endeavors, mechanical perfection, architecture, etc., as well as forward the impulses for a much higher type of music, drama and literary perfection, which shows you some of the possibilities and promise that come within the scope of the Master's beneficient Powers when the Flame in any Retreat is intensified and fed by focusing Cosmic and World energies and attention into it at a given time.

The Master Morya was specifically engaged in receiving and instructing the inner consciousness of the statesmen and practically inclined individuals whose constructive desires and interests drew them (consciously or unconsciously) to the Conclave.

The Master Kuthumi has been expending every effort, together with His Body of Chelas, in receiving and offering intensive training to the individuals who represent the parents, teachers and guardians of the younger generation, as well as the spiritual teachers of the race.

The Great Venetian has spoken to the entire Conclave once every twelve hours on the necessity for the development of Tolerance and Understanding and Brotherhood in all seven avenues of service. His reminder was potent "Remember, however that Tolerance is a virtue which can soon run to seed and become indifference."

Master Serapis had a double task because He not only works along the fields of beauty, art and architecture and the actual designing and inspiring of future temples, homes and cities, but through His Cosmic Designation as the Master of the Year, He must perform the service of uniting the outer consciousness of every lifestream who comes to the Retreat with the essence of the lectures and the particular instruction of each twenty-four hour period, so that none go away without a permanent enrichment of consciousness. To this end, He has had to draw the Higher Mental Bodies of each one who has been given the first grant for the experiment allowed by the Karmic Lords at the January Conclave from the Fourth Sphere to insure Its Presence and cooperation at this time.

The work of Hilarion has been to meet and assist those whose service in the outer world lies in the realm of science, inventive genius, medical perfection and wherever possible correlate the findings of science with the truth of spiritual law.

The Master Jesus was host to the Christian teachers and all those working along devotional religious lines. Here He was enabled to open the inner consciousness to a greater receptivity to the Truth through the dissolving of orthodox barriers and superstitions.

And then The Beloved Saint Germain! In January of 1952 the Higher Mental Bodies of the entire human race asked for a dispensation whereby human free will would be set aside and They allowed to cooperate in the Cosmic Push of the Hour through the personalities which They had sustained through the centuries. The Lords of Karma, together with a Messenger from the Central Sun, made a partial grant to two thousand particularly prepared individuals, as an experiment. The result of Their endeavors will be reported on June 30th, 1952, at the Royal Teton Conclave.

The Master Saint Germain became Sponsor for each lifestream who volunteered and was accepted, and so it became His Great Duty, along with His Usual Activities

in instructing individuals in the drawing, focusing and directing of spiritual energies, to hasten the liberation of the sense consciousness and to provide a way and means by which the outer mind might be connected with the Plans of the Brotherhood.

He has labored without rest this entire thirty day period, twenty-four hours around the clock, receiving those particular individuals, talking and coaxing them toward cooperative action. Perhaps you can understand the love in my heart for this Son, not only in His Hope but His Service. I said to Him "Now Son, let Me for an hour stand guard over those who are coming in on Your Ray, and You find relaxation elsewhere." But He did not leave His Post, nor has He ever left it since first He took His Vow.

Activities at the Great Rocky Mountain Retreat (from the opening date) June 15 to June 21, 1952

****

The opening of the Great Rocky Mountain Council Halls fills us all with anticipation as we wait for the report of the first six months of the Year 1952, through the co-operative action of the Higher Mental Body of the outer personality of the Selected Group whom the Great Central Sun Messenger designated as the Experimental Individuals, the result of whose activities will determine how much greater grant could be made for the remaining six months' period.

These early days have been filled with the preliminary councils and the various Masters bringing in the petitions and plans which are to form Their specific Activity for the remaining period of 1952.

The Great Central Sun Messenger will again favor the Retreat with His Presence on the 30th of June, and the Karmic Lords will examine the results of the experiment and have presented to Them the actual individuals who, through their outer personalities, have co-operated with the endeavors to spread the Light of Truth across the face of the earth.

As we can count on some of the powerful Messengers of Saint Germain among this Selected Group, we are very hopeful that a large dispensation - including a much greater number of souls - will be included in the Second Grant.

Only a few of those who have been chosen, and whose Higher Mental Bodies have been endeavoring to work through them, have not responded; and we are hoping, before the 30th of this month, that we can count them, too, among our number of co-operative spirits.

Be it known that in Shamballa are recorded the names of the souls whom the Great Central Sun allowed to form the innermost circle of this Spiritual Endeavor, and those who have not responded will be asked to show cause before the entire Assembly and the Karmic Council, so that all may see in what way we can remedy this condition and so avoid a repetition of this in the future.

Excerpts from Instructions given at the Retreat

On Causes

There are Causes born in Heaven's Realm which are Divine Ideas projected from the Heart of the Sun of the System, or generated through the Heart Consciousness of any Being Who has achieved the Christ Estate.

Individual lifestreams who become interested in such a Cause are not of necessity its creator. For instance, the Cause of Freedom was a God-Intent from the Heart of the Great Central Sun Itself, and the Master Saint Germain - in contemplating the Godhead in selfless devotion and adoration - perceived that Idea of the Father for the planet earth and her people. He then made that Cause His Own, offering before the Throne of Heaven to invest His Energies, Intelligence and Life-purpose to manifesting its effect for all men, the nature Kingdom and the planet upon which humanity is presently evolving.

The development of the ways and means of unfolding the Cause of Freedom was left to the initiative of His Own God Inspiration, and the interesting of lifestreams in that Cause, to a point where they might volunteer to become a part of the motivating power behind its manifestation, also became His personal responsibility.

Such Cosmic Causes are always ensouled by a Cherubic or Seraphic Being at Inner Levels, whose voluntary service is to keep alive the momentum gathered by the sponsor during the time while he is incarnate, effecting the details of the Plan, and during the time at inner levels while He is using his energies to interest consciousnesses to assist Him. These Cosmic Angels, on occasion, send one of Their legions to render the same service through a group of incarnate spirits when the service is more than ordinary.

The designing of a Universal Scheme by a pair of God-Intelligences fills the Universal Oval, which forms the periphery of that particular creation, with more potential God-Ideas than there are grains of sand on the seashore, or drops of water in the ocean, or stars in the heavens. These are the germs of future greatness, and from observation, it has been found that the Intelligences belonging to other systems of greatly advanced evolutions, have not come anywhere near utilizing or unfolding the potential perfection that is theirs for the asking.

When the Great Master Saint Germain grasped the desire of the Godhead, to give fullest Freedom to His Creation, so far as the planet earth is concerned, in the Inner Realms was begun a Fire Temple in which He placed the initial impulse of this Flame, and here came the Cherubic and Seraphic Hosts, Who have remained in constant attendance to that Flame through all the succeeding centuries.

In the Inner Spheres, the discarnate realm, as well as the incarnate realm, it became the individual responsibility and obligation of the Master - while yet transmuting his own karma - to foster the Cause of Freedom, and in any manner that He could effect an interest in such a Cause, forward His design -- Imagine the magnitude of such a task! Of course, in the realm of the Higher Mental Bodies where such great freedom and clarity of consciousness are present, it is not difficult to secure the interest and co-operation of life; but in the realm of the discarnates, where so many of His pupils dwelt between embodiments and in the realm of incarnation where He, too, was bound by karmic limitation, it was a most difficult task. Now, in His fuller Freedom, He works in the realm of incarnation through those He can reach by word, impression and love. Also, He has free access to the discarnate realm, as well as the Inner Spheres, which has given Him great assistance in His task. BUT, because He has not the power of His Personal Magnetism in a human form, He has lost, to a degree, a certain influence on flesh bodies; although gaining in the Inner Realms much Freedom. And it is, therefore, up to the people who yet wear bodies of form, and who are His Friends, to represent that Freedom Cause and spread it with power and positive assurance.

****

There are tentative plans for the education of the young people who are the hope of the future. This Activity comes under the direction of the Master Kuthumi, Who has been interested in this important question for many centuries and Who, as Pythagoras, established His famous school for young people at Crotona and early Greece.

There are also plans, yet to be worked out, for establishing transmitting Centers at strategic points on the earth's surface, whereby instructions, as well as protective radiations, can be sent to all points on the earth's surface through trained students by the Masters in charge of that part of the Work.

M A H A C H O H A N

June 22, 1952

From out the centuries of darkness the planet earth and her people are now standing upon the threshold of a Light that shall never again be extinguished, but will grow into the Cosmic Eternal Day, in which the fullest manifestation of the potential plans for the planet earth, its humanity and its chain will be understood and made abundantly evident.

In this significant year, we are setting into motion the actual Causative Centers through the consciousness and vehicles of chosen chelas by which we may tie the Cosmic Plan into the substance and energy of the Third Dimensional Plane. It is the actual "bridging" of the chasm between the consciousness of the people and the etheric perfection already designed and lowered into the Seventh Sphere and which forms the pattern for the combined activities of the Brotherhood in this current twelve month. It is our hope and intention that through the etheric counterpart of each lifestream (whose dwelling place is the Seventh Sphere) that the outer consciousness may be awakened to the Plan and to the individual possibility to serve in that Plan for the good of the entire race.

The connection between the higher mind and the outer consciousness of the individual, not being for the most part sufficiently developed, the Lords of Karma have permitted the use of this activity to acquaint the outer consciousness of those who have signified themselves as ready to cooperate with the Plan in order to hasten the execution of the details and ramifications which will tremendously accelerate the entire service without waiting on the individual development of each integral part, which, however, will be nurtured and encouraged at the same time.

There are a goodly number of fine people whose heart motivation is to serve Life and the Master Presence of the Universe, but their service and endeavors must be coordinated through the direction of the outer intelligence in order for it to have the efficiency of unified endeavor.

Tonight the Great Karmic Lords will again enter into the atmosphere of earth and take up Their solemn duty in the Council Hall and Their Decisions will determine the activities of the Brotherhood for the remaining six month period of this Pivotal Year.

Volumes could be written alone on the tremendous endeavor put forth by every member of the Brotherhood attending these planetary Councils over the last two weeks and the exquisite and efficient plans that have been prepared for presentation to the Lords of Karma and the Combined Assemblage in this most important half year period.

Last evening, the Seven Chohans, in successive order, addressed the Assembly, which included a great number of the inner bodies of mankind, and Their Word and Message brought tremendous inspiration, hope, enthusiasm and promise that the coming six months will see even greater actual coordination and endeavor through self-conscious, illumined and willing lifestreams, who have dedicated themselves to the Task at hand. The Chohans have other Plans and Petitions which They will place before the gathered Assembly tonight which will be augmented by the Presence

of The Lords of Karma, Who will hear and weigh all Petitions placed before Them both by Ascended as well as unascended Beings.

It is difficult to confine the magnificence of the Chohans' addresses to a few short words, but the following little excerpts are taken from notes made from Their Talks.

The Master Morya (Who secured from the Karmic Council the right to establish this New Order of contacting the consciousness of certain dedicated spirits through the present means) proved through His chelas not only what has been, but what SHALL BE done.

The Master Kuthumi spoke in behalf of the race which shall be the actual builders of the future.

The Venetian spoke at great length on the establishment and maintenance of an understanding, cooperative, gentle and friendly relationship between all men serving in the ONE CAUSE.

Hilarion endeavored to draw the attention of the Brotherhood to the possibility that lies within the scientific confirmation of spiritual truths and He presented several of His advanced pupils who are working with Him in the world of form and whose discoveries within the next six-month period will truly revolutionize the thinking man's concept of this universe and the Intelligences that are behind it.

The Master Serapis, in His cosmic capacity, as Presiding Master of the year, spent no little time in showing the Brotherhood and the Assemblage how every facet of the Ceremonial Ray becomes a BRIDGE to link the outer mind and consciousness with Truth. Because of His momentum and interest in things of beauty, in music, art and creative endeavor, He, together with the Venetian are instigating a renaissance of the soul and an inspiration of the artistic development by which so many people of earth can be reached who are not yet intelligently developed along spiritual lines, but who, through their emotional response to these activities, can be swung into constructive endeavor.

The Masters Jesus and Mary have prepared a petition, which I would like every individual to join, and that is, that the body elemental of every unborn life-stream be required to immediately become enrolled in a schoolroom under the guidance of the Goddess of Beauty and the Goddess of Purity and that all of the stubborn, distorted manifestations which those body elementals repeatedly re-create, when they are intrusted with the building of an envelope for the incoming ego, be burned out of them immediately, as well as the antipathies and resentments to the soul to which they are tied and which causes such a clash in the feelings of the egos incarnated.

Kuthumi immediately rose and asked that the body elemental of all conscious chelas and incarnated souls be included in this Grant and that during the time of sleep and relaxation they may be also included in this roll, because He pointed out that the indwelling spirit has sufficient cause for concern with the tendencies of the soul and the personal heritage of the incarnated ego without the added burden of the propensities of the body elemental.

I then asked that when the body elemental is drawn before the Lords of Karma and examined before the incarnating ego and given his or her assignment, that the allotment of Karma which would result in bodily restrictions, be assigned to Me

and I will make it My personal obligation to balance that karma by added endeavors and application on my part. If this petition, which is being formulated, is granted - then we will see an incoming race through which the individual ray of the spirit may function without hindrance.

Saint Germain, Who, as we all know, is the Chohan in charge of the in-coming New Age, was deeply touched and grateful to all the members of the Brotherhood, Ascended and Unascended, for Their unselfish service and unprecedented endeavors in establishing the foundation of the work that He is responsible for. He is so modest in His desires for assistance in His gigantic task that the Brotherhood are obliged to use all the strategy at Their command in Their efforts to give Him the help He should have. We shall doubtless hear from Him tonight or tomorrow.

The Seventh Sphere which comes under the direction of Saint Germain contains within itself all of the Perfected Designs that have been released from the Heart of the Sun of our System, and in rhythmic pulsations, have been clothed in the substance and power of each succeeding sphere through which it passes upon its outward course toward manifestation. It is, therefore, the obligation of the Chohan of the Seventh Ray, together with His constituents and disciples to project this etheric perfection into the third dimensional plane and thus complete the outgoing rhythm for the planet and its people. This is why the activities of the Great White Brotherhood will be centered through the Ceremonial Ray and why the Master Serapis in His capacity as Bridge Builder is so actively engaged at this hour in establishing again a connection between the Etheric Realm and the physical consciousness of the first group of selected beings who have been chosen for the experiment and who will form the heart-center of this great work.

Every Chohan, each one of whom represents one of the Seven Spheres, has contributed, together with His Sphere of Activity, to the Perfection that lies now within the etheric belt awaiting its condensation into form. It is, therefore, a cooperative activity of the Seven Rays to see this externalized Beauty and Glory manifest for the earth and its people. Hence the unflagging interest and energy that each one is giving to this glorious movement, and Their (one might almost say) insatiable desire to contribute as much of His own particular sphere as the earth and its people can take. One might liken the Etheric Realm unto an impatient cow with her udder almost bursting with milk waiting to be relieved of her burden.

As this etheric perfection can only manifest <u>through the consciousness of those</u> members of humanity who are still a part of the human race, the cooperation, understanding and receptivity of these individuals is essential to get the amount of work done that must be accomplished within the short space of time allotted to the earth and its guardians before we must move in our orbit into the next succeeding sphere which has been already prepared through the kindness and love of Venus and Her people. In other words, a planet of the Beauty and Perfection now expressed on Venus must be evolved <u>in less than twenty years of earth reckoning</u> from the planet earth and its civilization of today. To this end have we begun a new rhythm in which <u>every man will do the work of ten.</u> Are we ready and are we willing?

Tomorrow (June 30th) the first two thousand lifestreams who had been called by the Lords of Karma after examination of their entire record and blessed by the Great Central Sun Messenger with the First Dispensation, upon whose outcome would

depend the next action of the Karmic Council, will be called upon to report individually and will have to speak before the entire Assemblage in the presence of their Sponsors. These are the first incarnate members of humanity to stand in the Hall of Judgement before the time of so-called death. They have, unfortunately, been divided by their individual endeavors and they will appear in that order, classified according to what they have done, their potential activities and what they have allowed to slide by.

The next Grant, which I believe will form the first activity of the Karmic Board, will be determined by the results of the initial experiment. We will endeavor to find cause as to why certain members have chosen not to avail themselves of the dispensation, which their own Christ Self applied for, in order to make certain that the second Grant will have greater efficacy and ultimate victorious accomplishment. However, on the whole, the Sponsors are exceedingly pleased with the results and we all feel that the Lords of Karma will be favorably impressed with the idea of allowing the Higher Selves of the people to commandeer the energies and powers of the personality and so fulfill its own purpose and design.

No matter how great the struggle and resistance of the outer self may be, when the Higher Mental Body has been given this authority by the Lords of Karma, there is no possibility of lasting rebellion on the part of the individual, although for a time there may seem to be a terrific struggle. The Christ Self has not chosen idly to sustain an ego for millions of years and when it is authorized by the Sun of the System to set aside the human free will of the individual, that authority will never again be relinquished .... and sad it is that it was relinquished in the first place.

Bulletin No. 5.

Of the Activities and Instructions at The Rocky Mountain Retreat from June 29th to July 6th, 1952.

How shall I describe the coming of the Great Central Sun Messenger to the finite mind?

The Lords of Karma entered the atmosphere of earth a day preceding Their usual entry and Their impersonal observation was, for the first time, tinged with anticipatory interest, which tended to make this Cosmic Gathering more of a family gathering and set at ease even the hearts of those Masters Who have approached Them century after century on behalf of the people of earth, because it looked as though They were pre-posed to grant the proposed Petitions.

The Messenger from the Sun was not the same Being Who came in January, but rather a much older appearing, more dignified and mature Being, Whom you would describe as One well prepared to grant the countless thousands of people an opportunity to connect with the Higher Mind and Consciousness through Grace and not through merit.

In appearance He was more like unto Lord Maitreya. He wore garments pf pure white, heavily banded in a silken fibre that had the appearance of fur, but which did not require the sacrifice of any four-footed being. He carried with Him the Sceptre that usually reats within the Heart of Shamballa and as the inner body of each of the two hundred thousand (200,000) individuals who have been chosen to represent the second circle of dedicated beings knelt before Him, He touched each one lightly on the shoulder in much the same manner as the kings of old created a knight, but in this case they were created a "Day".

Two sponsors were required for each lifestream called from the ranks of the hopeful billions in attendance. Past connections, friendship and association determined to a great measure as to which of the members of the Emancipated Masters would be sponsors. Contrary to human belief, there were more sponsors than accepted souls, lest anyone should be called forth and not find One ready to stand by his or her side. These Masters being willing, mind, to take on the karma of the action or in-action resulting from such dedication, as the case might be.

****

Then the lifestreams were chosen for the Second Grant, their names were proposed at a Council in Shamballa from among more than two million souls who were examined as to past record, potential service, possible weaknesses as well as strength. Sanat Kumara, Himself, placed the Star of Initiation with the etheric body of each one of those who were to become the Vanguard of a larger rhythmic release of beings, whose human free will is to be superseded by the Christ Self for the next six months. Neither the Higher Mental Body nor the outer self was aware of the choice until the night when the Karmic Board met. The Sponsors were previously informed and prepared.

The Assembly waited with bated breath for the coming of the Great Central Sun Messenger and after the preliminary dedication of the Heart's Flame of Love to the Source of all Life, one of the Angelic Host began to call the roll and from the audience stepped the etheric or inner body of the dedicated Spirit, simultaneously with the descent of the Christ Ego of the Higher Mental Body from the atmosphere above. The two Sponsors then poured the substance of Their Flame and Ray into the kneeling neophite and Serapis made the dedication by the placing of one hand on the head of the Higher Mental Body and the other right into the center of the consicousness of the potential server. This work, of course, should be effected by the application

and evolution of the outer ego, but the Master chose to make that Bridge out of His own Body's Light, and if you think that this was not an expenditure of priceless energy then you are unaware of the fact that every God-Being Who so much as raises His Hand in Benediction allows so much Virtue to pass from Him, which must, through conscious application, be replaced for future service.

****

The Higher Mental Bodies of the greater number of the human race dwell in the Fourth Realm, and They, through Their own initiative, made application to the Cosmic Law for the opportunity of proving what They might do through the outer self, if, once again the authority could be vested in them to set aside the human free will.

In a great Cosmic Conclave, whose size is indescribable to the finite mind, They presented Their proposal to Serapis and the other six Chohans toward the close of last year. Serapis, for reasons of modesty, we will say, could not very well approach the Cosmic Law regarding this Grant, and it was for this reason that the Master Morya-El, Who represents the Mind of God, the Will of God and First Cause, chose to take it upon Himself to enter Shamballa's Halls and, speaking with Sanat Kumara, (Who as you know is Lord of the World) secured from Him the permission to allow Serapis the honor of becoming the Presiding Master for the Year, and in so doing, provided the initial impulse for this Grant.

In January, at the Conclave, when Serapis was vested with this Power, He permitted the Spokesman for the Higher Mental Bodies to approach the Karmic Board and the Great Central Sun Messenger and the very small Grant of two thousand was allowed as an experiment. During the time since then, Serapis has been constantly at work in the Fourth Sphere with the Higher Mental Bodies of the rest of the race and it was He Who presented the scroll to Sanat Kumara upon which was written the names of several million potential candidates for the second release. From this large number about two million souls were selected and after the most minute examination of the lifestream of each one the final 200,000 were decided upon as likely candidates who can be depended upon to assist in the important work at hand.

Saint Germain, in every case, has said He would stand Sponsor for each lifestream. No one unascended can understand what this means, because every lifestream for whom you stand sponsor is constantly using energy and the successes and failures of that individual determine how much of the Master's energies must be consumed in balancing any unpaid debt to life occasioned by this Grant.

Of course there are among those receiving the Grant certain students who are the particular chelas of the various Chohans and the other Masters and they come under Their sponsorship, but Saint Germain has taken by far the greatest number of these souls into His own Sphere of Influence foregoing the time in the Great Silence where all Emancipated Beings who give service to the planets go periodically for a renewal of Their energy and which They find absolutely essential to Their well-being Power of the Silence which He would normally gather through His own entrance therein. Thus I speak in behalf of one of My Great Sons-- and when I say "Pray for a Master" -- <u>I mean just that</u>.

****

The most solumn moment of the Conclave was when the two thousand souls who had been given the Grant in January were called forth from the audience, <u>one by one</u>. The Council Halls in the Rocky Mountain Retreat seat several thousand individuals, but through the Magic, Mystic power of etherialization, we were able to accommodate millions and the atmosphere over the entire countryside was filled with the inner bodies of the countless millions drawn there by the magnetic power of its Light.

The rostrum from which each soul spoke was in full view of these billions of souls.

The Higher Mental Body and the Sponsors were among the first to arrive, then the etheric body of the neophite was called from among the audience and stood there on the rostrum in plain view of the whole assemblage. The entire record of what such an one had done to help The Cause of Life and Light for the first six month period of this year was then read by one of the Angelic Host in a most disconcertingly loud and distinct voice, which rang right through the atmosphere and penetrated even into the souls of the somnambulistic guests. This was really the first judgement in which incarnate souls, not only had to meet the Karmic Board, but also their fellow-men. At the time of death of each incarnate, they go through a private judgement in which only the souls who have been in some manner connected with their lifestream during that embodiment of the heavenly interlude before it stands as mentors or judges.

Like a great wedge in the atmosphere above stood the ten billion Higher Mental Bodies of the entire race and this part of the proceedings was a solemn but uncomfortable moment for all concerned, except perhaps the Karmic Board, Who seemed quite unperturbed by the entire procedure.

After the record was read, the souls of these two thousand individuals were called upon to speak, each initis own behalf, and careful notes were made by mentors of the Karmic Board and the Sponsors in order tp see that the errors incurred might not be repeated in the future and that in the new Grant these mistakes might be avoided by careful planning, supervision and protection.

Then, the Higher Mental Bodies of each invididual spoke, giving the full potentialities of the intent to be accomplished through the lifestream and, to use an earth phrase- "there were no holds barred", This was important because the Higher Mental Body showed what the lifestream could have done; the soul showed what the lifestream had done; the sponsors learned what they had to make up, even if they had to use their chelas to do it, and the Karmic Board, judging by the successes and failures were better able to determine the wisdom of making the Grant to those whom Sanat Kumara had chosen to be Embassadors of the Brotherhood for the coming six month period.

Love and Blessings,

THOMAS PRINTZ' PRIVATE BULLETIN. F No. 6.
COURTESY OF THE BRIDGE. APARTADO 2056, HAVANA, CUBA.

With the closing of the Teton meetings, the attention of the Great White Brotherhood is now turned toward the Gracious Host of the Transylvanian Retreat, He Who is known and loved by the Great White Brotherhood as the Ascended Master SAINT GERMAIN.

After the dedication of the second group of individuals who were chosen by Sanat Kumara and granted the dispensation whereby their Higher Mental Bodies might endeavor to fulfill the God Plan through them in this next six months' period, the Great Central Sun Messenger and the Lords of Karma listened to the petitions and proposals of the various foci of Light, Retreats of the Planet Earth and individual Beings and Powers of Light belonging to our System including representatives of the Forces of the Elements who had taken advantage of the opportunity to present any plausible plan to help the evolution of the race.

This is a world of cause and its ultimate effect. It acts under the natural Law of the Circle, called the Cosmic Law. If it were not for the initiative, interest and personal sacrifice of intelligent Beings who have made mankind's welfare Their business the Karmic Law would act with FULL FORCE and there would be no possibility of transcending its effects or softening Its lash. The dispensing of the Karma to individuals, nations and the planet itself is under the direction of the Lords of Karma. They are embodied Justice, but also Mercy and Love. It is part of the heritage of every lifestream, ascended and unascended to use the authority of His Own Life and call for the transmutation of evil, mitigation of Karmic retribution and the creation of new causative centers which will yield good to the whole human race.

The scales upon which such requests are measured must be evenly balanced. On one side the potential good which such a proposed measure will effect in the evolution of the soul, the race, or the planet, is weighed, and on the other side exactly how much energy the sponsor can offer to the Karmic Board as evidence of the voluntary support of His Cause by both ascended and unascended beings.

The exact procedure followed by an individual, a master, or a group of dedicated beings who are to apply to the Lords of Karma for dispensations of Mercy is somewhat as follows.

The Master or Bold member of the race receives a Divine inspiration in the quietude of his own God contemplation. He recalls it again and examines its possible worth as a means of fulfilling the Divine Plan and widening the borders of the Father's Kingdom. He then develops and matures this idea in his mind and nourishes it with the Love and Strength of his own feeling nature. If he is a member of a Retreat, he will no doubt present this proposal to his brothers and it will be incorporated in the group petition of the Retreat at the Great Council. If he is working independently, he may prepare this petition and upon entering the Teton Halls, give his scroll to the Being Who is in charge of placing them upon the Great Bulletin Board which is situated outside the Audience Chambers. This enables many life streams to acquaint themselves with the proposals that are to be presented and if they find merit and interest in any particular petition,

they are allowed to place their names on the scroll, this signifying to the Master sponsoring the petition that the lifestream so signing is willing to support the measure, at such time as the Karmic Board will hear the petition and ask for the presentation of individuals who will back such proposals, release the energies required to fulfill them and cooperate according to the best of the individuals' powers and capacities in forwarding such a cause for world good.

The Retreat or individual Being sponsoring such a Cause is then assigned a private meeting room and here they are free to entertain the members of the race and the Brotherhood as have signified an interest in their proposed plan. Thus the representatives from the Retreats of the world, as well as the individual Masters, spent the first 15 days of Their stay at the Rocky Mountain Retreat in gathering constituents for Their Cause, knowing full well that when They have the opportunity to present Their Plan before the Assembly, the number, nature and capacities of those who stand as voluntary supporters of such a Cause will determine the final extent of the Grant given them and the Freedom with which They may exercise Their Powers in drawing on the Universal Cosmic Storehouse of Energy to make that Cause appear on the screen of form as an effect worthy and lasting in merit.

When the Karmic Council sits, each Retreat and individual is called forward in successive order according to rank and purpose and given the opportunity to present the proposed petition before the entire Assembly and the members of the human race who have been magnetically drawn into the atmosphere. After hearing the proposal one of the members of the Karmic Board always asks the Sponsors to call forward as many lifestreams ascended and unascended as have offered to dedicate a portion of their individual energies to such a Cause. Besides the individuals which the Sponsor has secured through His concentrated preliminary meetings, at the public presentation usually a goodly number of those present who have either arrived too late or who have not been interested enough to read the petitions of the Brothers beforehand will rise and join the ranks of one movement or another. Then the Karmic Board deliberates on the potential good which will be effected by such an investment of Cosmic energies in the particular Cause before Them. Their measure is the amount of good that can be effected with regard to development of the individual God Flame and the evolution of the Planet and not so much with the temporary comforts or pleasures of the people.

After the Cosmic Grant is given to the Sponsor, He must endeavor to launch His movement on the flood tide of the Spiritual energies dedicated to His Cause by the Cosmic Board. Thus, after the July and January meetings, while the Spiritual Tide is full, there is at Inner Levels always a tremendous impetus in the World Causes which will benefit the race as a whole.

If the Retreat, the Master or the individual does not secure much support from the voluntary energies of the Race, His grant from the Cosmic Board is small and He must wait the opportunity at the next meeting to increase the interest of the

people or if the Board feels the service can be superceded by another of greater merit, He cheerfully and willingly gives up this proposed idea and either enters into the activities of some other member of the Brotherhood or in time, evolves another idea which will perhaps be more pleasing and beneficial to the evolution of the race at the present time.

When the final grants have been made and the Retreats, Masters, Forces of the Elements and human beings have been given the sanction of the Cosmic Court to proceed, each returns immediately to the center of his own sphere of influence and sets into motion the most intense activity whereby the Cause He serves may quickly find fruition in the world of form. This is very important for He is called upon to report on what He has done with the Grant of Energy given Him by the Cosmic Council at the next half-yearly meeting and if he has not availed himself of it, His future grant will be limited thereby. Then the Master is at liberty to follow the Brotherhood to the Retreat which is to be the Host of the Elect for the next thirty days.

The Grant of the dispensation to the Higher Mental Bodies of 200,000 lifestreams of course, took precedence over all other grants because so much depends upon the outcome of this Great Cosmic Experiment. The entire activity, however, was very joyous and no one who came with a petition was denied at least a partial grant and the blessings of the Karmic Judges of the day.

The four major activities under consideration concern planetary changes, international politics, the spiritual awakening of the race as a pre-requisite to freeing Sanat Kumara in order that he may return to Venus and the possibilities within Jesus' and Mary's petition to secure the training of the body elementals. This was amplified to include a specific training for themental, emotional and etheric bodies of the race, as well. Jesus, Mary, Kuthumi and I were given complete authority to provide the schools for these instruments through which the individual spiritual self must work and we shall start first on the 200,000 chosen by Sanat Kumara as the most potential workers for the vineyard. The support of this petition by the entire Assembly, human, elemental and Divine was unamimous.

My petition for My Beloved Saint Germain to give Him more assistance in His endeavors to further the Cause of Freedom drew forth a Sponsorship and support of the Entire Brotherhood and over half of the human race as well. The Devas of the Nature and Elemental Kingdoms asked for release from the domination and vicious impurities imposed upon them by mankind. This Grant would mean great cataclysmic changes and only a partial dispensation was given, for which we, who work with mankind's good, in our hearts and minds continuously, were grateful.

The political situation, national and international, is not outwardly too pleasant and the amount of voluntary energies that can be drawn forth by the peoples of the various countries will be a great factor in the experiences through which mankind will pass in this next six months' period, along this line. The attention of the Host of Heaven, the chelas of earth, etc. will deal primarily with this situation while in Transylvania from now, through August 14th.

The God Meru has a tremendous natural momentum of power in working with the Forces of the Elemental Kingdom and we are hoping that the anchorage of the power of the Brotherhood in and around Titicaca early in August will assist us through this particularly portentous period. The Ray through the Gobi Desert has given the apex of Its Power and the Ray of Titicaca is yet to increase and become the predominant permanent Ray which forms the Center of the New Race which will find its fullest expression in South America in the future. These

two rays are a balancing power of the Earth and the more intensely the attention of mankind is focused upon them, the greater the possibility of avoiding or at least minimizing cataclysmic activity at this time. As you perhaps know, the Andes Mountains in South America have been shaking for the past two months and the reason for this is that certain balanced powers from the Sun are being fed through this Ray into the very center of the Earth for this coming period.

I return to Ceylon with My Own Grant and shall set up those currents required to further the Cause of the Holy Comforter in the world of mankind. Then I shall proceed into the Inner Realms and set into motion the necessary purifying energies to handle the accumulations of the body elementals who choose to avail themselves of my offer. Then I am off to the Central Sun for a meeting with the Great Holy Spirit of the entire galaxy Whose Radiation I dispense with regard to the Planet Earth alone. I shall not be in attendance in Transylvania until next Saturday, but have asked Lord Maitreya to take My Place in case My Good Sons and Chelas wish to confer with someone on any particular problems or require authority to proceed on specific activities connected with their individual Causes. I am hoping through this meeting with the Holy Spirit of the Central Sun to receive certain additional powers that will help My blessed Saint Germain and His Messengers and also Polaris and Axis through this time of earthly travail.

Blessings and Love -

July 15, 1952 M A H A C H O H A N

I would like again to remind the reader that the establishment and maintainance of specific God Powers which form the radiating centers for the Spiritual impetus of the race are drawn, focused and maintained by the self-conscious free will of individual intelligences Who voluntarily engage in such activities.

It has been said by the illiminati of every Age that the Godhead to express in Its fullness, in the world of form, needs a body.....and that the God Intelligence must find expression and fulfillment thru dedicated lifestreams who form a part of the race Who are the beneficiaries of this more than ordinary assistance.

The establishment of the Ancient Sanctuaries, Retreats and foci of Light upon the planet Earth, as well as upon other planets of our System, comes directly under the supervision of the God-Parents of our Universe, and from the Fire Temples around the Sun Itself are taken the Spiritual Nucleus for the Flames that are to be established within these Spiritual foci and radiating there from, hold the balance for the Constructive Forces thru the lower atmosphere in which mankind has chosen to function.

When an individual Being belonging to the race chooses to ensoul one of the active principles of the Fire Element, and has thru conscious application and centuries of discipline and dedication of His individual energies, prepared Himself for such an Honor, He must pass thru the Halls of the Karmic Board, and then be vested with the Powers of the Flame by the Sun Itself. Then the Flaming center of that Cosmic Quality is anchored into the Unfed Flame of His Own Spiritual Identity and He is allowed to take incarnation, that thru the medium of His physical and Inner bodies the Flame might be anchored into the substance of Earth, and with every heart beat increase Its momentum of Power and Sphere of Influence.

Before the close of incarnation such an one has always to pass on the responsibility of guiding and guarding that Flame until a new body can be secured for the original "Anchorite" when the process again is repeated and the momentum and Power of that Flaming Spiritual Center is increased by His Presence in that locality. This continues for century after century until the Cosmic Law determines the focus to be of sufficient intensity and permanence and then the Anchorite, together with His chosen band of disciples, is allowed to incarnate once more and establish a permanent Spiritual focus which will remain a radiating center thru which the Powers and activities from the Electronic Belt around the Sun will be focused permanently.

The double activity of the Retreats is a magnetic Power which draws the lifestreams of those ready to be benefited by the acceleration of their own Spiritual endeavors and the diffusing of the Spiritual Qualities Whose Presence in the atmosphere keep the outer consciousness from devolving into a completely animal state.

As the number and variety of the Cosmic Qualities of the Godhead and the Powers and Activities of the Sacred Fire around the Physical Sun alone are limitless, and the evolution of the consciousness of the RACE makes it possible for more and more self-conscious beings to perceive the Qualities and Powers that might enrich the race, the process of establishing, maintaining and expanding Spiritual centers is a continuous one and altho the Ancient foci have the momentum and Power of centuries of application and devotion to the Flaming substance of the God Power drawn and nourished by the Spiritual community, new centers and foci have come into being thru the centuries which will in time greatly increase the heritage of the race, and externalize more of the Godhead, not only thru the community but the Radiation, Stimulating the growth and development of these qualities within the consciousness and nature of all mankind who share alike breath, water, air and the subtle etheric currents which carry the gifts of the Godhead directly, and thru these focus to the people.

The Master Saint Germain, when He ensouled the Cause of Freedom and passed thru the initiation whereby that Flame was drawn into the substance of His own embryonic Nature, first incarnated as a Shepherd Boy in the hills of the Transylvania woodland and as He pursued His simple occupation, the Flaming Power of Freedom passed thru that innocent boyish form and began to pulsate thru the substance of Earth, and the Akashic Record of a future greatness was thereby begun. Now many centuries thereafter came again this Gentle Sun of Freedom, until the hour when the momentum was sufficiently intensified that the Karmic Lords, the beloved Vesta and Helios, and Sanat Kumara, gave permission for the establishment of a permanent Spiritual community and made a permanent imperishable focus of FREEDOM which shall endure thruout all time.

At the close of the earth life of Francis Bacon, when the final chrysalis was to release into His Own Immortal Freedom, this Son of Heaven, it was only fitting that from within the heart of the Transylvanian Retreat, His liberated consciousness rose on this very Flame into the Realm of God Perfection from whence He labors ceaselessly today in an endeavor to complete the manifestation of a free world, a free people, a free Nature Kingdom, which will be the ultimate manifestation of His God Gift to the race, and to the chain to which we belong.

Therefore, the final activity of Freedom's Flame must find Its expression thru the hearts and consciousness of these dedicated men and women who choose to be the "Anchorites" for His Cosmic Momentum and power wherever they may be. And from the Heart of Transylvania into the hearts of these dedicated men and women, there is being directed and will be sustained, like the spokes from a mighty wheel, an actual precipitated Ray from the Heart of the Freedom Flame which, in Its turn will be a radiating center connecting with the Life energies of all who form the present humanity incarnate, and to come. Some of these will be impelled to establish Spiritual communities, builded on the same premise as the original Transylvania Retreat and thus Freedom will walk the earth again thru the incarnate forms of His disciples.....

The Sun, the primary planets and the satellites that form a Universe have a periphery which closes them in, so to speak, in exactly the same manner as every planet has a localized Sphere of Influence, in order that it may not adversely effect the sister planets of the System until It has achieved a harmonious vibration within which no discord is generated or radiated. These Beings who have achieved the Ascended State are free to rise to any heights within that great Sphere of Influence, which includes the Electronic Belt around the Physical Sun, but once the Bold Being leaves the localized vibration of His Own Universe and enters into the Cosmic Highways, becoming subject to the magnetic pull of other suns and systems, He must have developed a tremendous capacity to maintain the course set by the conscious mind and not be pulled by the magnetic powers of Love, attraction, sympathetic vibration, from the Cosmic Highway which proceeds to His destination.

When it is said that the individual pursuing the Road to Mastery must look neither right nor left, but always into the Heart of the Presence, this same Law is the criterion by which the Master Himself may pursue a course into the Heart of the Central Sun of our System to secure dispensations, grants, and assistance for a Cause in which He is interested. I have known more than one such selfless and wholly free Being Who has set out to enter the Cosmic Highway for a hearing before the Cosmic Throne of the Central Sun Itself, Who has been drawn by one attraction or another from His original purpose, and as the grant to leave the localized atmosphere of one's own Universe is only for a certain period, such an one has had to return without securing audience.

Therefore, it is not without definite application that We prepare to visit the Central Sun of our System, lest We be swept in some Cosmic Tide into an enjoyable by-way and forfeit our right for audience.

I am happy to report that I was enabled to meet the Great Cosmic Representative of the Holy Spirit for our entire System, Suns and Worlds and I was enabled to receive from the Great Central Sun and this Beautiful Holy Spirit, a specific grant to enable Saint Germain to utilize the energies of His carfully trained and dedicated students during the coming six months, and We feel that this will give Us a greater co-operative release from these whom we can reach and Who are ready to become the vanguard of His Advanced Activity.

I have also secured the voluntary assistance of a number of Beautiful Seraphic Beings Who will assist the great and selfless Beings who are keeping our Earth from completely slipping out of its axis and They will share the weight of the human creation which has been the sole responsibility of Those Beings until the purifying agents can lighten Earth's load, and the axis be gently elevated to its proper position.... All in God's good time!!

The intensification of the Flame of Freedom in the heart of the Transylvanian Retreat was effected by the direction of a Cosmic Ray from the Great Central Sun and the Physical Sun of our System at the exact moment when the vibratory action of the Rocky Mountain Retreat receded into its usual pulsation. This added impetus of the directed rays from the Sun expanded the sphere of influence from Transylvania, just as an added release of electrical current lights a greater area in the physical appearance world.

The Ascended Masters and all Emancipated Beings who direct their consciousness and individual powers to the Councils being held, again intensified the Parent Flame of Freedom by their own light, each one contributing from the very substance of his own Heart an added stimulus which again expanded the sphere of influence. As the momentum gathered and as the magnetic power of the Cause of Freedom began to attract the conscious and unconscious members of the human race, seen with the inner eye, wave after wave of an outward flowing substance of Freedom, like the growing tide, expands the periphery of Freedom's Flame until even from our state of consciousness the ultimate accomplishment can not be estimated until the contributing factor of each freewill being has poured the substance of his own life into the momentum already gathered here.

All during the period while the Councils are in session and the individual Masters are engaged in the instruction of their students, there is a successive group comprised of Angelic, Cosmic and Devic Hosts who form the anchorage through the Rays from the Central Sun and the Physical Sun which are directed into the Flame Room where the actual Cosmic Flame of Freedom has burned undimmed through the centuries. Into this Holy of Holiesno unascended being, even in the finer body, could enter and retain his equilibrium. Therefore, outside of the Circular room in which the actual Flame is focused we have three circular corridors wherein the Light of Freedom's Flame is tempered and the development and maturity of the attending student determine how close he can come to the Flame Room, receive the benefits derived from Its Radiant Presence, and yet not be overpowered by Its Light.

In each of these corridors there are always twelve of the Ascended Host, who regulate and balance the inner bodies of the visitants, so that they may receive the greatest possible benefit from such close proximity to Freedom's Flame and can carry that radiation back into their own personal atmosphere and orbit on re-entering the physical work in the waking state. Each group who is allowed entrance into one of the three outer rooms has signified before the Angel Deva of the Freedom Flame his own heartfelt desire to contribute to that Flame by the expenditure of some of his own voluntary energies and this is the Passport which allows him such entrance.

The direction of the Heart Flame from the Great Central Sun and the Physical Sun, the Angelic, Devic and Cosmic Hosts, as well as from the Ascended Masters and the members of the human race, is regulated by the Rythmic Breath. The outbreath of the Sun is followed by the outbreath of all connected with the adoration and devotion to the Freedom Flame and the Heart Essence is absorbed into that Flame, making a concentration of power. Then all participants draw the Flame inward into their own bodies, holding it until the Master in charge of their section bids them to direct it outward to the periphere of the sphere of

influence of the Transylvanian Retreat. At the instant that the individuals begin to outbreathe this Flame, the concentrated Heart Flame Itself begins to expand through the conductors - Divine and human.

To look at the action of this Retreat from above, it would seem like a great breathing wheel, the light concentrated in the hub and then flashing out to the periphery and returning again to the hub in the rhythmic pulsation of the breath. Now, every lifestream that is drawn within the actual physical aura of the Retreat is blessed by the radiation on the outbreath of the Flame, but only those who have signified within their hearts a desire to spread the Cause of Freedom become actual participating factors in expanding the periphery of its sphere of influence.

The many hundreds of thousands who float in a somnambulistic state in the atmosphere in and above and around the Retreat are more or less absorbers, their value mainly lying in the fact that as their inner bodies are mechanically and electrically charged with the substance, intelligence, power and quality of Freedom's Cause, they do bring that back with them into their waking state and it becomes an emanating force for good in their communities, as well as their individual endeavors to live a constructive and positive life.

Those who enter into the great circular rooms are really batteries of such tremendous concentrated power that it is with the wisdom of centuries of experience that I say the guard over this added energy must be maintained by the alert indwelling spirit, that the mental, emotional and physical bodies particularly, do not dissipate this great Gift through misqualifying the Cosmic Energies in any discordant manner.

After about an hour in which the lifestream is engaged in the adoration of the Flame, as described above, he is then free to enter the particular Council Chamber where the Masters are working on current projects, most of which are connected with the dispensations granted by the Lords of Karma in July. Here they may act through their etheric or Higher Mental Bodies and other instruments - mental, emotional and physical, are released for their training in the schoolrooms which are being presently provided through the kind offices of Kuthumi, Lord Maitreya and Jesus and Mary.

Any student who chooses then, may make his own home and environment a similar wheel, and, following the pattern and visualization set forth above, become an outpost of the Flame directed from the Heart of the Transylvanian Alps at this time, and, in the future, duplicate this activity in co-operation with whatever Retreat Sanat Kumara designates to be the focus for the Great White Brotherhood in the coming days.

COURTESY OF THE BRIDGE. Apartado 2056, Havana, Cuba.

Because of the significance and import of the Year of 1952, all the Beings who are directly concerned with the evolution, not only of the planet Earth but of the universe and galaxy to which we belong, have turned both their attention and the gifts of their own life expression toward the victorious accomplishment of transmuting the "Dark Star" into a Star of Love and Freedom. The possibility of the Great White Brotherhood securing the conscious co-operation and continued support of the outer consciousness of mankind prompted the Grant of the Dispensation at the January Conclave whereby a certain limited number of lifestreams were to be given specific benefits and assistance in an endeavor to bridge the chasm between the waking consciousness and the Directive Intelligence which forms the focus of the True Identity for each such individual.

In the Fourth Sphere there live in great freedom and beauty of expression the Christ Selves of the majority of the human race. They are under the direct supervision of the Master Serapis, and each time the outer personality is called by the Karmic Lords into incarnation, it is the responsibility of the Master Serapis, or one of His lieutenants, to connect as much of that Directive Intelligence into the incarnating personality as the evolution of the personal self will allow.

The vibrations of the Higher Mind, in order to connect through the brain structure of the individual, must have a certain amount of assistance through the raising of the atomic consciousness and the atoms of the inner bodies through which the consciousness functions. Therefore, when the two thousand lifestreams were dedicated to this experiment, to see if they would move forward more rapidly in a more practical, efficacious and positive manner until the outer mind had such a contact with the Will and Purpose of the Inner Spheres, it became essential to find a means of bringing the Will and Design of the Great White Brotherhood and the Christ Self into a vibratory action that could be absorbed and interpreted by the student until, through individual application and assistance in the Inner Realms, through various activities of the Sacred Fire, the conscious contact with his own Christ Mind becomes the Directive Intelligence of all activities in which the personality is engaged. Thus, the Lords of Karma and Beloved Vesta granted permission to use The Bridge and its supplements to so acquaint those interested in knowing and effecting the Will of God, but whose personal evolution had not yet raised them to the place where a dependable, constant and accurate personal contact with their own Christ Self is established.

Now, in the choice of these two thousand souls and the second grant of two hundred thousand souls, these were chosen after very careful consideration of the entire lifestream, which was studied from the time of its conception through all incarnations up to and including the present day. And although there are among the holy men of the East many who might qualify more perfectly with regard to their conscious connection with their God Ego, these men for the most part lack the momentum of activity whereby Divine Will becomes form and their contentment in their own adoration of the Godhead would not be of any particular value in our present endeavor to create of the planet Earth a Star similar to Venus within the short twenty-year period allotted to us by Cosmic Law. These, then, were automatically excluded..

Bulletin No. 9 - - - 2

When Sanat Kumara, from the several million souls suggested by Serapis Bey as potential workers, chose 200,000 to receive the added impetus of Our Light, Directives, Radiance and Presence for the balance of 1952, I very carefully took into consideration what each applicant had accomplished with the use of his own talents and powers in the past, and therefore, you will find that some of our members are among the less illustrious from the standpoint of human measure, but of this dedicated group all have the possibilities and potentialities required to raise the vibratory action of the planet and its people - if they will avail themselves of this important but limited grant.

As the Master Saint Germain has taken the responsibility of sponsoring practically every one of these two hundred thousand lifestreams, He, as well as Serapis, are spending every free moment not otherwise occupied with cosmic tasks, in endeavoring to raise the vibratory action of the physical and inner bodies of this group, making them more amenable to the Flame and pressure of their own Higher Mental Bodies' directives, and, in co-operation with the Elohim Arcturus, they are also endeavoring to clear the bridge from the heart to the throat and head so that the individual's own Inner Bridge becomes an infallible guide, guard and directing Presence. Then, we could widen our activities and at the January Council receive permission and opportunity to work on perhaps two million lifestreams.

The response of each one of those who have been chosen for the indescribable benefits, blessings and privileges which the Cosmic Law offers them under the New Dispensation cannot be emphasized too strongly, because the individual personal accomplishment of each lifestream will be a prime factor in the decisions of the Lords of Karma to give us more freedom to continue our endeavors for the balance of mankind in the year that is yet to come.

The calls for the purification of the inner bodies of each person who is aware of this particular assistance coming through the Higher Mental Body this year will help us as we work without cessation in the establishment of the schools for the lower bodies which are the block between the perfect direction of the Presence and its receptivity by the outer intellectual self.

Each of the two hundred thousand souls are required to spend at least one hour of each night in the Transylvanian Retreat where the Focus of Purification and Freedom is so powerful, and we know that the six months that yet lie ahead of us will yield a far greater harvest of accomplishment because it started within this Purifying Activity established and maintained by My Beloved Son, Saint Germain.

Blessings and Love,

Excerpts of the address of the Maha Chohan to the 200,000 lifestreams chosen to be the fore-runner of the earth's redemption period.... address given the night of August 7, 1952.

- - - - - - - -

One of the Activities and Qualities of the Holy God from whose Bosom came we all into being, is that of a Comforting Presence. Do you know that the cry which rises from the earth is for "comfort" from pain, disillusionment, loneliness, uncertainly! The Presence of the Holy Spirit is God's Answer to this Heart Call, and I - who presently wear the Name and carry the title of the Maha Chohan - am delegated to BE that Comforting Presence to ALL of Life, everywhere.

Those who choose to represent Me among the world of men must begin to be a Comforting Presence in their present environment, their own personal sphere of influence.

Until each man has learned to fill his aura with that peace, that hope, that healing, that balance, which IS COMFORT to life, so that His physical presence becomes a welcome and light bringing gift into the environment and atmosphere in which He Moves, He has no right to carry My Word to Life.

I would rather focus My Rays through a thatch roofed hut in the Heart of the Himalaya Mountains, where no human being ever sets foot, than have a Temple of Gold and Marble among the world of men, where there was persecution and unhappiness and distress. I would rather take the foot of a wounded beast from the cruel jaws of a steel trap laid by the greed of unawakened man, or mend the broken wing of a sparrow, bringing gentle comfort to Life, than speak from the housetops and cause Life to tremble in my atmosphere.

The purpose of The Bridge is to bring the comfort of life to the wounded sons of men....to their sore hearts and confused spirits, to enable them, through gentle guidance, to find the Comforter within the recesses of their own Being, requiring no mediator in form, and to be able to say, like the Master Jesus "Come unto me, all ye who labor and are heavy laden, and I will give you rest."

Those who are willing to learn the gentle art of selflessness, to lose their lives that they may gain life eternal, to work (without adulation) from within the Light, may write their names upon the Scroll at the Ceylon Retreat, and enter into the instruction which will bring them to a point where My Ray, through Them, may walk the earth in Gentle Love.

Every man has his own small orbit, his sphere of influence, into which are drawn by karmic ties and circumstances, a certain amount of life energy. This Life may be encased in human or elemental form but its very presence within his personal atmosphere is the manifest sign that it is the responsibility of the individual who PROFESSES a desire to represent the Holy Comforter to Life to LOVE THAT LIFE FREE. Until such a man has brought and sustained Comfort to the Life which he contacts in his daily and hourly experience, he has not qualified to become a Radiating Center of Cosmic Comfort to the Masses.

Some men have a larger sphere of influence than others, more lifestreams are within the compass of their daily influence. If such men would know Me and My Service to Life, let them enter into the radiance of the Holy Comforter, and - connecting with My Presence - bring Peace and Order out of Chaos - Harmony and Contentment out of dissatisfaction - Understanding and Wisdom out of Ignorance - Health and Well Being out of sickness - Supply and Plenty out of Lack - then and then alone may I walk FREELY through such men, as the God of Heaven has ever walked through His

Chosen Ones, bringing comfort to all who share the exile and the present earth plane's woes.

Every son of earth who has stood before the Karmic Board and qualified to become a Son of Heaven, was before His Ascension, a Presence of Comfort to his Fellowman. The exceptions to this rule, have been bound out to schoolrooms in the inner spheres, where they have had to learn the control of their energy until such a radiation became their PASSPORT into the Realm whose Inhabitants are dedicated to bringing and sustaining Comfort to all who "touch the hem of their garments".

The Great Lord Buddha achieved His Buddha-hood because of his burning desire to bring comfort and blessing to life. The Great Exemplar, Jesus, was and is an example of a lifestream whose essence has been blended with the Quality of the Holy Spirit....in its fullness.

Asking the pardon of Their Great Presence in this Assembly, may I ask you if you have any concept of the vibrations of the aura through which must pass those healing rays to make a blind man see....a seemingly lifeless form to rise from the dead and join again his grieving associates. WHAT exactly is conveyed Through such a Transmitter. COMFORT to the afflicted. If you cannot practice to become a Comforting Presence in the breaking of your daily bread, in the course of your every day living, can you - in good reason's name - become a Cosmic Comforter to some ten billion souls, bound so long beyond their allotted time, in the heavy karmic chains of mis-creations whose very sight would turn a sane man mad.

WHAT YOU ARE HOURLY is the Measure of WHAT YOU REPRESENT as an Outpost of Ourselves. Ah - yes, in times of Crises, it is true that the Higher Mental Body for the moment sweeps aside the outer self and performs on rare occasions feats of great heroism and merit. BUT, YOU who have been chosen to BECOME THE HIGHER MENTAL BODY ALL THE TIME, are not measured by this spasmodic acale.

You who stand here before Me do so at the request of your Own Christ Selves. Let Me remind you of something. Those Beautiful Christ Selves have waited for so many countless centuries to fulfill the God Plan through your personal egoes, that it would not be within the dictates of My Conscience to remind you of the time, the energy, the love, and thought entailed in sustaining you, as personalized and individualized beings. From among the ten billion souls who belong to this earth chain, and who are dependent upon incarnation through the earth today, YOU have been chosen to become "the first Fruits of them that slept." By your cooperation and by the manifest activities of your outer selves, will the Karmic Lords determine how great a dispensation they will give in the January Council which is not now too far ahead.

You chose to work through the Chain of the planets around our Sun, to become co-creators with the Father in His Kingdom, to learn the lessons of cause and effect through the generation and projection of energy. For countless aeons of time, you have worked under the Chohan of the Seven Rays, and your lifestreams' record is written in the Cosmic Library of the Four Maha Chohans who have successively held this Office. It is, therefore, My obligation and responsibility to life to thus address you and to tell you that you must ascend on your particular Ray to its Apex.....and become not only Lord of that Ray.....but ultimately Great Lord, which is the meaning of the title that I carry....(Maha - Great....Chohan - Lord). And as a Great Lord you must embody COMFORT TO LIFE....

Let us see now, if there are any among you, who are willing to so subjugate the personal ego, as to become such a Comforter to Life. The amount of life comforted is not so important as the motive, for when it is pure and earnest, life will

increase the sphere of influence accordingly.

As the far greater majority are receiving this address within the Etheric Body, with the exception of the few who were enabled to be with us in the flesh, I would like to EMPHASIZE that this talk is in no way to be taken as LICENSE to pamper the human appetites and demands of the flesh, but to remember the service is To God, For God, and In God's Name....with the Inner Eye ever turned toward the Source from whence ALL Comfort flows, until the aura is suffused with that Peaceful, Presence, but the Heart is "STAYED on HIM" from whence the life of the universe did first proceed and into which one day - when you have qualified as such a Comfort to Life - you shall again return.

I give you the Blessings of the Holy Spirit, whom I represent in relationship to the planet earth at this time....May you come to understand His Gift of Life, and not only abide within Its Comfortable Presence, but BECOME THAT PRESENCE, in His Name.

8/8/52

The individualized consciousness of the lifestream which dwells in the Higher Octaves is ONE with the nature and purpose of God and the thought and feeling centers of these Christ Selves are always actively engaged in creating and expanding God's Kingdom. The WILL of God is the motivating power of these Beings and the divine ideas from the great First Cause flow through them continually without opposition. Thus, the perfection of the Godhead is clothed by the thought, animated by the feeling and externalized through the obedient will of these Intelligent Foci or Christ Expressions of the ONE God.

As the far greater majority of the Higher Mental Bodies or Christ Selves of the humanity of earth dwell within the Fourth Sphere and activate the Universal Life Substance of that Sphere by their constant creative endeavor, you will see how tremendously charged with the perfection and beauty of God's Divine Plan this Fourth Sphere is.

The great activity of this year (1952) is centered in the forming of a bridge, which will connect the thought and feeling centers of the Higher Mental Bodies with those of the outer egos who represent them in the world of form and lower over the bridge thus formed the beauty and perfection of the Higher Realm. Let me here remind each incarnated ego that his or her Christ Self has been actively engaged for untold centuries in creating and externalizing such beauty and perfection as the earth has not dreamed of and but awaits the connection with the lower part of Itself to lower it into the physical appearance world. It is, therefore, expedient, for the individual's outer self to earnestly contemplate the nature and activities of his own Christ Self in gentle and humble adoration in order that the Christ Self may, through him, externalize in this lower octave not only the beauty and perfection that is its natural expression in the higher realm, but also its actual nature of Godliness.

At the time the earth became a habitable planet, the lifestreams that were destined to fulfill their Divine Plan upon it were drawn into the Fourth Sphere and here they have remained, directing their activities through the personalized egos who represent them in the world of form. The earth is the fourth planet in our system and the Christ Selves within the Fourth Sphere have a natural complement with the number four which enables them to vibrate harmoniously with the people of earth. Within this Fourth Sphere came the Higher Mental Bodies of the first inhabitants of the earth. Here also dwell the Christ Selves of those who have not achieved their liberation with their respective chains, as well as the Higher Mental Bodies of the Guardian Members of the race who have volunteered to incarnate in order to protect, guide, teach and evolve the young spirits embarking on their journey through form.

The Great Hierarch of the Fourth Sphere then became the guardian for the entire planetary development, working not only with the Higher Mental Bodies, but also with the physical egos, endeavoring in every way possible to keep the connection open between the Fourth Sphere and the world of form. For this reason He has been known as the Keeper of the Bridge or the Bridge Builder for those who, consciously or unconsciously have destroyed the stancions which held their bridge as an unbroken span between the world of Divine Mind and Will and their outer activites.

The full perfection of God's Divine Will for the earth has been drawn into the atmosphere of the Fourth Sphere and the Christ Selves of the race are perpetually bathed in its effulgence, each one drawing into itself as much or as little as it can grasp of the Father's design. In the same manner the people of earth live within the etheric design and perfection of the world of form, each man interpreting as much or as little of it as he can grasp - the rest remaining in its subtle form until some individual incarnates who can draw it into expression. However, the

Higher Mental Bodies have already externalized a vast amount of God's Perfection through their centuries of endeavor and this is already a palpable, living experience in the Fourth Sphere. It is, therefore, the responsibility of the outer self to find out now what its own Higher Mental Body has been engaged in drawing forth and externalizing from the Universal Substance and then, opening himself gently to Its directive influence, become like a faucet through which this perfection might flow without stress, strain or struggle, thus lowering into the world of form the result of Its centuries and centuries of creative endeavor on behalf of the God Plan.

As one planet at a time becomes the focal point for the unfoldment of the evolution of their chain, so one of the Seven Spheres becomes the focal point for the inner activities which form the motivation for the God Plan and manifestation upon the planet in question. And, although the outer spheres contribute to the unbroken symphony of externalized perfection, the predominant responibility lies within the sphere whose number is a complement to the planet which is the evolutionary theatre of the Cosmic Hour. Hence the Fourth Sphere and the Planet Earth, whose number is four, form the center of activites of our system at the present time.

All those beings who achieved their full mastery on the first three planets dwell within the three first spheres of consciousness, and the members of our chain who yet remain in their virgin innocence and have not been called forth into incarnation but whose destiny is to unfold on the Fifth, Sixth and Seventh Planets of our system, dwell for the most part in a state of bliss and innocence in the Fifth, Sixth and Seventh Spheres. They do not become active workers through the creative faculties of their thought and feeling centers until the planet which is to cradle them signifies its readiness to sustain an outpost of themselves as personalized egos. They live now in the radiance of the Universal Light and enjoy and absorb the qualities of the Godhead, but are not put to any specific task, nor do they build the momentum of individual powers and talents until this later period.

In the Fourth Sphere, however, the Higher Mental Bodies of the people of earth became active workers in the Kingdom at the time the planet became habitable and a personalized ego was projected forth from them into the world of form. Each Christ Self became interested in and dedicated Itself to become some faucet of God Expression and has lived through all the countless centuries of time since then, using their energy in developing perfection along this particular line, which forms the full gathered cosmic momentum of the lifestream and which is its individual self-conscious gift to the planet earth and which can only be externalized through the outer personal self which it has sustained since the beginning of recorded time to be just such a channel for its expression. You will see therefore the responsibility and the obligation of the outer self to contact that Christ Self in its own Sphere and find out what activity has engaged the life energy of that Self through the centuries and so become without further delay the channel through which It may pour Its perfection.

The whole crux and meaning of this Expanded Activity is to find ways and means by which the outer self may turn in, contact its Higher Mental Body consciously and open the doors and windows of its soul to this Divine Self, thereby fulfilling God's Divine Plan for the earth and its people without further delay or interference, saying with the Master Jesus- "To this end was I born, for this purpose came I into the world that the glory of God may be made manifest".

Blessings and Love,

When the Physical Sun directed the Flame into the Universal Light and, with the Elohimic Builders, created the planets of our chain, certain Beings of a superior order and development, volunteered to come, and at the direction of the Parent Sun, become the Guardians and Teachers of the Races which were to develop into God Beings in the course of the Cosmic Day.

As each planet became the focal point for the evolution of a portion of the life-streams drawn forth by our Sun, these Guardian Beings entered into the atmosphere of the planet presently active and, through the radiation of Their Love, the Power of Their Light and the Gifts of Their Wisdom, enabled the younger spirits to attain God maturity.

When the earth became the scene of greatest activity in our solar system, these Beings moved into her Sphere of Influence and formed the spiritual stimulus which became the very atmosphere of the first Golden Age of Perfection, Innocence and Peace.

The effulgence of Their Bodies and Their very proximity to the peoples of these early ages made it a most easy process to complete their evolution; but the Cosmic Law required that, as soon as possible, a Spiritual Order be evolved from this child-like race, who would be the teachers and guardians of their own people, thus enabling the Cosmic Exiles to return to the natural sphere of Their Own Activity and Light.

It was the Will of God that a Brotherhood be formed from those very lifestreams who had so long lived within the radiance and blessing of their elder brothers and sisters from the other planetary chains, but for some reason or other, no life-stream who had its inception through the earth planet seemed to pick up this vibration; but all lived on in a state of happy innocence, completing their round of evolution and gaining the ascension without contributing in any manner to the succeeding races. Then on Mu and Atlantis the newly-drawn forth spiritual egos descended further into matter by breaking the Law of Harmony, Beauty and Love. At this time the Sun of the System was called before the Parent Sun and the earth was to be written off as an imperfect and useless experiment.

Sanat Kumara and the Beloved Beings on Venus interceded on behalf of the earth and its evolving mankind and offered to enter into the orbit of the earth, its atmosphere and its peoples' karma, with the sole purpose and intent of creating from among the human race itself, a Governing Council and Directive Body composed of the voluntary members of the race, who would interest and increase its member-ship by the exertion of their own initiative. Thus, Sanat Kumara's first service to life, after His entrance into the earth's atmosphere, was to set up the skeleton of this Spiritual Order which is known in the world to-day as "The Great White Brotherhood." Of course there was none of the human race a member; it was composed entirely of these same Guardian Beings - the Archangels and the Devic Hosts.

Bulletin No. 12 - - - 2

The tremendous impetus of Sanat Kumara's Love and the magnetic pull of His Heart Flame were all that He had to work with in stirring the souls of men and drawing - not by force nor argument but by the invisible and yet resistless power of His Love - the sleeping Spiritual senses of some members of the race. It was an entirely impersonal activity in which He engaged for many centuries, and neither He nor those who worked with Him allowed themselves to designate any potential lifestream as a potential, giving the opportunity to respond equally to each soul.

As you know, the first two souls to so respond were the Beings presently known as the Lord Buddha and the Lord Maitreya, and from this small beginning the Great White Brotherhood has grown in strength and numbers through the centuries until almost all of the Cosmic Guardians and Spiritual Protectors have had their places filled by the dedicated men and women of the human race; and even the Office of Sanat Kumara will soon be assumed so that He, too, may return to His Own Cosmic Home.

The Great White Brotherhood to-day works on the same premise and with the same powers of Magnetic Love and Impersonal Benediction, and the response of the spirit and soul from within itself is the only passport into active membership.

Those who represent the Brotherhood in the world of men may take example from its Cosmic Founder and its Members and, becoming such a magnetic power of Love Divine, they will find drawn to them those whom the Father has called and who will remain - not because of personal allegiance but because of the affinity of the soul light with the Spiritual Essence which is the Brotherhood's nature in the Universe.

It is found within the wisdom of the Great Cosmic Law to draw to the attention of mankind the particular significance and Cosmic import of Mount Meru in the evolution of our planet and its people.

Throughout all the religions that have been faucets through which to draw or dispense Cosmic Truths, reference has been made again and again to the "Mystic Mount of Attainment" which represents the apex of spiritual evolution, both with regard to the individual and the race as well. This Mount of Attainment is one of the ancient sanctuaries or retreats in the heart of the Andes Mountains, and is presently the hope of the Ascended Master Brotherhood, for as many members of the human race as have chosen to respond to the magnetic pull of Its Spiritual currents at thistime.

When the Sun of our System delegated the power and authority to create a planet to the Elohim, the Masculine and Feminine Aspect of the Elohimic Builders directed from Their Heart the two rays which, joined together, formed the permanent atom for the earth. For the purpose of illustration, the picture of the old-fashioned ice tongs, as used by Saint Germain, is practical; the prongs entering the earth's surface, one on each side of the globe. The magnetic power within the Unfed Flame then drew the universal life substance into the cradle formed by these convex rays. As the life and pattern of the parents flow into the form of the infant, so does the spiritual design of the planet flow through these rays from the Heart of the Elohim, and these rays form the most intense focus of Light for the planet earth. The masculine ray enters the earth in Asia, in the neighborhood of Shamballa, and the feminine ray at almost the exact opposite side, through Mount Meru, in the neighborhood of Lake Titicaca.

Both the oral and written expression of Truth, up to the present time, are predominantly masculine in their expression, in their beauty and in their presentation, with very few exceptions.

The Masculine Ray focused in Asia was the spiritual stimuli for all evolutionary progress of God-unfoldment and It has been the magnet which has drawn the seeker for Life and Light into those Eastern countries from the very beginning of unrecorded time. Each such an one entering within the aura of that Ray took some of its vital essence into his own being and, in the course of the centuries, thousands of lifestreams have ascended from within its sphere of influence. This accounts for the fact that the East has always been the fount of spiritual knowledge, and the natural radiation of Tibet, China and India has been conducive to the unfoldment of any spiritual quality within the individual.

Mount Meru Retreat - - - 2

All the individuals who have attained the ascension through the Feminine Aspect - such as Qwan Yin and Mary (the Mother of Jesus) - were drawn within this Ray at Mount Meru, and received Their inner training under the Brotherhood Who have guarded this Ray until this hour.

Whereas the Masculine Ray has expanded its greatest powers and given the full stimulus of its potency in the fullness of its gifts, the tremendous heritage of the Feminine Ray is only now beginning to be felt in its subtlety by the elect, who are more sensitive to the changing currents at inner levels, and their response in their finer bodies to the magnetic pull of its Attainment in the control and sublimation of the feeling nature.

While the vibratory action of the Feminine Aspect of Meru is yet such a subtle activity that it is not apparent to the outer consciousness of the majority of students, it will increase in its irresistible force and be a tremendous assistance in the blanketing of the individual emotional nature as a Peace Commanding Presence, which will enable them much more easily to become master of their own feeling world.

Those who are conscious of the service of the God Meru and of the service of the Ray which is focused within His Retreat, may mark the effect in their own feeling world, if they direct their attention into the sphere of influence of this Retreat, particularly within this present thirty-day period (August 15 to September 14, inclusive).

The heart center of the Universe which mankind has chosen to call "God" and which has been designated by the later organizations of spiritual thought, as "The Great Central Sun" is literally, practically and absolutely the Source of each individual soul who must attain mastery over the individual energy which forms his heart-beat and his life essence.

In the endowment by the God-Parent of the motivating power of Light, every individual focus of that Light is given the opportunity of learning the power that is within Light, and the possibility of training his thought and feeling centers to mould that Light into whatsoever form his free-will shall indicate.

Men use their Light to create automobiles and contrivances of every kind and description, all the time; others use their Light to compose music or the substance of art and literature, and all the particular expressions that feed the mental bodies of the people. Other men and women - recipients of the same Universal Light Substance - choose to dedicate it to the nourishment of the soul, or in the perfection of ways and means by which the bodily ailments of their fellow-men may be alleviated. Thus, through free-will, the receivers of the Substance of the Universal God, activate and concentrate this Light Essence into forms of a perfect or imperfect nature; the constructive lifestreams becoming channels for the diversified activities of the Holy Spirit when the produce of their free-will choice enriches the Universe to which they belong.

The small number who have responded to the vibration of the Seventh Ray are desirous of utilizing their life energies under the direction of Its Mighty Chohan, to relegate evil to its native nothingness and to create conditions under which the race may unfold its God-Pattern without pressure of sickness, limitation, unhappiness and distress of every kind.

These individuals, through the stream of electronic Light which is their heart-beat, form conductors for the spiritual energies and powers that pulsate within the inner realms, requiring but an instrument for expression, with no more mystic evocation than is employed by the mechanical radio or television which contacts, draws in and condenses the ever-present vibrations consciously emitted by transmitting centers for the entertainment, education and enjoyment of those who voluntarily desire to participate and connect with such activities.

These spiritual conductors, through the use of their light, direct the one-pointed focus of their energy into the dissolution of the causes of evil and, at the same time, through the trained control of their mental and feeling natures, create new forms which are the patterns of future perfection. This is the work of the Seventh Ray and Its Great Lord, Saint Germain; and wheresoever upon the planet earth there can be found those who - freely, happily, intelligently, consecutively and fearlessly desire to become a part of this great Activity - to these lifestreams WE COME.

The Ascended Masters are individuals who have utilized their Light in behalf of the Universal Good and They radiate Their Blessings to the entire human race, with the same impersonal devotion that the Sun in its shining expresses; but They can

only become "Way-showers" to the Sons of Men who are inclined to join their energies with the purpose and plan of the Brothers.

To this end we have endeavored to bring forth a printed publication by which the design and plan of the Brothers might reach into the minds and hearts of men, but no man is required to read it or to abide within the wisdom of its counsel, even as no man is required to become a Master of the Law of Mathematics, a linguist or a danseur, or achieve the ultimate perfection in any other line.

Through our printed word we are reaching out to those who do so desire, for they, each one, will become the embodied Presence of the Chohan of the Seventh Ray, and when the life energies of the less fortunate return for redemption and they desire a way and means to extricate themselves from the living force which they have by free will drawn from the Heart of God, stamped it with their human imperfection and imposed it upon the universe, the Masters will have - not one - but many, ready to teach them the Way of Life.

The activity of the Retreat at Lake Titicaca wherein the concentrated God Power was established through the Feminine Ray at the inception of the Planet Earth's manifestation as a Member of our Solar System, drew a response from mankind that was beyond the hope and expectation of the Brotherhood. As this Ray represents the Feeling Nature of God and embodies within itself the qualities which are the Manifest Garment of the Godhead, every lifestream which was drawn within the compass of Its Radiation began to absorb, either consciously or unconsciously, the very Nature of God while within Its Spiritual Aura.

As the aspirant who once looks upon the Master's Presence, becomes aware of the Divine Pattern which he, himself, must one day fulfill, so were the mankind of earth deeply imbued with the Nature of Godliness by which they might measure their outer selves in all future contact how true and accurate the presentation of Truth might be through those purporting to be the Messengers and Directors that carry the Light to the people. Once an individual has been bathed in the Aura of the Master or stood in the Sacred Aura of the Godhead Himself, there is no external mental force or human persuasion that can deceive his heart consciousness, when an individual masquerading as the God Nature and yet not expressing a like or complementary vibration, presents a certain aspect of so-called Truth for his acceptance.

For thirty days while the Great Retreat of the God Meru was open to the members of the race, out of three and a half to four billion people presently incarnate, over three billion attended at least once, and well over ten million people were present nightly. Here they saw and felt the Aura of the Godhead, which is the natural atmosphere of the Holy Mountain and entered into Its Sanctified Presence finding the peace and ease which comes only through abiding 'within the Secret Place of the Most High.'

Here, Night after night, Beautiful and Perfect Beings addressed the multitude and in their embodied grace and intense love they manifested the inner but palpable God Nature through Perfected Form.

This was done with the purpose of impressing the attending souls with the reality of the God-like Love and Perfection of the Master to a point wherein 'sham' would be as evident as the difference between Gabriel's Horn and a tin trumpet.

It will be understood that among the billions who are drawn by the Love Magnet into the Aura of the Holy Mountain, those who were consciously present in their awakened senses numbered only in the thousands, but those witnessed such a profession of Perfection of the God Nature night after night as has not been seen in the world of form since the curtain fell on the last Golden Age.

We are determined that man shall no longer be deceived in the representation of the God Power and God Nature through any finiteform and at this Council it was voted amongst other things that every seeking soul be taken once in every twenty-four hour period into the actual Breathing, Ascended Master Presence of some Perfected Being and, literally sitting at the feet of the Master learn first hand what a God-perfect Individual is in Nature, in Manifestation, in Purpose and in Action.

To render this service it was required that an individual Being volunteer to accept the responsibility of taking the consciousness during sleep to such a Perfect Master Presence, and here the Angelic Host under the direction of the Archangel Michael made this voluntary dedication, and no individual who is sincerely seeking the Truth, no matter what the avenue of his endeavor may be, shall miss this experience once in the twenty-four hour period.

It is impossible, therefore, to continue to veil Truth because through proximity and pressure of feeling, sooner or later, every manifest man measured against the Christ Perfection of the Divine Order of God Beings, will reveal his professed representation of the God Nature.

The Lords of Karma will meet at Luxor every seventh night during the thirty day period just begun and at least three of THEM will be in constant attendance to pass upon Dispensations and Grants which cannot await the coming of the Half-yearly Conclave.

The opening of the Great Retreat at Luxor for the first time to the consciousness of mankind as a whole was an event that will not be forgotten by any of Us who were privileged to witness it. Because Serapis holds the Office of Presiding Master for the Year 1952, the greatest outpouring of the twelve-month takes place within this thirty day period. For several weeks before the Retreat was opened, the Brotherhood of Luxor prepared diligently for those Guests who would come, not only from our system of worlds, but from sister systems and galaxies as well.

The Sphere of Influence of each Retreat on the planet forms a very beautiful sight when seen with the inner eye. The Retreat Itself forms the Flaming Heart Center and the concentric rings of living Light that flow forth from it make it look like a veritable sun against the dark background of the earth. The quality of the service determines the color and the radiation takes on the sound of a most exquisite melody, altogether making it not only a joy to behold but to contemplate as well. If it were not for these Retreats the mankind of earth could not have maintained their physical bodies due to the effluvia of their human creation. The number of members and residing Brothers of each Retreat, the length of time it has been established and the momentum gathered through each member's invocation and devotion determine the size of its Sphere of Influence, so that the inner picture of each Retreat shows a great variation in size, color and cosmic tone, but all work together in perfect harmony, making a cosmic picture of exquisite harmony.

When the pattern for the year is given by The Silent Watcher to Sanat Kumara, it is His responsibility to say what Retreats can best furnish the best Spiritual impetus which will help the individual soul to co-operate with the Divine Plan in externalizing that pattern.

From His Cosmic Consciousness Sanat Kumara observes the revolving earth and against its darkness sees the various Retreats pouring out Their color, song and influence and then, like a Master Musician, pulling out the stops on a cosmic organ, He mutes the radiation from one and emphasizes that of another according to the need of the moment. Thus the radiation from the various Retreats becomes a symphony in the Mind of The Lord of the World long before it is played, with the difference that each Retreat (instead of being an unconscious note played by a will outside of itself) becomes a voluntary self-conscious contribution to the Divine Symphony. Once He has designed the pattern for the twelve month, Sanat Kumara leaves it up to the Hierarch of each Retreat to provide the maximum outpouring by the enlisting of whatever voluntary energy He can secure from the people of earth as well as from the active members of the Retreat.

At the close of the January Council the Brotherhood of Luxor became the voluntary sponsors for the two thousand lifestreams who were given the first Grant by the Messenger from the Sun and later to the two hundred thousand chosen in July and They took it upon themselves to open up some of their Council Rooms to give nightly instruction to these lifestreams. This was a very difficult assignment because the membership of this Retreat is much smaller than the others on account of the rigorous discipline imposed on them due to the nature of Its work.

When the Council moved from Mount Meru to Luxor on the night of the 14th of September, the Lord Maitreya transferred the Directed Ray to the latter Retreat, thus making Luxor the Focus of Light which draws the consciousness of men during this thirty day period. This caused its natural Sphere of Influence to expand as far south as the Cape of Good Hope in Africa, Eastward to India, Northward to include the Norwegian Peninsula and a goodly portion of Russia and Westward not

as far as the continental United States. If we had had a Directive Center along the European Seacoast we could have carried the radiation across the Atlantic. However, the Blessing and Power of the Retreat is very active over that portion of the earth's surface which stands badly in need of spiritual radiation today. As we still have two weeks in Luxor, we hope, by enlisting the service of more lifestreams to increase Its Sphere of Influence to cover the remaining surface of our planet.

When some lifestream draws forth enough of the Sacred Fire stamped with a certain quality to warrant the establishment of a permanent Retreat for Its Radiation, He draws toward him certain lifestreams imbued with the same desire and quality of radiation and these egos reincarnate again and again, feeding their life energies into that particular focus, thus increasing the Sphere of Influence of such a Retreat or Sanctuary. When the Cosmic Law, through Sanat Kumara, notifies the Hierarch of such a Focus that he will be given the opportunity to serve a World Cause through intensifying the Radiation of His particular Retreat, every lifestream who has ever contributed his energy to that particular Quality is notified at inner levels and he is given the opportunity to contribute his energies as powerfully as possible to push the Sphere of Influence of that Sanctuary outward as far as their united efforts can, to bathe both mankind and nature with its beneficent radiation. Most people upon hearing of the opening of a Retreat are delighted at the thought of attending, but when they are apprised of the idea that they may become contributing factors to the widening of its Sphere of Influence the importance of their service through their attendance and presence cannot be over emphasized. Besides the general momentum of the Retreat, when the Cosmic Law gave the Grant that the consciousness of mankind be made acquainted with the activities from month to month, the Cosmic Impetus of a Directed Ray from Sanat Kumara through His Representative Lord Maitreya was added to the momentum of each Retreat and this becomes a permanent Gift which is not withdrawn when the succeeding month brings a new outpouring. You will see then how much is accomplished between the co-operative efforts of Ascended and Unascended Beings.

First: The Retreat and Its Members are permanently benefitted by an expansion of Light through a Directed Ray from the Sun.

Second: An intensification of the size of the Sphere of Influence bathes a much greater portion of the planet in Its specific gifts and powers than would ordinarily be possible.

Third: The drawing of the attention of mankind to the Retreat through the magnetic pull of that Ray enables the inner bodies of millions to experience the necessary stimulus of the Spiritual Appetites which will work their way through the outer consciousness.

Fourth: The chelas and earnest individuals have an open door by which their faculties, powers and free-will cooperation may tangibly forward the Divine Plan, which formerly had been closed to them by reason of the veil of their own human creation, a corner of which has been drawn aside through the Mercy and Love of The Holy Spirit.

Blessings and Love,

THOMAS PRINTZ' PRIVATE BULLETIN. 9/28/52 No. 17.

COURTESY OF THE BRIDGE. Apartado 2056, Havana, Cuba.

The activity which will form the final state of man's expression upon the earth being the development of the Holy Spirit within themselves, the Master Serapis invited Me to speak at Luxor before the Assembly, on the nature of the Holy Comforter, and it gives Me pleasure to record herein excerpts of My address.

When the God-Parents of our System directed the preparation of a habitable abode to be the cradle for the evolution of certain self-conscious intelligences, one of the first of Their spiritual services was to invite from the Higher Octaves a Representative expressing the full nature of the developed Godhead, who would be a Comforting Presence to the life about to embark on their journey to Spiritual Maturity.

This Being, voluntarily entering the aura of the Sun, was vested with the Cloak of the Cosmic Holy Spirit and accepted the responsibility of providing and sustaining the Presence of Comfort, no matter how far the lifestreams might withdraw themselves from the understanding of the nature of God. This Office has been held successively by different individuals, and at present is within My keeping. It will one day be given to another Intelligence who is qualified to accept and sustain God's Comfort to His creation.

It is difficult to describe in a few words the diversified activities that lie within the responsibility of the Holy Spirit and how the avenues of my service seem to be less one-pointed than other facets of the God Nature.

At the same Cosmic Moment that the God-Parents within the Sun gave the Elohim directions to create a habitable globe for a future humanity, the Holy Spirit was charged with the responsibility of doing everything within His Power and Capacity to make the advent and sustenance of self-conscious life upon it a happy and harmonious one.

It was the Holy Spirit who invoked the Beings of the Air through their Great Cosmic Director, Aries, to form a localized atmosphere and to soften the radiation of the Sun so that It may not be too powerful for men's vehicles.

It was the Holy Spirit who invoked Neptune and His Beings, Who represent the cleansing, purifying and energizing qualities of water, in which the body of the earth might float, thus preventing the jarring activity of a solid mass.

It was the Holy Spirit who drew forth the Spirit of Virgo, and the Beings of the earth, to create a platform upon which mankind could act out the theme of their evolutionary experience; and it was the Holy Spirit Who invoked the Builders of Form by which the Spirits of Nature might provide food and clothing for men's bodies. This is why the Office of the Maha Chohan is the supervising authority over all Nature's Kingdoms.

It was the Holy Spirit who, in cooperation with the Sun, created a mantle composed of the bodies of Cherubic and Seraphic Beings, through whose bodies might pass only as much of the Cosmic Fire as the evolving mankind could absorb with

safety. This was all accomplished before the advent of Lord Michael and the Lord Manu and the spirits who voluntarily signified their willingness to enter the evolutionary experience by which they might come to God Maturity, radiating in their turn the same unselfish love and comfort that was expended so lavishly on their own lifestreams.

As we know, the Cosmic Service of the Father-Mother God is diversified through the Seven Great Rays, the First and Second representing the Activities of the First and Second Persons of the Holy Trinity; the remaining Five Rays coming under the jurisdiction of the Third Person, or the Holy Spirit, known as The Maha Chohan, which office I presently hold. The individuals at the Head of these Seven Great Rays are known as The Chohans of the Rays.

When the planet earth was made as comfortable as possible, and the First Golden Age was spread across its face like a beautiful smile of welcome to the newly come sons of men, the specific service of the Holy Spirit began. For this purpose He created the Five Great Rays whose activities would cover every portion of evolving life in His charge. At the Head of each Ray He placed a Responsible Intelligence who was already fully acquainted with the needs of that portion of life which It was to serve.

The Office of the Chohan of the Third Ray represents Myself, to the five faucets of force, just as the physical Sun represents the Dispenser of the Powers of the Great Central Sun; and in the ordinary course of evolution, the One holding the office of the Chohan of the Third Ray will become in time the Maha Chohan of the future - even as the Chohan of the First Ray is the Lieutenant of the Manu, and the Chohan of the Second Ray, the Lieutenant of the Cosmic Christ. The office of the Chohan of the Third Ray is presently held by the Being known as "The Venetian Master" and His service to life will be made abundantly manifest in the near future. The interpretation of the Will of the Holy Spiritis the office of this Ray, and He is the consultant for all the expressions of perfection that manifest along the other Rays. The comfort that comes through Beauty, Music and Art flows along the Fourth Ray; the comfort that comes from the restoration of minds and bodies of people through harmony and health, comes under the jurisdiction of the Fifth Ray. The correlation of the scientific findings of the day with the Spiritual Truths of Life also come under the office of this Ray. The Comfort of men's souls, the peace to their hearts and their Faith in God is the expression of the Sixth Ray. The bringing of Freedom to the hearts of men, in order that the Life Flame may expand to its fullest glory and become the God-Nature in its entirety, is the Gift and Service of the Seventh Ray.

These are all services of Comfort to Life and all expressions of the Cosmic Activity of the Holy Spirit under whatever Being is Maha Chohan of the Age.

We are entering the Age when the Divine Edict has declared that the lifebeat of every human heart must create and sustain an individual aura of comfort to all the life around him. It is the Age when the Holy Spirit becomes the natural estate of every man through self-control and understanding.

When the evolving spirits first came to earth, the Father-Mother God sent with them an exquisitely beautiful Being who embodied the full nature of Himself. This was the Divine Example of what all could and would become. He was known as The Manu, and remained with the people of the First Golden Age until a Son from

the group developed and matured and became His natural Successor through the externalization of His own Christhood. When this was achieved, the Lord Manu invested this Son with His Power; He placed upon his shoulders the Robe of Authority, in his hand the Sceptre of Dominion and, kissing his brow, the Manu returned Home, leaving the rulership of His People to the "First Born" in Spiritual Nature. Owing to the Fall of Man, the Manus of the Fourth, Fifth, Sixth and Seventh races are still engaged in an endeavor to bring Their respective people to full Christhood, and this accounts for the overcrowding of the planet at the present time, as well as its strained axis and its turbulent aura.

Because the Cosmic Hour has run out, the Manus are responsible, for not only one Christ but a complete series of Christs. Therefore, it is required that every man BE a Comforting Presence and a Holy Spirit to Life! Let every man make his earnest call to the Father, Son and Holy Spirit, that he may attain his natural God-Estate while there is yet time.

Blessings and Love,

When an Individual Intelligence signfies to the Source of Life that He desires to become a Self Conscious Radiating Center through which the Godhead may focus more than ordinary powers, gifts and activities of the Sacred Fire, such an Intelligent Being, when accepted, becomes an outpost of Divinity, extending the Sphere of Influence of the Center of God Intelligence in his particular universe.

In such a manner, does the Central Sun of our system endow Cosmic Beings with the magnetic and radiating Powers which enable Them to form and sustain the lesser suns of the galaxy, and to create and nourish the planets and satellites which form a system of worlds.

From the Heart of the Central Sun of a system, down to the smallest atom, We see the precision of the circular rhythm of life. The Cosmic Love of the Central Sun Intelligences draws exquisite Cosmic Beings who form the INNER CIRCLE of The GODHEAD. Their service is to absorb the Divine Perfection, the Sacred Fire, the God Qualities of the Father-Mother God and, by the power of their own life flame, expand these gifts into the Universe. They condense the glory of the Godhead, mercifully stepping down Its Tremendous Light and Power so that it can be enjoyed by those beings who have not yet evolved to a point where they might stand in Its Unveiled Radiant Aura, This Inner Circle nourishes and protects the Heart of God by the outpouring of Love and Light, consciously generated from within the Individual Heart Flame of the Cosmic Guard around "The Throne" of the Most High! Thus in giving, They receive, and in receiving they are increased in the power and capacity to give!

Each sun that is sent forth from the Central Sun in like manner steps down the light and power of the Central Sun and radiates the gifts and powers of the Central Sun through the Inner Circle of Cosmic Beings who form the Aura of the Sun Itself. These Beings are the Messengers of the Most High to the planets belonging to that sun and all life evolving thereon. You will see that the activity of the Inner Circle adopted by The Great White Brotherhood is patterned after the design of the Universe itself.

When an individual on the planet earth has expanded his light to a point where more than ordinary power can be safely focused through him, the Lord of the World is immediately advised of the fact by the Christ Self of the individual and the Sponsor from the Ascended Host of Light who has taken the responsibility for assisting such an one to the expansion of his light. If the lifestream is found pure enough and balanced enough to become an outpost of the more than ordinary powers, gifts and activities of the Godhead and Its Representative Organization for the planet earth, The Great White Brotherhood, such an one is invested with specific magnetic currents which will draw toward the individual lifestreams who can work in harmony with such an one and form the Mystic Circle around which a localized, national or international expansion of light will take place.

As the steel magnet unerringly attracts the particles of steel toward it, but has no effect whatsoever on other types of so called matter, so do the lifestreams of those who are ordained to be the Heart Center of a specific activity draw

complementary heart flames which can respond to the magnetic pull of their vibrations and others will be totally unaffected by this subtle centripetal force.

In the case of Great Cosmic Messengers, like Guatama Buddha and Jesus, you will remember how the Master would greet a newly come expected one with the words "I have waited long for thee," The Master knowing full well that the magnetic power of Cosmic Love would - in God's good time - draw those specifically dedicated individuals who were to become the Inner Circle, the Radiating Center, the Hands and Feet of Their Lord, by which His Message and His Word might be stepped down to reach the lesser sons of men.

In forming the Inner Circle for the expansion of this Light, wherever an individual is fired with the desire to become a focus for the added power and responsibility, there will be drawn around that lifestream those individuals who choose to beome a localized order, radiating from the Central Circle which respresents The Sun (The "I AM" God Presence and the Masters), surrounded by the Messengers and Their Disciples who, in turn, carry Their Love, Light and Understanding to the local groups (the planets of the spiritual organism) and the local groups in turn nourishing and developing the mankind cradled in their aura.

The Spiritual Vibrations for the expansion of Light through The Bridge will draw specifically prepared lifestreams who will respond joyously to the magnetic pull of God's Love. They will become outposts of This Particular Outpouring which will in no way interfere with the "light from many candles" that are already burning on the altars of the world. As I have said repeatedly, the light of even one penny candle increases the light of the Sun, and We must rejoice in each such individual or group as he chooses so to shine, each according to his light, his understanding, and his capacity at present. For those who can respond to my vibration, I AM grateful indeed.

Blessings and Love,

In the endeavor to bring the consciousness of the Holy Spirit into active radiation through the energy of the individual lifestream, I shall again and again stress the great need which arises from the life imprisoned in the shadows for the Comfort which comes alone from the Presence of God.

Comfort is not the negative condonement of imperfect patterns of thought, feeling and action, but it is the positive, kindly, encouraging, enlightening consciousness conveyed by thought, word and feeling, by which the enshadowed one may self-consciously co-operate with the irrefutable and impersonal laws of Love, Harmony, Purity and Perfection, whose causative centers will yield in effects only Peace.

Comfort, like every other quality of the Godhead, is interpreted by each man according to his place upon the Path. To some it means no more than to lie in a bed of ease, freed from the necessity and responsibility of sustaining the body's life. To another, it is embodied in the presence of a loved one; to still another, an occupation of delight to the natural talent of the soul for the essence of comfort received.

In examination of the consciousness we will find that like happiness and peace, mankind and students as well will find that the motivating power within their search for comfort lies within what they can get out of association with God, Master, man or beast. But the Mystic Law of the Universal works upon the principle that the self-conscious intelligence must give of itself the first impulse carrying the vibration of the Quality that he desires on the return current to receive.... A smile begets a smile, and a frown, a frown. A man must be a friend to have a friend. He must give up one breath to receive another.

It is therefore My express and deep, heartfelt desire to help you, individually, to comprehend the Peace which you can enjoy when you become a Comforting Presence to life. For then will you experience the active return of comfort through every externalized form, the invisible ethers and the great Beings who have forgone the glories of the Higher Spheres to remain the Comforting Presence by which mankind can sustain their life and progress in a world, whose aura is so heavily charged with shadow that it would not be possible even for the elemental kingdom to sustain a physical garment through which the Life Flame might find expression, were it not for Their Presence in this universe.

When you call to your own Great God-Self, and to Me, for the FEELING and desire to be a comfort to life, you will find opened within the realms of your own consciousness a new attitude toward the life around you, and that which has seemed a battle for survival will become a joy...each day fraught with new opportunities to feel your reason for being, in externalizing Comfort to life.

Blessings and Love,

MAHA CHOHAN.

When the Elohim signified to the Sun of our System that the Planet Earth was ready for the habitation of those Lifestreams whom the God Parents would choose to send forth, the Great Being Who had taken the responsibility of creating and sustaining a system of worlds, called forth a number of spiritual egos who were to form the first group to incarnate upon the planet. The mercy and love of the God-Parents, foreseeing the details required to manifest the Kingdom of Heaven through the mankind about to incarnate, divided this group of spiritual pilgrims into seven distinct classes, whose co-operative endeavors would most quickly fulfill the God Plan for the planet earth.

Then before the throne of the Eternal Father-Mother were called the Children of the First Ray, and to them were given the plan and the vision held in the Mind of these God-Parents and the Will of the Father, for the expression of the great perfection that was to be called forth in all of the Seven Avenues of Service.

The Children of the Second Ray were next called before the Throne and they were vested with the responsibility of becoming the Teachers and Educators of the race, and they were charged with the task of developing the God Nature through instruction, explanation and example.

The Children of the Third Ray, in their turn, were vested with the power and responsibility of keeping and sustaining Peace through a perfect understanding of the purpose and design of the destiny of each of the Seven Rays, and the gifts each one was to contribute for the good of the whole.

The Children of the Fourth Ray were shown the exquisite perfection that was to be drawn into manifestation in co-operation with the Builders of Form through music, art, literature, architecture, and so on, and they were vested with the power and responsibility to create the perfect designs of the Kingdom of Heaven through the substance of the Third Dimensional World.

The group drawn before the Father who were to represent the Fifth Ray were given the fullest understanding of the scientific understanding of the irrefutable law that governs the atom and the universe, that they might use the principle within that law to draw toward them the required substance, as well as the co-operation necessary for the fulfillment of the God Design, and, conversely, radiate from their own creative centers whatsoever qualities were desired to further the Cause for Good.

The Children of the Sixth Ray were drawn before the Throne and vested with the power to stir the spiritual nature of mankind to devotion to the God Flame, and through the presentation of an orderly ritual, that the inhabitants of the Inner Realms - both Angelic and Divine - might quickly mature the spiritual nature of the people.

Then the Children of the Seventh Ray were called before the Throne and vested with the power to enter into the consciousness of all the peoples working under the entire Seven Rays, and drawing forth the best in each one. They were to provide a Government, an Educational System, a Universal Brotherhood and a Cultural System of Science and Religion which would represent the apex of each of the Rays, thus unifying the work of the Seven, and closing a Cycle of Time.

When the First Manu went forth, some of the children of each of the Seven Rays went with Him, but the predominant number were First Ray people. Therefore, that cycle of two thousand years emphasized the quality and nature of the First Ray, while the people of the other Six Rays, although present and performing their services as designated by the God-Parents, were in the minority.

The second two thousand year cycle emphasized the qualities and services of the Second Ray people, and so on down through the Six Rays. You will see, that as we now enter the two thousand year period which is the cycle of the Seventh Ray, that it becomes the harvesting time for the entire evolution of the Cosmic Field, and that the development of good for the past twelve thousand years in every line of endeavor must be drawn together by the Great Chohan of this Ray and the particular lifestreams who were originally created as Seventh Ray people, who performed minor parts while the other six Rays were successively active upon the planet. You have, therefore, Seventh Ray people who were among those who came forth when the First Ray was active and who have performed services connected with the Seventh Ray during the entire twelve thousand years that have passed, and you also have the newer consciousnesses who will be spiritually active for the first time under this Ray which they instinctively recognize as their own.

Because this is the closing of a fourteen thousand year cycle, the spiritual lifestreams who have achieved a momentum of good on any of the other Rays are likewise entering into the Activity of the Chohan of the Seventh Ray, bringing the harvest of their own particular development as a gift of that Ray in this final Cosmic Hour. When the individuals who choose to work for the Great Chohan of the Seventh Ray can realize and recognize that in this diversity of its nature there is no conflict, but rather a natural expression of the Sevenfold nature of the Godhead, they will joyously enter into the task of the blending of this sevenfold nature through the gifts and talents of each component part; and the Chohan of the Seventh Ray, through incorporating the nature of all the Rays, will devise and sustain a system of Ceremonial Worship in which each distinct and individual type will find full expression for its talents and the necessary impetus for his own God development and ultimate victorious accomplishment.

****

The inner spheres around the Sun, which form the aura or electronic belt, are, of course, sevenfold and in these spheres dwell the entire number of egos who were to find development on the different planets of our system, but today I have only mentioned those connected with the planet earth. You will, of course, understand that the activity in connection with the earth was duplicated on each planet as each one became habitable, and that in these inner spheres are not only those egos who are to take part in the evolution of the earth, but also those who are to form the population of the other stars and planets.

In each of the Seven Spheres dwell one of the Great Archangels and a Spiritual Being who represents the Chohan of that Sphere or Ray, but who is not of the evolution of the Sun of these planets, but rather a Volunteer from a superior system. Through the aeons of time connected with the evolution of an entire system and its planets, there were developed from among the intelligences within each sphere, certain individual Beings who qualified for the office of Chohan of each Ray, and this position has been held successively by different Beings through the centuries of time that have passed. The Office is permanent, but the Officiating Director is an Intelligence who is chosen by merit and holds the Office only until a successor is developed who can take over and allow the preceding Chohan an opportunity to progress in His service to the Universal Cause.

Because of the Cosmic Hour and the fact that the ten billion lifestreams belonging to the earth's evolution have not yet evolved a consciousness which can emit Light to meet the Cosmic Law's demand, the Spiritual and Religious organizations presently functioning on the earth today have been found wanting.

Anticipating the need for a new opportunity to release certain forces which would give that Spiritual Impetus to make every soul emit more Light, the Masters Morya and Saint Germain requested from the Sun the right to create a new channel through which the Instruction and the Spiritual Impetus might flow to meet the Cosmic Law's demand. The Higher Mental Bodies of the Race then put in a petition whereby they might throw the full weight, so to speak, of their influence into that endeavor at the January Council.

The limited Grant of the Sun to a number of Higher Mental Bodies proved so efficacious that the further Grant was given in July, and the Higher Mental Bodies, through the lifestreams who did respond to the new vibration, began with the Builders of Form (under the direction of Myself and other Members of the Ascended Host) to build an actual Spiritual Heart made up of the alert individuals who chose to offer their bodies as a cell in this living organism, which is to be truly the Spiritual Body of the Cosmic Christ for this era.

We are still in the very delicate process of creating the Heart itself. The heart cells are the most highly developed in the construction of a vehicle; the brain cells following closely in importance (although the Occult Law has delegated the supremacy to the brain cells because the mental consciousness has been predominantly emphasized up to this point). The Magnetic Power of the Master of the Universe which forms the heartbeat of this organism is drawing, by a selective process, those lifestreams who can be fitted into this great Spiritual Heart; and quality, not quantity, is the measure of this particular phase in the development of this new body.

The creation of a new spiritual organism is a most beautiful experience when approached from the aspect of the inner consciousness within which the Masters dwell. It follows almost exactly the progress which the Builders of Form use in the designing of a new physical body.

The Spiritual Movement is born when the existing organism, through which the Flame of God is endeavoring to express, no longer meets the requirements of the evolving spirits within it, and the minimum amount of spiritual force is not allowed free play through the Open Doors of such existing organism. The Planet Earth, of course, being so far behind its natural evolutionary course on the scale of life, requires a tremendous spiritual impetus to hasten its development through the expanding consciousness of its people. If existing orders after a given time are not found sufficient to supply the necessary spiritual currents which are the impetus to the raising of the souls of men, there are Cosmic Grants given for the establishment of a new spiritual organism; and some members of the Great White Brotherhood, in co-operation with their chelas, apply to the Sun of their system for the Grant required to set into motion the New Endeavor. This is what the Masters Morya and Saint Germain received from the Heart of Helios and Vesta.

Because of the Grants given to the Higher Mental Bodies of the race in January and July of this year, we have had more than ordinary assistance and very gratifying co-operation from certain lifestreams, who, by the acceptance of the opportunity afforded them, have been builded into the heart of the New Endeavor. We are still

engaged in building or creating a perfect Heart, which is the Chalice of Love, and each cell (lifestream) is being individually moulded and blended into the greatest perfection, so that when the spiritual organism begins to build around the heart, it may be fed by a strong, healthy, imperishable center; because a body with a weak heart is ineffectual. It is, therefore, my deep heartfelt petition, that each of you who have any comprehension of the present Activity, give all the power of good in your lifestream to strengthen each cell by the love, confidence, faith and nourishment which a spiritually-minded mother in the physical octave would devote to the embryonic organism which is to be the body of her infant.

At the instant when Saint Germain directed the Flame from the Heart of the Transylvanian Retreat into the hearts of the waiting Inner Circle in Philadelphia, the initial impulse of the Great Central Sun's Magnet was established through that Flame, and the lifestreams assembled there formed the nucleas of the Sacred Heart, which is yet in the process of development and purification. Other cells are being constantly prepared and will be added as soon as they are ready. The second and third meeting after this did not show much increase, but by the time the fourth pulsation of that magnetic pull was released, a goodly number of lifestreams responded, and we had an infusion of fresh spirits at the meeting in New York City on the occasion of Suva's Outpouring. While the Retreat at Suva was active, the Higher Mental Bodies of those who had accepted the Masters' Presence behind this Movement, were busily engaged preparing the outer self of each one to be ready to become part of the Heart of the Activity by the time that the Ray from Shamballa will strike the planet on the 15th of November.

It is very difficult to explain the importance of the creation of a new Spiritual Organism to the outer mind of man, but looking at it with the inner eye, you would see this beautiful pulsating Flame, which is the Masters' Gift; and each of the lifestreams who form the initial core like a pure, shining light cell - the whole forming a circular band around the Flame, drawn to it by its magnetic power, and each cell drawn to its neighbor by love. When new "cells" are added, they come in around the Central Flame and all are moulded then into the form of a great heart.

The power of the heartbeat forms the rhythm of the body. The Cosmic Body of Christ is made up of the lifestreams of every individual belonging to the race, and when the heart is composed of chosen, self-conscious, comprehending individuals, it is but a comparatively short time before the whole body is filled with Light.

The opening of the Retreat at Shamballa on the 15th of November of this year - specifically dedicated to the forwarding of the progress of the Higher Mental Bodies of the race - represents a Cosmic Moment, which is equal in importance to the Descent of Sanat Kumara from Venus. For this reason it is of Cosmic Import that the student body be in attendance in their various places of meeting when Shamballa sends forth Her First Cosmic Impulse.

Daily we are being offered new "cells" which the Builders of Form are joyously weaving into this great Cosmic Heart, and it goes without saying, the sooner it is completed the quicker it will commence its own rhythmic pulsation by which it will draw around itself the complete corporate body composed of every member of the race. This is The Cosmic Christ, the building of whose Glorious Body becomes the Activity of The New Day.

Blessings and Love,

The Office of the Holy Comforter to life embodies many diversified activities because there are so many countless ways and means of creating and sustaining Comfort. This morning we will speak of the activity of Spiritual Re-Education.

Every self-conscious, intelligent being created by God - through the use of his own thought and feeling centers - creates vibration and contributes to the motion of the energy of the universe to which he belongs.

In the early Golden Ages where the life energy flowed in agreement with the Cosmic Law of Love and Harmony, there was no such thing as discomfort, because each individual was a Comforting Presence, according to the natural law of his own being. The Office of the Holy Spirit amplified the natural harmonious vibration of each lifestream and all - because of the affinity of their own vibration with the cosmic vibration of the Holy Trinity - were imbued with the nature of the Holy Spirit.

When man began to experiment with the creation and projection of inharmonious vibrations, he set up the causes which would manifest in the effect - with discomforting results, such as sickness, limitation, separation, death, and so forth. The centuries which followed increased the tendencies to create inharmonious causes until the entire race was in travail of one kind or another, and the cry from the planet and its people for comfort became a universal petition, although its worded form was varied.

I have explained how the Realms of Nature, under the direction of the Holy Spirit, have done what they could to provide an environment conducive to the sustenance of life. To-day, I speak of the Teachers, who are the Messengers of the Great White Brotherhood, and whose endeavors are to educate the consciousness of the people so that they may become their own Comforting Presence through learning to abide within the laws of Harmony and Love, Beauty, Kindness, Tolerance, Purity and Peace. Every man must, some day, become the Comforting Presence through the energies of his own lifestream to his own physical body, his inner bodies and the forces of the elements within and without him; then to the life that is drawn into his environment through circumstances, karma or the desire to receive of the blessings of abiding within the periphery of the aura of one who has aligned himself again with the vibrations of the Cosmic Comforter through the similarity of the natural emanations of their respective vibrating centers.

The vibration of the energy in any being (human or divine) is magnetically drawn to all other beings who vibrate according to the same pattern, although the seat of the vibration and the purity of the tone and color may not be equal, because of the evolution of the Master Presences of the universe, as compared with the chelas still upon the lower rungs of the ladder of evolution. BUT, if an affinity exists in the quality of the vibration, those individuals will be contented and happy in the harmonious association, and those the Holy Spirit can work through, as in the saying - "even the least of these." However, if an individual, within the creative centers of his own thought and feeling, is sending forth vibrations of an impure nature, such an one will be uncomfortable in the presence of purity.

If he be, through the subtle ethers, directing currents of energy of a warring nature, he will find discomfort in the presence of "The Prince of Peace." But any such one, entering into the presence and power of the Master, though he may not find affinity within himself in the vibration, yet if he be sincere, he may in time pattern the vibration of his own energy after the Greater Light, and even though he

may suffer through proximity with the vibration which is not akin to his own human nature, such an one, by choosing self-consciously to expose himself to the vibrations of the Perfected Beings, will learn to emulate that vibration; and not only will he enjoy absorbing the radiation of the Master, but he will become a Presence of that same Peace, Purity, Comfort and Healing in himself.

This, then, is My Service to those who choose to come within the aura of the Holy Comforter; and even though they may not yet be a comforting presence to life, if they expose themselves to the vibrations which are My Very Being, they will one day embody the capacity to externalize comfort. This I promise.

My reason for being in this universe is to bring comfort to every electron and atom, every elemental, human and angelic being created of The Father and endowed with the Gift of His Life.

All of the energies of My Intelligence are dedicated to evolving, through the intelligence at My command, ways and means of increasing the efficacy of My Life Energies toward this service. Every cry of pain that rises from this star passes through My Heart, for I AM He who has been endowed by the Father of all Life with the opportunity and privilege of bringing Comfort to Life.

No lifestream is comfortable until it comes into a knowledge of the Law of Love and Harmony, and chooses self-consciously to abide within that Law. Temporary surcease of pain and distress is effected through mercy and the Great Law of Forgiveness, which wipes out the effects of former transgressions; but it is the education of the consciousness so that each one becomes the Comforting Presence through his own life which engages the services of The Seventh Ray at this time.

Therefore, in My capacity and service, I endeavor to encourage the individual to enter into an understanding of the vibrations of My Nature, and externalize that comfort through conscious co-operation with the principle of Love and Harmony, rather than create - through my own efforts - a canopy of protection which is the Essence of My Being and not of the Chela's. This is the Path of the Spiritual Father, which seemingly is more strict than that of the indulgent human parent, but yet, in the Great Love of the Cosmic Christ, builds a permanence in the consciousness of the Lifestream, which will sustain such an one were the Sun to dissolve in the heavens and the Host of Heaven cease to be.

I would suggest that you withdraw into yourself, if it were only for five minutes, three times a day - morning, noon and evening - and there contemplate whatever Master you seem to have an affinity with; let the Master's consciousness flow thru your affairs; get His feeling about the people you are associated with; ask for and receive His picturization of your Presence through your flesh - for let Me assure you - that it is in this way and this way only, that you will attain the Ascended Master Consciousness.

Blessings and Love,

Sanat Kumara and those who came with Him from Venus have been called "Lords of the Flame of Immortality." In His descent into the heart of Shamballa, He brought with Him a concentration of the Flame that had never been known on the planet earth, because it represented the vibratory action of Venus. This Flame He externalized at Shamballa and It has grown and intensified through those millions of years since that time, pouring out the keynote of Venus and the vibration of this Superior Star into the atmosphere of earth and the consciousness of her people. A stream of Light from this Cosmic Flame in anchored into the heart of every human being who incarnates on earth.

The action of the Flame from Shamballa was primarily designed to create self-conscious, generating centers of Light through the life intelligences inhabitating the earth, and the sole purpose and reason for Sanat Kumara's Presence is to create these self-conscious Light-Bearers. This is the only way and means by which the planet can fulfill its destiny and contribute to the Universal Solar Song. Therefore, when the plans were made to expand the Light at Shamballa for the current month (November 15 to December 14) the Nature Kingdom, the Elemental Kingdom, as well as the Human Kingdom, all offered to become a part of the Activity, and the Beings Who are in charge of the forces of the four elements; the Builders of Form; the Angelic Host and the Devas all sent representatives to Shamballa. (Of course, the human family was represented by certain Ascended Master Sponsors.)

All these Representative Beings were authorized to direct the Flame into their specific Kingdoms, and it was a marvelous sight to see the Flame entering the various oceans, under the direction of Neptune, cleansing and purifying the inhabitants of that element; to see it entering the substance of earth, and through all its creatures under the direction of Virgo; into the air, and all the bird life on the planet under Aries. Then, with the assistance of Lord Michael, the Mighty Astrea and the Angelic Host, it was directed into the realm of the discarnates, penetrating through darkness which had not been visited by a beam of Light for countless centuries.

When Sanat Kumara entered the Flame Room last evening (November 15, 1952) accompanied by the other Kumaras the the Brotherhood at Shamballa, there began the intensification - through the power of that Flame - of the Spiritual Light in the hearts of all peoples. After He had directed the Rod of Power into the Flame, it expanded to almost three times its usual size, and naturally the beam of Light connecting it with every human heart received a tremendous added impetus.

The Masters held the expanded Flame concentrated in Eastern Asia, through Korea and the war belt for over one minute before it began its journey around the earth. As the Ray from this Great Flame was received in each waiting Sanctuary, an Unfed Flame sprang up, taking the appearance of a large tulip bud, which held the Sanctuary and all within it in its Cosmic Presence. The presiding Master then directed the Ray to the next Retreat or Sanctuary, and the same activity took place there. The Flame followed a concentrated course, Its iridescent rays creating these exquisite Flame Flowers wherever either the students or Masters were in attendance, and then returned to Shamballa.

The next time the Ray went forth to Suva and Shasta and on across the continental United States into Europe, Africa, Asia and Australia, the Band of Light was wider, and when it reached the various Retreats and Sanctuaries, the Flame Flower was increased almost twelve-fold in size, the large petals began to open and the radiation covered a much larger area in the environment of the focus.

The third time the Ray went out from Shamballa, the wide band of Light looked like a great high-way, as compared to a foot-path, and the beautiful Flame Flower increased to almost continental proportions. At this point Sanat Kumara stepped into the Flame, which caused it to expand to a universal size, and the Blazing Light that poured toward Suva was as wide as the ocean, and the Flame at the Suva Retreat reached up almost to the ten thousand foot level; the Flame Flower opening its petals to their fullest extent, like the water lily or lotus plant when they are in full bloom. This was repeated in every Retreat and Sanctuary - the presiding Master in each case duplicating Sanat Kumara's action of stepping into the Ray and becoming the stamen in the center of the Flame Flower.

When the Flame returned to Shamballa and the final Outpouring took place, ALL of the Masters stepped into the Flame around Sanat Kumara, and the Earth and Venus became ONE. When the Flame reached Suva, it connected that Retreat with Venus, and all the Masters at Suva stepped within It; and so on, around the world, the same activity taking place in each Retreat and Sanctuary. Thus was completed a most marvelous Spiritual Service to life which will have a permanent effect upon the soul growth of all mankind, all in the discarnate realms and nature itself. This action will continue throughout the entire month. The Rays will go forth at the same appointed time every evening, and we invite as many as possible to take part in the drawing in and projection of the Flame at the same hour you held the ceremony in your Sanctuary - no matter where your bodies may be at the time. It is always possible - even in the midst of outer world activity - to withdraw into yourself for a few minutes, consciously connect your thoughts with the Activity of Sanat Kumara and the Masters in Shamballa, and experience the joy of assisting to bathe the planet once more in Sanat Kumara's Cosmic Flame of Cosmic Love. The Light is not an intellectual radiation, but rather one of feeling, and we are hoping that through the impetus of this Mighty Activity at Shamballa, the capacity of mankind to create and sustain shadows will be lessened, and the desire and power to emit Light will be increased, first, through the self-conscious cooperating students and then through all men.

The opening of the Retreat at Shamballa represents the close of a great cycle of time, during which the very existence of the earth was sustained by those Blessed Beings who voluntarily chose to lend the power of their developed radiation to a planet whose existence contributed no spiritual value to the system of which it is a part. Millions of years have elapsed since these Great Ones took on our responsibility, and the time of the dispensation runs out, with yet the far greater majority of mankind engaged in creating shadows rather than sunshine. Even the patience of the Universal cannot allow the sacrifice of Beings as great as Sanat Kumara to go on indefinitely; hence this great impetus of expanding the Light was set into motion by the Brotherhood, in the hope that it would stir the souls of men and provide a proof to the Cosmic Law that the mankind of earth were rising to fulfill the Office and Service of these Great Friends of Life. The Year 1952, therefore, represents the beginning of a great Cosmic "Push" in this direction, which We hope will result, with the assistance of the self-conscious students, in the redemption of the Race.

Blessings and Love,

As we come to the close of the twelve-month cycle, all of those who represent the Spiritual Hierarchy are gathered at Shamballa, and here we celebrate a Cosmic Thanksgiving in which every one of the Brothers is a participant.

It is a marvelous opportunity to release the concentrated blessings of Life upon each and every one who has served and increased the Comfort of the Universe during that period.

The great Audience Chamber is open for this Festivity, and the evening before your national holiday and for four days and four nights thereafter, there is a constant outpouring of blessing and benediction upon every electron, elemental, animal, human, Angelic, Devic, Ascended Master and Cosmic Being, who have consciously or unconsciously contributed to the forward progress of the race.

It is a beautiful sight to see the various kingdoms gathered to receive the honor and blessing of the Sun of our System through Its Representative, in conscious gratitude for life well-spent. Also to this great Feast of Thanksgiving certain members of the human race are invited and given the honor and recognition which they have earned through meritorious service in the world of form. There is no lifestream who has given "even a cup of cold water" in the Name of the Presence of God but is acknowledged and blessed therefor, and such is the memory of the Perfected Beings that no electron is slighted or overlooked in this time of Thanksgiving.

This year, because of the tremendous response of the lifestreams who have been chosen to represent the Vanguard in this New Movement, there will be a particular blessing upon the individual members and their co-operative groups, for the strength of their Light and the accuracy of their reception, which gives us the opportunity to apply for a greater Dispensation at the January Council.

One of the most exquisite ways of preparing for the Christmas Season individually, is for each lifestream to consciously and earnestly prepare his own Ceremony of Thanksgiving, and - officiating upon the Altar of his own Christ Temple - invite into the Presence of his own God Flame, ALL of the life that has served him during the twelve months that have passed and, through a special blessing and benediction, confer upon that one the added substance of his own Christ Nature. This Ceremony will show each man how rich he is in the blessings that have filled his world through the channels in every kingdom - natural, human and divine. In such an activity no bitterness nor discontent can live. Also, every Master to Whom the individual extends an invitation to his Ceremony will respond and enter into the Sanctuary of the heart, where such a Thanksgiving is being celebrated; and this visitation alone will bring a return of Spiritual Blessings far beyond the comprehension of the outer man for the individual effort involved in preparing such a Thanksgiving Service to life.

****

If you will rise on the tide of the Flame of Thanksgiving, which is a rhythmic pulsation from Shamballa, directed by Sanat Kumara, the Chohans of the Rays, the Cosmic Beings in charge of the Forces of the Elements, the Great Archangels and Devic Lords into their Kingdoms, you will find an acceleration of your own life wave which can become a permanent blessing and conductor of Their constructive energies into your world and activities.

This Flame of Thanksgiving has gone forth rhythmically since the Day when the thirty Beings knelt before the Coming of Their Lord, and it has builded in power as each lifestream became aware of the benefits which have poured through It, for the most part without recognition, for centuries. It is only the outer self that is not alert enough to realize the measure of Thanksgiving which they owe the universe, even by reason of the sustenance of a physical body alone; and the further the lifestream proceeds on the Pathway to the Heart of God, the more each one finds what there is to be thankful for. Man, on the lower rungs of the ladder of evolution, is not even aware that there is a Spiritual Hierarchy, so Thanksgiving to these Beings is not a ceremony of the heart. But, when we enter the Ascended Master consciousness and see the workings of the Inner Law and the tremendous assistance of the Elemental Kingdom, the Angelic Host, as well as the Brotherhood, we realize more fully our indebtedness to Life. For Myself, I Am told, that in those Realms to which My Consciousness has not yet ascended, the intricacies of the Blessings of which we in this Universe are the recipients, and of whose source we are wholly unconscious, is unbelievable! So, the higher we go, the more grateful we are and the more humble we get before that Power which is our Life.

****

We have been advised by SANAT KUMARA, that on Thanksgiving of this year, the Seven Retreats of The Chohans of The Rays and My own Retreat will be permanently open, in order to allow the lifestreams evolving upon the planet the opportunity of intensified training upon the particular Ray which forms their natural vibration.

This opportunity should do much to increase the capacity and power of each lifestream to become master of the energy of his own life, and I would like to set forth the location of these Retreats at this time; viz.,

El Morya	at	Darjeeling
Kuthumi	"	Kashmiri
The Venetian	"	France, near Marseilles
Serapis	"	Luxor
Hilarion	"	Greece
Jesus	"	Arabia
Saint Germain	"	Transylvania
Maha Chohan	"	Ceylon.

This Activity will in no way conflict with the progressive radiation which will form the pattern for 1953. It is a supplemental activity, whereby the Chohans of The Seven Rays, and My Humble Self, will be given the opportunity to accelerate the progress of the people who belong to Their Ray at this time. For lifestreams, who are not yet aware to which Ray they belong, there will be Beings provided who will take them to their proper Retreat while their bodies sleep.

A good way to find your Ray is to repeat over the Names of the different Chohans and then wait for the vibration which will strike through your energy when you reach the One which corresponds to your natural heritage.

Now, in the Name of the Giver of All Life, I enfold you - each and every one and all mankind - in the Cosmic Flame of Love and Gratitude, that rises like incense to the Throne of the Most High on this Glorious Feast of Universal Thanksgiving.

Blessings and Love,

MAHA CHOHAN

A CHRISTMAS MESSAGE

As the planet earth comes to a fulfillment of its yearly revolution around the Sun, the vibratory action of the twelve months begins to sound its final chord and note, which contains within itself the Keynote of the year, and which, for the remaining days of the year, is the predominant vibration felt by all people everywhere.

The Members of The Great White Brotherhood, and every Being connected with the evolution of the planet, endeavor to complete that portion of Their service (which had been allotted to Them at the beginning of the year) by the fifteenth of November. Each One makes it His personal or Cosmic business to 'close His books,' so to speak, by this date, and turn His footsteps, as well as His thought and attention, to the Great Conclave at Shamballa. Here all these Blessed Children of the One Father come, filled with happy anticipation of the joyous reunion and loving association with Their Celestial Brothers, coupled with the gladsome expectation of celebrating the Glorious Feast of the Christ-mas in the Bosom of Their Father.

Every Being, whether incarnate, discarnate or ascended, is a vibratory center, like a plucked harp string. In the Ascended and Cosmic Capacity, the pulsation of vibration which forms the radiation of service, takes on the single note at this time, which is the Keynote of the Year, and all the variegated services of The Brotherhood blend gently into that Note, forming 'The Christmas Spirit,' which is felt, absorbed and enacted by the race. Thus, the Keynote of the Year is once more impressed powerfully on the bodies, the akashic records and the atmosphere of the earth, so that the greatest possible service to man might be stamped on the consciousness of all people before the new vibration of the coming year is felt and interpreted. It has the same effect as the repetition of a theme of music, which eventually is picked up and made part of the consciousness of a listener. It has the further purpose of stilling the consciousness of all beings, preparatory to the reception of those new forces and currents that become the predominant vibration when the Lord of Life releases the Thought-form and feeling vibration which will become the Keynote for the coming year.

Speaking of the 'Keynote.' You will remember in retrospect how, the instant the last stroke of midnight sounds on every New Year's Eve, the Great First Cause projects through The Silent Watcher, into the consciousness of Sanat Kumara, and through this Great Being into the consciousness of The Great White Brotherhood and the assembled multitude at The Rocky Mountain Retreat, the Cosmic design of some particular and specific Keynote and its representative Thought-form, which becomes the heart of the diversified activities of The Brotherhood for the twelve-month ahead, so far as the radiation to and through the consciousness of mankind is concerned.

Shamballa is a most unusual Retreat for many reasons. It was the first one established on earth, forming the pattern for The Great White Brotherhood, which Sanat Kumara, Himself, instituted. Besides the Great Council Halls, Record Rooms and Treasuries, there are enormous Guest Houses, in which each member of The Brotherhood is assigned a permanent room. This room belongs to Him forever, or as long as he cares to use it. Many unascended beings who, at inner levels, are members of The Brotherhood, have rooms here at Shamballa, and these remain for each one a permanent focus on the earth long after their ascension. Even the Lord Buddha and the early Krishnas still retain Their own compartments in this Mystic Retreat, and the fragrance and vibration of each private Contemplation Room is distinctive and descriptive of the Being Who, from within that Sanctuary, has served Life.

As these joyous Sons and Daughters of The Kingdom return 'Home,' They are each enfolded in the outstretched, welcoming arms of The Father (Sanat Kumara) and then each One is escorted to His or Her own particular Compartment. Here They immediately

begin to reverse the currents of Their own Life or Consciousness, preparatory to entering The Great Silence, where the 'pull of the earth' ceases for Them and the 'pull of the Father' becomes the magnetic attraction in Their feelings. Thus, the weight of the earth and its needs are no longer a suction in Their Consciousness and vital energies.

When each Being has become imbued with The Silence, He returns to the Great Hall where He mingles with His Friends and They have a happy time, comparing notes about Their work, talking about Their respective chelas, (each One very proud of His own), and so on; all contributing the joy of Their combined consciousness to the Festive Occasion. When all the Members are assembled, They repair to the great Banquet Hall where a magnificent Feast has been prepared for Them. There are speeches and laughter and song, for be it known that these Sons and Daughters of The Kingdom are gay and charming and happy. They have not lost Their sense of enjoyment through the attainment of Their Ascension, rather is it expanded a thousandfold.

It is understood that each Member is free to utilize The Christmas Season (from the 21st of December to the 27th) as Their heart dictates. Some go on visits from one star and planet to another, or from home to home on the earth plane; all carrying the Love and Light of Their own Lifestream to enrich the Presence of Life wherever They go - whether it be The Godhead, the Guardians of the Race, or The Friends of Their Bosom.

It is a time when The Masters don the Festive Robes of The Feast Days, and the glory of the unbound hair and the golden sandals blend gracefully and beautifully with the exquisite design of each Being's Garment, woven of the Love and Service of His Life-stream in the twelve-month that has passed.

The Vast Temples, where The Perfected Beings join voluntarily with the Great Host of Light, in Praise and Devotion to the Source of All Life, are filled to overflowing with a reverent and joyous multitude. It is thus that We revel for this small period of time, following the Light of Our Hearts, and the Upper Heavens sing with the Glory of Beings, Who reverence and respect the slightest show of service, in gratitude that is selfless and true, and an expression of Friendship indestructible.

Let me say here, that it is an opportunity for the Friends of the Heart, yet in bounden earth form, to rise during the sleeping hours and the time of contemplation, on the wings of Gratitude and Love, into the Heavenly Realms and Homes of those whom they feel have enriched their lifestream during the twelve-month, where each Master keeps 'Open-House' for His Friends - Ascended and Unascended. The peace and exhilaration of such Cosmic excursions of consciousness, will prove a marvelous lever that many a grateful heart will wield into the raising of the Self into the ONE.

Lest you should feel that the earth plane is left without succor while The Brotherhood have entered the Higher Octaves through Shamballa, let me explain that each One establishes, in the locality and atmosphere which has been His Field of Service, a permanent Pillar of Light, magnified and magnetized by His own Life and Light, and pinned into the earth through His Directive Will. This activity, He sets into motion several weeks before He enters The Great Silence, and into this Pillar of Force He directs the radiation and sustaining power required to hold the focus which He has set up until His return. Therefore, although He, Himself, withdraws to take His short and well-earned Holiday in the Heart of The Great Silence, the Radiation and Comfort of His Presence remain to sustain His Activity while He re-energizes His own Valiant Spirit.

As this is Our Christmas Message, designed to give you a little Joy of The Season, I thought that this short description of how We, The Ascended Host, spend the Holy Season of Christmas, might please you.

All the Host of Heaven join Me in wishing you, each one, a Most Holy and Happy Christmas Time.

Blessings and Love,

One of the most beautiful activities connected with the closing of the yearly cycle is the mystic ceremony whereby the Lords of Karma close the individual Book of Life for every Lifestream incarnate upon the earth during the twelve-month that has passed.

This ceremonial takes place the last evening of the old year in the Great Temple of Karma located within the Etheric Belt. It is a particular service for embodied individuals, and, although it includes those who have had any portion of an embodiment within the year, it does not include the discarnates, or those who have not had an active earth experience for at least one hour of that twelve-month. This is the merciful office of The Karmic Board and is performed in order to allow the Lifestreams of the race to be freed from a portion of the errors and mistakes of the past year, made - not so much through willful disobedience to the Law - as through lack of discernment, discretion and discrimination. In other words, the mitigation of evil effects relate only to those whose causes were motivated with no evil intent, but which, nevertheless, ofttimes produced unnecessary confusion and distress in their wake.

You would be surprised and gratified to know that almost a quarter of the Karmic legacy of the race is caused through "blundering" rather than willful disobedience of the unseen or manifest law, and the mercy of the Karmic Board (from the beginning of mankind's experiment with the Law of Cause and Effect) has always allowed at the close of the year this merciful melting away of the Karmic punishments, due to this laxity, which accounts for the lightness with which individuals enter the New Year - filled with hope, resolutions and strongly imbedded desire to improve upon their nature, character and manifest expression.

There are over four billion souls who come under this beneficent mercy of the Karmic Board during this ceremonial. Each lifestream, from the ignorant savage to the most elect and select student, passes through the Halls of Karma, and his load is lightened according to the intent of his motives during the past twelve-month. Thus all are enabled to enter joyously into the New Year Councils and receive the greatest possible benefit from the directive energies of the Master Beings, who set up the Keynote for the coming year.

The Lords of Karma, Themselves, allow the Lifestream of every individual, at the close of each year, a certain percentage of Grace and Mercy, which mitigates anywhere from one to forty or fifty per cent of the karmic debts of the year; and this Mercy is always measured <u>against the motives</u> behind all action. After the Lords of Karma have measured the Light of the Lifestreams, each one is then placed within the Ceremonial Fire of Purification, which is projected and sustained, of course, under the direction of Saint Germain, with the help and sustenance of the Angelic Kingdom and the Initiates, who are educated in the direction and sustenance of the Sacred Fire in Its purifying aspect. Thus, consciously or unconsciously, every Lifestream upon the planet tastes and experiences within his own body, the purifying action of the Seventh Ray at the close of every year, and the soul and inner bodies step forth from this purification with a greater opportunity for progress and less accumulation of a binding nature. Of course, it must be understood, that each Lifestream receives the ultimate amount of Mercy and Grace <u>that his own merit for the past year has allowed him.</u>

If it were not for this yearly purification, mankind would, within seven years, destroy their minds, bodies and possible useful service for that incarnation. To a certain extent, it performs the same service that every soul is blessed with at the close of each embodiment, when - through the purifying fire of Cosmic Mercy - it is released of the karma of that entire life span, which was created more through ignorance and stupidity than conscious intent to do evil. This is the Comfort and Mercy extended by the Father of Love to His children, and it is the only hope for the survival of life upon the planet. My particular Office requires My Presence in the Hall of the Lords of Karma during each individual judgment, because every Lifestream comes under My individual radiation, and it is important for Me to see what the year has yielded in soul growth and possible expansion of Light.

You have been told, how, at the stroke of midnight on each New Year, the Silent Watcher releases into the consciousness of SANAT KUMARA, the Keynote for the incoming year, and it may interest you to know that the Keynote for the Year 1950 was The Love Star; for 1951 it was My own Insignia - The Dove of Peace - and for this year of 1952, it was an Ear of Wheat, signifying the accomplishment of each Lifestream.

****

In this Year of 1952, which is called, "The Year of the Harvest," we find that the accomplishment of the individual intelligence will be a paramount issue before the Karmic Council, because the edict for the year was that every intelligence - Divine as well as human - was required by Law to utilize the talents, powers and capacities, developed by the Lifestream, in contributing to the expansion of the Light through the human race.

Because of the fiat concerning the Ascension of the Sun and Her System within the twelve-month period provided for preparation, more than ordinary measures had to be adopted for those capable of understanding and co-operating with the requirements of the Law. It is, therefore, an Age of unusual opportunity for the aspirants, as well as extreme leniency, in the Grants from the Higher Authorities, and also a period of extreme responsibility for those who are privileged to share in the inner significance of the Cosmic Moment.

As the Great Conclave at Shamballa closes and the Brotherhood prepares for its individual and collective Audience before The Lords of Karma at the half-yearly Conclave, every unascended being will do well to remember that as he has shared in the Vision of The New Day, and is aware of the significance of the Year, he will likewise be called upon to render a personal account of the utilization of his talents and energy during the course of the past year in a public meeting before both the Lords of Karma and the entire Assemblage of Ascended and Unascended Beings, who will all enter the Final Outpouring of 1952, each one carrying his own Sheaf, born of the single Ear he had received on New Year's Day from the Hands of the Silent Watcher and Sanat Kumara.

It is needless for Me to say that it is the earnest and heartfelt prayer of each member of the Ascended Host who has stood Sponsor for the unascended Lifestreams present, that the harvest gleaned by each one will justify the faith such Sponsor had in the capacities and endeavors of each individual student and chela.

Blessings and Love,

MAHA CHOHAN

December 14, 1952 No. 27

The consciousness that a man has evolved from the beginning of time is really the only intelligent possession which endures through the cycles of birth and death. An individual's consciousness is also the only focus through which the Godhead can increase the wealth, not only of a particular lifestream, but of the manifest world. Each individual endowed with a consciousness, the faculties of intuition, of spiritual perception and inner sight can, by self-conscious effort, raise his own consciousness to union with the Cosmic Christ, and by so doing, become an invaluable instrument in the fulfilling of the Divine Plan through co-operation with the Will of the Father.

When great lifestreams, such as the Master Jesus, prepare the instrument of their consciousness for many lives, in order to provide an incarnate focus through which the Godhead's Purpose might be fulfilled, they are serving a Cosmic Purpose far beyond the comprehension of the human self.

In the physical birth of the Master Jesus, we have the far more mystic and exquisite manifestation of an individualized, self-conscious Intelligence, who, by persistent effort through centuries of time, evolved a consciousness whose vibratory action was pure enough, sensitive enough and rapid enough to be the Grail of the Divine Will of the Universal Father. The Father and Son became ONE, not only through the descent of the Cosmic Consciousness, but through the tremendous individual endeavor of the Master Jesus, to evolve and quicken the vibratory action of His own Consciousness through century after century of personal effort, and to sustain it at a high enough level that the subtle currents of the Cosmic Christ might be held within it, and translated by the Mercy of Transmutation into a language of Light as well as Sound that could be interpreted and understood by the outer mind of the masses.

In entering the Holy Christ-mass Season, the human consciousness of every aspirant to the Light may become a Grail into which the Divine Consciousness, which Jesus lived and expressed, may enter. To cultivate, to think and meditate upon the Consciousness, the Feeling and the Radiation of The Master, is to become like Him in nature, and to become like Him, is to gain your own freedom and to give Him another instrument or vehicle through which He may pour His Radiation, in order to fulfill His Work as Representative of The Cosmic Christ.

There could be no more beautiful Gift to Life than to dedicate one's daily activities, one's whole nature and one's being, to the Presence of All Life and to the expansion of the Christ Spirit, for, in losing one's lower self, one finds the Greater Glory of the Higher Life.

As the Presence of the Master is only able to reach the consciousness of the individual through the medium of silent prompting within the feeling nature, or through brilliant flashes of illumination through the medium of The Higher Mental Body, we must all learn to cultivate - particularly through this Holy Season - enough Silence in our own outer nature, to allow the vibrations of The Presence to record, with sufficient quality of intensity, the inspiration which becomes the Guiding Activity of our daily lives.

Let us practice, then, the habit of listening to the Voice of God, instead of the clamor of the outer chaos, because this Voice of The Presence has, unfortunately, too few outposts through which It can guide and protect the destiny of the many in the days ahead, and the momentum of balance must be gained beforehand if we are to be of use in the coming hours and days.

If you can and will make this effort, you will find the Divine Teacher will set your Path in order, and things will progress to a point where you become of greater help and assistance to those around you. This must come for every man, every woman and every child - for it is pre-ordained by Life - BUT, we can press that day if we are wise.

This is the Happiness and Privilege, Joy and Ecstasy of the True Nature of Man, when he fulfills his Divine Estate, and, tasting the joy of co-creation with God, becomes established as a Potential Sun of a New System.

Let this, then, be your Christmas and New Year's Endeavor!

May the Joy and Accomplishment of The Beloved Jesus' Cosmic Christ Consciousness be yours now and forever.

Blessings and Love,

The Great Council Chamber at the Rocky Mountain Retreat was opened in order to accommodate more than five thousand members of the Ascended and Angelic Host who participated in the transmission of the Flame around the world last evening.

It was a beautiful sight to behold as every Guest, in honor of the Year of the Harvest, wore pure white robes with a sheath of wheat embroidered upon it in gold, resting over the heart, and bands of color on the full sleeves and around the hem, designating the particular Ray and Sphere to which each One belonged. Each One also wore the golden crested scarf over the shoulders, carrying the insignia and office of each member.

The floor of the Great Council Chamber slopes gradually toward the front, and each high-backed throne-chair was draped in velvet, bearing the insignia representative of the Office of the occupant. The color of the velvet corresponded with the band around the sleeves and the hem of the garment of each One. A large velvet cushion of the same color with a tassel at each corner, on which the feet rested, completed these appointments.

The Throne of SANAT KUMARA was centered, facing the High Altar, with the Throne of Lord Maitreya on the right and that of the Maha Chohan on the left. Those of the other members of the Hierarchy were arranged in a semi-circle around the central Throne.

The beautiful Throne-Chairs are the permanent property of each Master. They are fitted into a groove in the floor, but can be removed and re-arranged according to the Nature of the Ceremony or the position of the Master officiating.

For instance, the Thrones of Serapis and Lanto were placed upon the platform facing the audience, but on New Year's Eve, the Throne of SANAT KUMARA will be moved from the Audience floor and put in the Place of Honor on the platform.

The entire Council Room was decorated with Lilies, and the Master Kuthumi, wearing heavily embroidered golden bands on His sleeves and robe complementing the natural beauty of His appearance, played on the great organ.

Lanto and Serapis, because of the great number of guests, chose to draw the Flame from Its own Chamber into the Council Room, as there were not sufficient facilities in the Flame Room to accommodate all the members who wished voluntarily to participate in the expansion of the Flame.

On the center of the Great Altar the Golden Flame took the form of a lily and the Green Flame the leaves and the stem, from which it rose as high as the nave in the vaulted ceiling.

The Thrones of the Lords of Karma faced the Audience from high in the atmosphere over the Altar and the Presence of the Silent Watcher clothed in Azure Blue, encompassed the entire Assembly in His Radiant Presence.

The Throne-Chairs of Jesus and Mary, each canopied entirely in lilies, were placed one at each end of the semi-circle forming the first row, so that they connected with the wide Altar and formed two Arched Doorways of lilies into the Great Flame.

Because of the interest of the Higher Mental Bodies in the Activity of 1952, the upper atmosphere was filled with a great multitude of these Christ Selves, and a Beam of Light from the heart of each One entered into the lily-formed-Flame on the High Altar.

The Sponsers of the various groups left Their seats just prior to the actual Ceremony, although all the Masters spent an hour in contemplation of the Flame before taking up Their Posts in the different localities. Through the faculties of Their own vision and contemplation, They drew a tremendous concentration of The Flame into Their own consciousness and re-created these beautiful Lily-forms in the vicinities where the groups were gathered.

The Master Serapis completely clothed in white and whose vestments were unrelieved by any color, presided over the actual projection and direction of the Flame. His robe was of a shimmering material, the contrast on sleeves and hem, emphasizing His Ray, being of a crystal-like substance.

The Master Lanto, who served with Him, also wore a pure white vestment, but His was complemented with jade green.

The Members were asked by Serapis to visualize the Flame-lily around every lifestream belonging to the earth's evolution, both incarnate as well as those waiting for re-embodiment, and, for thirty minutes, while Kuthumi played the Sacred Songs honoring the birth of the Master Jesus, this Visualization took place. Then, at the moment when the Flame was to be directed, both Serapis and Lanto projected Their Flame into the Sacred Flame-Flower, which made it grow larger and more brilliant and was the signal of the Brotherhood to breathe It <u>in</u> and then project it <u>forth</u> upon the Pathway around the world.

The reception of the Student Body was so beautiful that it took less than thirty seconds to encircle the planet and return to Its Source. Every lifestream upon the earth received a <u>permanent focus</u> of that Flaming Flower, which will act as a stimulus to the development of their own Christ Nature.

The entire earth took on the appearance of a Gigantic Lily resting on a green base and during the half-hour's contemplation following the projection, the inner atmosphere of the planet and the various kingdoms, as well as the very substance of the earth itself, was blessed with the Greatest Outpouring of the Cosmic Christ Light that has been known since the last Golden Age.

Now, may the Happiness and Joy of this Holy Season enfold you, each one, and those you love.

Blessings and Love,

The Glorious Ceremony of Purification and Merciful Forgiveness for the misuse of Energy and Light during the twelve-month period that is passing into Eternity, begins today in the Heart of the Great Rocky Mountain Retreat.

There are no words to describe the compassion of that Forgiving Love of the Cosmic Christ into which the souls of every lifestream upon the planet are consciously drawn, that their karma might be lessened and that they may step forth into the pulsation of the New Year with a new opportunity to find Mercy and, through Mercy, Peace.

The great Audience Chamber is completely decorated in all the variegated tones of the Purple Ray, from the most delicate pink violet and blue violet tones to the rich, deep purples, which represent the most concentrated essence of that Flame of Mercy, Forgiveness and Compassion.

The velvet chair backs and cushions are all a royal purple, embroidered in gold, and the Masters and visiting Guests wear robes of the varying degrees of the purple color tone representative of Their particular activity in connection with the Flame of Mercy.

Saint Germain's Throne Chair is placed in the centre of the platform, facing the audience. On His right is the Throne of Quan Yin - the Goddess of Mercy - and on His left is that of Mary - the Mother of Jesus. SANAT KUMARA maintains His position in the Central Throne facing the Altar, and the two end seats of the semi-circle (previously occupied by the Masters Jesus and Mary) are the Throne-Seats today of Oromasis and Diana - the Prince and Princess of the Fiery Element.

The glorious archways connecting the platform with the audience are composed of violets, shading from a delicate pink to the deep velvety purples.

The vestments of Saint Germain embody all the beauty, dignity and courtliness which have earned for Him the reputation of "The Prince of Heaven."

A moment or two before the Ceremony commences, the Lords of Karma take Their places in the atmosphere above the High Altar. They also wear Their Robes of State, with seven-pointed crowns upon Their Heads, richly incrusted with diamonds and amethysts.

The Silent Watcher, standing high in the atmosphere above the mountain, with Arcturus, bathes the entire locality in the substance of the Violet Light which flows from His Luminous Body like a beautiful garment of the finest of chiffon that has yet a softly luminous quality in its gentle radiance.

The Master Saint Germain, at the moment of the Invocation, charges into the atmosphere directly in front of the Altar (before which He stands) a Flash of Flame from His Heart, Head and Hand. This becomes the Initial Impulse for the Flame of Mercy, through which the mankind of earth will pass.

From the centre of this Flame, petals unfold, until a great Lotus Flower is formed, its purple petals extending the full width of the wide platform. This beautiful Thought-Form is at first transparent, of a gossamer substance, but which continues to intensify and condense until it forms at last a fairly wide pathway which can be

observed by the Lords of Karma, Who are facing the audience, as well as by the audience itself. This beautiful Lotus-Pathway is suspended in the atmosphere by a gently-curved band of Purple Light which is anchored through the violet archways at each end of the platform.

The Goddess of Justice, as "Spokesman" for the Lords of Karma, then begins to call the roll of mankind. As their names are called, they pass through the archway of violets up onto this Pathway of Purple Flame, accompanied by their Sponsors (if they are conscious chelas) and by their Guardian Angels (if they are among the masses).

As each one stands for a moment in the very heart of the Lotus-Flame, the motive which prompted the creation of the karma for the coming year is examined and as much of that karma is wiped away as the motive within the heart would allow.

A steady stream of souls thus proceed across this Flaming Pathway of Mercy and down the further side, joining the Assembly (if they are Students of Light) and returning to their various homes, if they are not yet awakened to the Inner Life.

Every lifestream who has had even one minute of incarnation during the closing twelve-month cycle is given this opportunity for purification and soul-cleansing; therefore, you will see that the process is a lengthy one, and comprises a steady and constant stream in order to bathe and free some four billion souls prior to the release of the Vibration of the New Year. We expect this purification process to continue, day and night, up until the midnight preceding New Year's Eve.

The mass of the people is passed through speedily, but the students of Light receive individual attention and assistance.

At the close of this exquisite Ceremony, the Lotus Flame is expanded out over the entire assembly, and then, through Their cooperative endeavor, it flows outward and covers the entire earth with Its Merciful and Forgiving Radiance.

After the completion of this Purifying Activity, mankind is prepared to receive the impetus of the Spirit Who is to ensoul the Coming Year and the Thought-Form which will be the Directing Intelligence.

May each and every one of you experience in your feelings the Uplifting Grace and the Joyous Release which the participation in this Exquisite Ceremony of Compassion and Mercy imparts.

Blessings and Love,

MAHA CHOHAN

THOMAS PRINTZ' PRIVATE BULLETIN A BRIDGE PUBLICATION

January 1, 1953 ********** BULLETIN No. 30

In preparation for the Initial Pulsation of the Year 1953, all of the Members and Guests of the Great Rocky Mountain Retreat, wore Robes of Blue, shading from the most delicate sky-blue to the deep, intense royal and indigo tones. The chair backs and cushions were of an exquisite royal blue velvet trimmed in gold. Each member present wore the insignia of His own Retreat, embroidered over the Heart, making it easy for the Assembly to recognize Their specific Service and Representation.

Upon the great platform, the Throne-Chair of SANAT KUMARA was centered, facing the audience, with Lord Maitreya on His right and Myself on His left. Sanat Kumara wore vestments of the most exquisite sapphire blue, with crystal bands over eight inches deep at the hem and round the flowing sleeves. The garments of Lord Maitreya and Myself complemented His appointments, only the details of the Illumined One's Vestments revealed the supremacy of His Great Office.

From Shamballa, Lord Maitreya was allowed to bring the Sceptre of Power, which is the Mystic Pole holding the souls of men within the orbit of the planet which has been designated as their Theatre of Evolution.

The seats in the first three rows of the Assembly were occupied by the Hierarchs and Representatives of the Retreats of the World; the members of the Brotherhood and the conscious chelas filling the rest of the vast Assembly Hall, as well as the atmosphere above the entire locality.

The Lords of Karma wore pure White Robes with sapphire blue neck bands, and each One wore a seven-pointed crown (which is the symbol of His Office) and the crowns were studded with sapphires for this occasion.

The first Activity of the Year was the presentation of the Petitions and Suggestions by the Members of the Retreats as well as the conscious chelas. After reading them, the individuals making the petitions were given the opportunity of asking for what voluntary support any member of the Assembly or the Brotherhood might choose to give to their Cause.

The Goddess of Liberty, as "Spokesman" for the Lords of Karma, recorded the Requests as well as the Sponsorship of each, for the private deliberation of The Karmic Board before the answers to these petitions are handed down within the next several days.

I was so pleased and delighted at the initiative and the voluntary contributions of the various students who had become aware of this great opportunity, and made such requests as they felt would be of benefit to the individual soul as well as to mankind at large.

At the end of the Ceremony of Presentation, the Master Serapis Bey presented His report on the progress of the Higher Mental Bodies, through the 200,000 individuals who were chosen to be the vanguard of the New Dispensation. This report was also given to the keeping of the Karmic Board for due consideration, upon the findings of which will depend the Grants for 1953. This will be made known within the next few days.

Sanat Kumara acquiesced to the petition of Serapis Bey that the Retreat at Luxor might be Host to the People of Earth for the first period of the New Year, in order

to give the strongest impetus possible to His Illustrious Successor's Endeavors - so from January 15th to February 14th, mankind's attention will again be focused in the Heart of the Luxor Retreat in Egypt.

The exquisite Ceremony by which the Master of the past year transfers His authority to the succeeding Master is beautiful in the extreme.

The seats at either end of the first semi-circle in the audience were occupied by the Beloved Archangel Michael and the Great Angel representing Unity. The centre seat facing the Altar was occupied by Serapis Bey - the presiding Master for the Year 1952.

The beautiful arches on either side, which connected the platform with the audience, were made up of Living Cherubim - their "forms" bathed in every conceivable shade of the Blue Ray.

When Sanat Kumara signified that the moment had arrived when the Thought Form, which would be the Key-Note for 1953 was about to be delivered from The Silent Watcher, the entire Assembly arose quietly, and Lord Michael, the Angel Micah and Serapis Bey joined Us upon the platform. We stood in the form of a five-pointed Star, with Sanat Kumara in the centre, facing the audience. The Silet Watcher, Who had overshadowed the entire Assembly in His Cosmic Proportion, chose to condense His Great Being to a point where He stood plainly visible to the entire Assembly in the atmosphere just above Our Heads.

Sanat Kumara then directed the Thought-form of a Cup or Chalice into the Omnipresent Universal Light, to which we all contributed by our concentrated and directed energy, and this Chalice became the Receptacle into which the Silent Watcher was to direct the Exquisite Pattern which would form the Key-Note for 1953.

When all was in readiness, the Silent Watcher, raising His Hands above His Head, revealed within Them an exquisite pair of Outstretched Wings, with the Head of a Most Beautiful Cherubic Being resting between them. Slowly, Majestically, as the Great One lowered His Hands, this Form descended and hovered over the Chalice and began to pour through the Vessel, as well as Our up-reaching Consciousness, an essence and substance of Love indescribable.

Sanat Kumara, reaching up His Hands, took the Chalice in His Own and lowered It, then, holding this Exquisite Vessel (with the Beautiful Cherubim hovering above It) in front of the entire audience, He maintained this position until every member of the Assembly had absorbed It into His or Her consciousness. At no time, however, did the Cherubic Figure enter the Cup; Its essence just poured into and through It from about an inch or so above Its rim.

For about thirty minutes every member of the Assembly concentrated upon the absorption of this exquisite design, which is the symbol of Love coupled with Action, and which is the Grail or Cup of Mankind's invocation for union with God - no matter by what term the individual knows HIM.

The Great Lord Michael and the Angel Micah (co-Sponsors for 1953) then received the Cup from the Hands of Sanat Kumara, and held It together with hands intertwined, while Serapis knelt and received the Blessing of the Lord of the World for His Service for the Year 1952.

The two New Sponsors for the current year, with Sanat Kumara, then signified to the Assembly that the moment had come for the sending forth of the Thought-Form to the waiting world, through the co-operative endeavors of each of the Assembly's own creative faculties.

As ONE, Sanat Kumara and the Two Angelic Beings, stretched forth Their Hands and the entire Assembly took a long in-drawn Breath. Simultaneously with this action, across the breast of everyone present, the Grail and the Hovering Cherubic Figure were formed. Then on the out-breath, the Whole Assembly and the entire Host of Inner Bodies, representative of over half the Race, breathed out this Thought-Form, and it was as if the mountain itself shook with the powerful radiation, and millions and millions of Angelic Beings sped North, South, East and West over the face of the earth and into the consciousness and feeling world of all people everywhere, bathing both the incarnate and discarnate souls in the Glory of the Holy Grail.

(Let it be understood that a thought-form of an Angel or a Cherubim is a Cup, which may be ensouled by a living, breathing Being from the Angelic Kingdom, if the life-stream receiving it can sustain and magnetize it and keep itself worthy of such a Visitation.)

This Activity of sending forth the Thought-Form for the Year is like the planting of the seed from whence a crop of merit may, by wise gardening, be raised up. I might add, that of the countless millions of this beautiful Thought-Form sent forth through the thirty minute period of consciously directed precipitation, many millions were returned to the Universal, and perhaps only hundreds became the habitation of those Beings Who are willing to enter and ensoul those Thought-Forms, if so be They are sustained and nourished by the recipients. Thus, do Angels come to dwell among the Alert and Receptive, and the Humble.

The Great Central Sun Messenger, Who will bring the result of the Grants and Dispensations through the co-operation of the Karmic Board - giving the Brotherhood certain liberties in directing the work of the Year 1953 - is expected on Sunday, January 4th, and Our Report on HIS Merciful Gift from the Supreme Father of ALL LIGHT, will follow.

Blessings and Love,

When the Ascended Masters choose lifestreams who, They hope, will assist Them in carrying out The Divine Plan for the planet, They are limited by the fact that They may only take Volunteer Workers. They cannot go to a University and place Their fingers upon likely members of the race, but must await the voluntary offering of some lifestream to the work of serving humanity, which is, in most cases, a thankless as well as a tedious task.

When the volunteers do appear (at rare intervals) the Master in charge of a certain type of work, which the applicant feels he is fitted for, first takes stock of the nature of the individual. He finds out how calm this one would be under emotional strain. He has to decide on the quality of his mental body and whether he is capable of setting aside his own personal opinions on a given subject and accepting the inspiration of the Master, although it may seem to be against all human "reason."

He can tell by looking at the inner bodies how an individual will act if he is put into association with lifestreams who have hurt him in the past, and whether the applicant will react unpleasantly to this etheric memory, thus hindering the Master's work. He must also examine the fortitude of the physical body, as well as look into his intuitional development, which latter will form the only link by which the Master can reach His student in times of crisis.

Having carefully gone over the lifestream, the Master will then place the student in a position where the strain will not be beyond the development of the entire nature. This position ofttimes seems of great importance to the outer self, but very unimportant as regards the Master's work, and vice versa, BUT, as soon as the Master takes this material in hand, no matter how poor it may be, He must, like a wise carpenter or engineer, use mechanical means to repair the weak places, and, if possible, make the lifestream more capable of the service it is to render Him in the future.

Thus it very often happens that an individual will, at inner levels, present himself before the Karmic Board and offer his services along some particular line in which he has a sympathetic interest; in the majority of cases the outer mind being utterly unaware of this act on the part of the ego. This very often accounts for the strange conditions and circumstances that the aspirant on the Path finds have come into his experience and which the outer mind cannot account for. This, however, is but a strengthening and tightening of his spiritual "muscles" so to speak, preparatory to his entering the cosmic service he has applied for.

This condition should not cause undue distress to the outer mind, for be it known that every Being who has ever made His Ascension from the wheel of birth and death, has been tested and tried in every conceivable way in order to prepare Him for His cosmic service of the future.

"A chain is only as strong as its weakest link" and the consciousness of the evolving spirit must be tested over and over again for hidden weaknesses, lest perhaps when he has attained to great cosmic heights and the fate of a planet, let us say, depends upon his decision, this hidden weakness might assert itself and cause what could be a cosmic catastrophe.

Bulletin No.31

If the students of the Light will look in upon themselves and determine wherein their weaknesses can be strengthened, We shall have material which We can use with much greater efficacy in the future. All require a tremendous intensification of poise and emotional stability, which will allow a greater responsibility from the higher octaves to rest upon natures capable of accepting the direction of more energy and the sustaining of that energy in a constructive channel.

Up until the last few years, the meetings and work of the Brotherhood were completely isolated from any contact with the consciousness of unascended beings and the plans, once promulgated, were sent forth for execution. As all such plans, however, must pass the Board of Karma, the very fact that mankind was not an active and cooperative part of the formation and manifestation thereof, limited the acquiescence and backing of this August Assembly (The Karmic Board).

We are well pleased, therefore, with the opportunity which this conscious cooperation between ascended and unascended beings affords Us, and I cannot urge you too strongly to acquaint as many as possible of the student body of the monthly gatherings of the Retreats designated, so that their outer consciousness may be turned toward Them and their feelings open to the expression and infiltration of the Plan and Design of The New Day. In this manner they may, according to their capacities and worth, become valuable instruments of expression of the God-Will.

Let us all then, with humble hearts and contrite spirits send our Love and Gratitude to the Great White Brotherhood and The Lords of Karma, from the bottom of our Hearts at this season as we begin the New Year, that the Keynote of the year may abide in our Hearts and direct our destiny, keep us free of error and make us radiating centers of Good for the future.

Blessings and Love,

THE ASCENSION FLAME OF THE LUXOR RETREAT

The honoring of the Ascension Flame at Luxor through the conscious recognition and cooperation of individuals functioning yet in the physical appearance world is another milestone on the Pathway of Progress from darkness into Light.

The Ascension Flame in Itself is a bridge from the third dimensional world into the Inner Spheres where Emancipated Man may live freely in his Fulfilled Destiny.

It is the most powerful concentrated action of centripetal force by which the gravity pull of earth is reversed and the soul of man swept upward again into the God Estate from whence he came.

The Keepers of this Cosmic Bridge of Pure Flame are the Brotherhood at Luxor, who, together with their Great Hierarch, have maintained a constant watch over the Focus of the Sacred Fire so that whatever few members of the race might desire to return Home within the yearly course of each minor cycle could have the impetus of that concentrated power of the Sacred Fire which has been drawn from Atlantis and dustained to the present day through the fidelity of The Few.

The Brotherhood at Luxor, as well as all visiting Members of the Hierarchy, last evening wore white robes - the Beloved Serapis wearing the headdress of the Retreat, a golden band with two wings of Flame from the forehead, which was the sole distinguishing characteristic of His high office.

The Luxor Brotherhood entered the Sanctuary of the Sacred Fire, and at the given moment the entire thousand members stepped consciously within that Flame. In exactly the same manner as physical fuel expands a fire, so did Their individual Heart Flames increase the Sphere of Influence and expand the Ascension Flame westward to the tip of Africa, northward to cover the entire European continent, southward to the Cape of Good Hope, and eastward through the Arabian Sea to India. This was the size of the Great Flaming Lily of White Fire BEFORE Its transmission around the world began, and you will note that It covered a great deal of the landed surface of the earth where particular world conditions at present warrant the assistance of the Brotherhood in dissipating vortices of evil.

As Serapis Bey prepared the Brotherhood for the direction of the Flame all breathed It in, and It was sent to the Retreat of Jesus and Mary in Arabia - forward to India, and then followed the same track as previously used around the entire globe.

Whereas the previous Flame circled the earth several thousand feet above its surface, this time through the cooperation of the Forces of Nature the Flame was projected right along the surface of the land and sea, so that the physical bodies of man and beast were permeated with Its pressure and not only the Inner Bodies constructively affected. It acted in a measure like a razor cutting the lines of force which connected the consciousness and vehicles of the inhabitants of earth with the downward currents which have grounded the consciousness. As this was

repeated over and over again the pull of the senses, appetites and passions, which are all part of the gravity by which man is held in the lower octaves, was tremendously lessened.

It served in a measure like the Sword of Flame wielded by Lord Michael and the Angels who work in the Astral and Psychic Plane in literally shearing the accumulations which had grown into the consciousness like barnacles attach themselves to a ship.

You will see that when the tremendous downward surge of energy was lessened that the buoyancy of the Heart Flame in the people could respond to the upward surge - which is the Ascension Flame in its Essence.

After fifteen minutes of the cutting away the "adhesions" in the consciousness, the Brotherhood began to pour the buoyant raising action, which is the true nature of the Ascension Flame, into the hearts and into the individual Flame, and it seemed to have the same effect as helium within the dirigible.

If the conscious students and those aware of this service wish to revivify this activity through their own consciousness in private application, and particularly to overcome a tendency towards depression, they will find the use of the Ascension Flame at Luxor a most powerful means of sustaining the enthusiasm which is life's rhythm by which the soul and consciousness rise Godward.

We are extremely grateful for the cooperation of the groups who, together with their Cosmic Sponsors, made this possible and We look forward with joy to the day when thousands of such focuses will be actively engaged with the Brotherhood during such thirty-day periods in cosmically remedying the conditions under which the masses function in so limited a degree of awareness of the ever-present and potent powers of the Sacred Fire which are available for their use at any moment.

Blessings and Love,

MAHA CHOHAN

The fruit tree is a beautiful example or likeness of the entire identity of man and that is why in the early days the symbol of "The Tree of Life" was used as both a method of teaching the Law of Life and a reminder to the multitude of the great scope which one's individuality in its entirety covers.

The great trunk of the tree is representative of the Cosmic Ego, or the Spiritual Presence, and its many branches were indicative of the Ego's activities throughout the various spheres of life. The bud, followed by the leaf, flower and fruit were representatives of the temporary personality and expression of the lifestream in a given incarnation (season).

The nature and identity of the tree endured unchanged. As maturity is reached, the branches spread out and increase and the ultimate manifestation of fruit makes for a larger harvest.

Studying the rhythmic course of the season would show that bud and leaf and flower and fruit make but a temporary entrance, abide for a time and then disappear, but even the unawakened know that the tree in nowise ceases to be by reason of the passing of its seasonal harvest. Yet, in the course of man's entrance into thousands of individualizations or incarnations, he places all his interest, faith and consciousness on the bud, flower and fruit of one season. If, through late frost or some other natural manifestation the bud is lost and the flower does not bloom, man suffers unnecessary grief in seeing the extinction of what he would call the presence of a soul on earth. Yet, in nature's kingdom the early bud is replaced by another bud and flower in another season and there is no great harm done in the produce of the tree itself. It is thus also in the world of man.

Study then the Kingdom of Nature, for in its natural expression that surrounds all people is a lesson of The Truth of Life...From the great trunk the branches derive their sustenance and from the branches the bud, the flower, the leaf and fruit receive their perfume, substance and nourishment. Jesus understood this well when He gave the parable relative to the branches of the fig tree and it is often that the great parent tree itself ceases to pour the substance of its life into an avenue of activity and service that is not to the ultimate good of the whole. In these cases, particularly at times of cosmic import, the parent stem of the lifestream can and does withdraw the sustenance of the personality which opposes the progress of the race as a whole and in such a case the Spirit and Cosmic Ego of the erring personality does not, by this action of the Presence, suffer any more than the tree does by the removal of a withered branch, and in time it will bring forth new shoots of a healthy nature.

It is in such an hour that we live and these individualizations who represent tyranny and human aggression will, in the mercy of Life, cease to feed the discord of the world.

Although the diversity of activities that come under the direction of the Being who is vested with the Office of Maha Chohan requires a tremendous expenditure of energy, it is a personal pleasure for Me to see the wisdom of the God Plan through those Intelligences so far superior to the growing and evolving life expression. My

activities in the nature kingdom have helped me greatly in understanding the development of the Divine Plan through the human race.

I will confess, however, that working with the Kingdom of Nature is a more comfortable and happy experience than working in the human kingdom, because of the absolute obedience and cooperation of the inhabitants of the former kingdom and the almost complete absence of the same qualities in the latter. However, working with mankind brings with it an opportunity to develop greater Light, Patience and understanding, by which, I, too, prepare for a greater responsibility and opportunity to serve the God Life.

Many students have wondered why it is within the compass of the Third Person of the Trinity to deal with the evolution of the individuals and to draw, control and direct the energies by which the natural kingdom is sustained, and yet when understood from the inner standpoint the two services are very parallel in nature and it is a marvelous thing to see how through the consciousness of the beings in each kingdom greater perfection and beauty is manifested.

It is a cause for wonder, too, why lifestreams are drawn together in such intimate relationship, but it is that some quality in each one might be developed and another tendency retarded which will eventually make the harvest of that "tree" so abundant and beautiful. In my capacity as "Cosmic Gardener" I often actually "feel" the discomfort of the little roots and bulbs underneath the earth in their growing period as they seem to jostle and push each other in their eagerness to grow and expand, but then I also "feel" their individual joy and happiness when at last their little heads appear above the hard earth and they "see" their reason for being. It is the same way with the human consciousness. Sometimes it wonders and rebels at the positions in which Life places them, not understanding that a wise and loving "Gardener" is hovering over them, watching their "growing pains" and rejoicing when they glimpse even a tiny portion of the Cosmic Divine Plan.

The only thing I can say in closing is that as I give you a small picture of the Garden of the Future that you will have faith in My clarity of perception and that you will all flower together in great beauty and harmony and the perfume of your individual beings blend to make this Star one of the most glorious in our firmament.

This is My desire, This is the hope of My Heart and, knowing you, I Am confident in its fulfillment.

Blessings and Love,

MAHA CHOHAN

The Law of Life is so simple in its essence that mankind passes it by for the very complicated, involved terminology with which they have completely smothered the simple Truth.

The Law of THE NEW AGE - the Religion of THE NEW AGE - will be so simple that no study will be required to understand it. It is The Law of Harmony. Some people call it Love, but when you call it Love you immediately begin to enter into variations of expression and interpretations that distort its true sense.

As the Representative of The Holy Spirit, it is My Office to present to mankind the Plain Truth so that "all who run may read"...

Life is energy. Every man, woman and child that breathes draws that energy into themselves by a conscious action, for the in-breath is a drawing in to one-self from the One Source - God - the priceless energy that is His Life, and when an individual does this, he or she becomes accountable to the whole universe for the use of that energy loaned to him by the Godhead.

The breath in your body is yours because you drew it forth from the Heart of God. In your inner Soul you promised God that you would enrich His universe if He would allow you the use of His Life, and God, being Love, granted your request and gave you all the Love you required - and still does - with but one counsel or condition - that His Life or Energy must go forth from you - qualified harmoniously - to bless and enrich His people, His Universe and all its parts.

If the energy is not qualified harmoniously, the Cosmic Law governing the Universe is, that your own Higher Mental Body will draw that energy back into your world after it has accomplished that for which it was sent forth, and it comes back with the same qualification with which you clothed it on its outward journey, amplified by vibrations of a like quality which it has attracted to itself while it was absent from your aura. The reason for this is that the evolving soul may learn - first, the nature of the energy he is using, and second, that the Guiding Intelligence within his own soul is an integral part of God and therefore Love in action. The outer personality then is forced to learn from this return of his own energy that it is more comfortable to abide by the Law of Harmony and enrich the Universe by the Life that God has loaned him than to suffer the consequences caused by the unlawful use of the Fire-breath of God.

The particular traits and characteristics that annoy you in other people are, almost without exception, the energy of your own world that you have sent out in a similar manner in previous lives. Your Higher Mental Body shows you how discordantly qualified energy distorts the universe. When the individual becomes uncomfortable enough, he feels and speaks resentfully of these appearances, but if the person would recognize that he or she has created those very things in the past, he would, on encountering them, call on the Law of Forgiveness for his part in creating those inharmonious appearances and, then through his knowledge of The Sacred Fire, blaze the Cosmic Fiery Flame of Freedom's Love through the cause and effect of such a manifestation, he would not only be cleansing and purifying his

own consciousness and world of the cause and effect of these qualities, but would be helping to eradicate them completely from the universe in general.

If a person is big enough to bless those human appearances that manifest in the lifestreams of those around him into freedom, he will find those very annoying traits and characteristics will cease to appear in his own world, because the law of his lifestream is - that when it is cleansed and purified from those habits that he dislikes and their momentum consumed in the Flame - he will not be required to live under the pressure of any experience that is not of his own making.

Your Higher Mental Body is your only judge - It is your Mentor and your Spiritual Teacher, and until you fully awaken to a full realization of your own Divine Identity - is consciously and constantly returning the energy that you have sent out discordantly qualified in the past, asking you to bless it, charge the Purifying Flame through it and set it free once more into that glorious state of Peace and Happiness which it knew before you drew it into your world through the conscious act of breathing.

When the energy which you have drawn forth from Life to date has been harmoniously requalified and freed, then the earth can no longer hold you - your Divine Plan is completed - your service to earth finished - and you rise, an Ascended Being, having completed your cycle of individual evolution and learned The Law of Harmony - which is The Law of the Universe.

Saint Germain and other Members of the Ascended Host are balancing and removing thousands of tons of misqualified energy from the earth and its people daily and yearly, and I trust, for the sake of your own speedy freedom, that you will learn to live gently and kindly, and that you will realize when you experience through others that which seems to be so distressing - it is not really some one else's fault, but the reflection of what you have done to Life through the centuries, and that you will use the Purifying Flame of Freedom's Love unceasingly so as to banish it forever from God's Universe.

Blessings and Love,

I AM COME this morning to bring the feeling of Comfort, which is experienced when the lifestream learns to know the power that lies within the constantly flowing stream of energy which forms the very heart-beat of all animate form.

Comfort lies within the recognition and acceptance of the ever-present Power of God, forever Master over energy through the individual being.

When the chela applies for admission into My Retreat at Ceylon, motivated by the desire either to receive comfort or to become a comfort to life, it is My endeavor to acquaint his consciousness of the Master Power of the God within himself.

When the outer consciousness is able at will to enter the Secret Place of the Most High and let the ever-flowing substance of the Universal Life through him externalize God's Will, he is then prepared to be a Comforting Presence, and he himself lives in the assurance of the Ever-present Power of God as the Master Control of all circumstances.

In the Twenty-Third Psalm I endeavored (through the consciousness of David) to convey the assurance that, in the natural flow of life through the heart to the periphery of the lifestream, there was everything required according to the specific activity of the moment.

For the student to follow the flow of energy from the Presence into the Flame within the heart, and then visualize the substance of that Flame become the Path upon which he proceeds through the universe, is to enter into the feeling that truly this Intelligent Light does lead him "into Paths of Righteousness and prepares a table before him" according to the requirement of the hour. Such an one abides in that feeling of "goodness and mercy all the days of his life."

The Intelligence within this natural flowing stream of energy (if acknowledged and actually visualized as externalized Substance fanning out from the heart) would make every day a Day of Grace, Harmony, Happiness and Fulfillment, and by the Intelligence within that Substance would the pertinent need of each hour be fulfilled.

If the student could visualize this Substance becoming a Cup from which he would drink; the knowledge upon which he would rest; the bread of life which is the nourishment of the body; the mercy by which returning karma would be melted into nothingness; an actual shield between him and all appearances of evil; as well as the inspiration of the soul and the cleansing, freeing, purifying Spirit by which all lifestreams who contact It would be blessed - then truly would he find the counsel of the Sage filled with Wisdom, when He bade the aspirant:-

"BE STILL AND KNOW THAT I AM GOD."

As we close the thirty day period during which the Master, Serapis Bey, was Host to a number of the members of the human race as well as the Ascended Masters of the Spiritual Hierarchy, I would like to incorporate the final address which He made on Saturday evening, February 14th, to the Assembled Guests. The number of life-streams who attended the meetings at Luxor was much smaller than the number who were in attendance at the Rocky Mountain Council, because people - even in their inner bodies - shy away from the purity and honesty of purpose and motive which The Ascension Flame and Its Great Guardian demand of all who come within Its Compass and Its Aura:- MAHA CHOHAN

Serapis Bey to the Assembly

All the world is seeking Peace...individually, nationally, and internationally. That Peace comes only when the outer self voluntarily returns, like the prodigal son, to the Home of The Father and decides to surrender the personal will and purpose to the Wisdom and Design of the Godself.

Watching, through the centuries, the constant conflict between the Light within the soul of man which desired to come Home and the ceaseless demands of the senses for the use of life to gratify their temporary appetites, I Am well equipped to engage in the joyous endeavors of the Cosmic Law to bring Peace to every man who honestly is willing "to pay the price". What is this price? Surrender of the personal self to The Presence of God within.

Many times through the centuries, I have stood absolutely alone, guarding The Flame at Luxor, and everyone of my disciples, grasping in his hands the gift of life, went forth, each one taking some blind alley, seeking happiness and peace. The blessed ones, scattering the precious life energy carelessly upon their journey, sooner or later coming to the end of the road, where stood the Karmic Angel with the Flaming Sword who pointed them back along the very path they had so eagerly come, believing it to be the Way to Freedom and to Peace! And to each one, The Angel gave a basket commanding the soul to gather up the life energy thrown away in careless abandon on the heedless adventure. Ah, the wearisome return, reaping the harvest of tears, the soul required to wipe away the traces of carelessly expended energies from the lifestreams it had passed upon the road, until again each one came to the point from whence he had started forth.

Here, for a time, subdued and humble, the soul light again asserted its desire for freedom and into Luxor would return the aspirant. I--mirroring the karma of the centuries in my heart - would bind up the wounds of experience and endeavor to provide the necessary disciplines and applications by which the seeds of undeveloped vices might never grow and prod the neophite to another journey into the world of maya....and I would hope and pray!

But, when the Flame flowed freely and the memory of the unpleasant journey of the past grew dim, and the life vitalized the restored inner bodies, again the neophite would ask that he might take "his portion of life" and go forth - usually to redeem the world. Another blind alley, for the most part, because for the one who might remain true to such a course, there would be a thousand who, although motivated by

sincere desire to raise the race, would be soon caught up in the momentum of the people and the life energies blend with "the ways of the world."

Today, the Christ Selves of 200,000 lifestreams presently incarnated upon the planet earth have applied to the Cosmic Law for permission to consciously impress and direct the outer selves which They have sustained through the centuries. This Grant has been given, and I - myself - have stood Sponsor for each such one. My service is to prepare the "field for the sowing". In other words, It is my particular service to reach the outer consciousness and make it willing to accept The God Design and receive The Spiritual Bridegroom (The Presence) NOW, In this manner, the Christ Self through each one may stand revealed in all the Glory and Perfection which the Master Jesus manifested in His Ministry.

You, who have gathered here each night know something of what is required of you. Surrender of the outer self to the Presence of God that beats your heart! Constant, conscious returning of your attention to The Presence as the Directing Intelligence until you become acquainted with Its Nature, devoted to Its Purpose, and sensitive to Its slightest prompting - not only in times of contemplation but in the noisy, tumultuous currents of daily living as well.

Your life must become a channel for the Power, the Peace, the Healing, the Supply of your own Presence - which is ONE with The Father of All Life! This is your reason for being, and for this came you into the world. You shall know neither peace nor happiness until you fulfill this purpose consciously.

PRESS your outer consciousness against the Great Body of God until you can actually and actively FEEL His Strength, His Omnipresence, His Omnipotence, His Vital Health and Well Being, His Peace and His Power. The Nature of God is the most contagious of all natures, but you must expose yourself to Its Influence in order to experience Its Presence alive within you, and flowing through you to expand the borders of The Kingdom!

The transmission of the currents of Mercy, Forgiveness and Love Divine from the Cosmic Temple of Kwan Yin in China last evening through the kind contribution of the energy, time, visualizing faculties and breath of the Beloved Students in conscious cooperation with the Ascended Host of Light was another Cosmic milestone in the spiritual evolution of the race.

This accomplishment fills my heart, particularly, with gratitude that so much has been accomplished in such a very short time, and that the beloved students have grasped so quickly the importance of this endeavor, and have become such a valuable and active part in assisting us to render this service to our evolution and to The Beloved Sanat Kumara. The releasing of Cosmic vibrations with a certain definite qualification, whose rapid revolution around the earth and through the bodies of the people and the nature kingdom represents the most concentrated action of the Sacred Fire ever drawn, focused and projected for the upliftment of mankind on this planet.

Many times have great heights of spiritual glory been attained and Golden Ages manifested on the face of the earth where the Power of the Sacred Fire was invoked and utilized locally for the benefit of the people, but this is the first time it has been consciously directed around the entire globe again and again with the specific intent and purpose of setting mankind free from the misqualification of energy with its attendant results of karmic misery and limitation.

The Beloved Kwan Yin began to draw the Cosmic Power of the Sacred Fire twenty-four hours before the actual Transmission of the currents was to take place. The Brotherhood who abide within Her Temple of Mercy have woven for Her the most exquisite Robes of State and Vestments of Power, in the glorious Royal Purple and Gold, which She wore over Her own simple gown of mauve silk. She, together with the Twelve Ladies who represent Her Spiritual Court, took Their Positions before the Altar upon which blazes the Cosmic Lotus of Mercy, long before the assemblage gathered, and began to tie in the currents from the Temples of Light around the physical Sun and the Spheres of Light, which caused the Flame to expand and intensify in its concentrated power until It was so brilliant in Its Activity that even We found it difficult to look upon Its Blazing Presence for more than a few moments at a time. From the Cosmic Temple of the Elohim of the Flame of Mercy around the Sun, the Great Purple Ray flashed forth and connected with the Focused Flame in the Temple at Peking.

Then, from the Seven Temples of Mercy, Forgiveness, Love, Freedom, Purity, Kindness and Ordered Service that abide within the Seventh Realm, Seven Great Rays were directed by Angel Devas of the Violet Fire, which - joining with the Master Ray from the Sun - entered the heart of the Cosmic Lotus, expanding It until Its petals covered the entire country of China, well up into the Siberian state, across Tibet and the Malay Peninsula and out through the Pacific, blanketing the Korean Battlefields in Its Potent Power.

From Inner Levels, it looked as though the lovely earth had put a beautiful jeweled Lotus in her hair...And the attention of Beings from other stars and planets was forcibly drawn by the tremendous, magnetic power of that Light. These Glorious Celestial Visitors began to gather, in a wholly spontaneous spirit of homage to The

Flame. The earth has not offered such cause for Spiritual Visitations since she was first created as the cradle for the evolving race.

The spiritually sensitive chelas and students fortunate enough to be within the actual physical locality of this Activity were also drawn by this concentrated power of Love, and it was not unlike the gathering of the Wise and Innocent around the birthplace of the Beloved Jesus at Bethlehem so long ago, as they again responded to the magnetic power of Love and the Gift of God imparted for the blessings of all peoples.

Just before the transmission of the currents was to begin, The Members of The Brotherhood took Their Places within the Temple proper, and at the given moment Kwan Yin gave the signal and all breathed into the Purple Fire Lotus Their blessing and Their breath. Kwan Yin and Her Court stepped within The Flame and then The Brothers each drew in a deep breath, absorbing the Power of Mercy, Forgiveness and Love Divine, and then breathing it out powerfully toward the Retreat at Suva, where It was immediately conveyed to the Blessed Ones on the Western Coast of the United States of America. In the matter of less than thirty seconds, this Exquisite Transmuting Power of Merciful Forgiveness had completely circled the earth, and there was not a home, a hospital, an asylum, a human heart, or a member of any kingdom evolving upon the earth but had that current pass right through its center, melting away shadows as the sunlight melts away the darkness of the night. Although the center of the Ray passed from each designated group of Beloved Masters and chelas, the entire activity was a blanket outpouring of purple flame that reached from pole to pole from the very first breath.

All at the Temple were so intent in the amazing power being released that We were not prepared for the magnificent Visitor that was to come among Us, in His Usual Silent, Humble and Beautiful Manner, to sweeten the essence of Mercy with His Presence.

Suddenly, at the edge of the group of pilgrims who had gathered in the large field that surrounds the Temples, it was as though a gentle wind had blown through a wheat field and each pilgrim silently prostrated himself to the ground. The stir of energy soon reached those in the Heart of the Temple, and upon looking toward the opened Temple Doors, there stood the Beautiful Presence of Lord Guatama Buddha, with His hand on the arm of the Faithful Ananada..Smiling gently, They proceeded down the aisle of the Temple to the place of honor immediately prepared for Them. As always, He wore only the simple robe, with no adornments, His dark brown hair hanging loosely around His Serene and Gentle Face. His luminous eyes smiling at each one with the Love which He has learned is the nature of His God.

It took the utmost self-control and concentration of The Brotherhood to continue the unbroken rhythmic breath, because even at the Wesak Festival at which time Lord Buddha blessed the race, He has never come into an Assembly in His Actual Light Body, since His Liberation so many centuries ago.

Kwan Yin offered him silently the place of honor as Officiating Master within the Heart of the Flame, and it was with Great Personal Effort that She continued in Her Service, so overwhelmed was She with gratitude at the Presence of Her Great Lord and Teacher. He just smilingly waved Her on, and remained the center of all hearts' love and interest as the transmission continued.

At a given moment, He arose and, with His Beloved Ananada, They together placed Their Holy Feet on the Bridge created by the breath of the Brothers, and these Two Beautiful Gods walked slowly and majestically over that Bridge toward the Retreat at Suva, from whence They proceeded into every Retreat and Sanctuary and Home where the currents were being drawn, focused and transmitted, until after about fifteen minutes They again appeared in the Temple, having circled the earth, and blessed personally and individually each lifestream who was a part of the transferring of the Mercy Flame of Love Divine.

There is no need to emphasize the tremendous import of such a visitation, nor to point out the spiritual significance which lies within the return of Lord Buddha. There is only the reminder that you walk in Strange Days, and in the Presence of Guests Whose coming is even unheralded to The Brotherhood, and blessed are they who are gathered together awaiting such blessing in whatever day it may come!

Love and Blessings,

Through the great gift of free-will, the evolving life on every planet and in every system determines within itself the course of its evolution, and the specific qualities and momentums required all stem out of the use to which the evolution puts the priceless gift of life. Those Causes are the pointing finger by which the Intelligences whose sole duty, responsibility and joy is the ultimate victory of every particle of life, know what the future requirements of the race will be - each Cause bound to manifest effects that will either help or hinder the manifestation of the Divine Plan.

Therefore, different planets, different systems and galaxies have representatives of Distinct Qualities, which that evolution requires, or will require to fulfill its destiny. On many planets the Resurrection Flame is not required because there have been no Causes set up which will manifest as disease, decay, disintegration and apparent death.

The Office and Cosmic Activity of The Holy Comforter came into being at the moment that the first man (Adam) chose to experiment with the Creative Centers of his own thought and feeling, and a form short of perfection was conceived and externalized, which was the first chain of the karmic heritage of the race. At that time, the Great Silent Watcher, knowing that every Cause breeds Effects and the effects in like manner generate many causes, realized that some time and some where would the call come from life for Comfort. Unto that day and hour was prepared the Cosmic Temple of Cosmic Comfort to Life, which abides within the Heart of the Electronic Belt around our Sun.

Therefore, you will see that the Cosmic Release of Comfort to man was preordained from the moment that the first shadow stole stealthily from the mind of man and the Silent Watcher, knowing the prolific generating quality within that shadow, prepared for the hour when the Light in the heart of man would know the spawn of the first parent error and be smothered beneath the pressure of the "original sin."

It was then that the first Maha Chohan drew from the Bosom of the Father of Light the Quality of Comfort, and the Glorious Cherubim with Him created the Chalice into which, through all succeeding ages, every Comforting Presence has poured that portion of His Life which He chose to dedicate to such a Cause - and in the history of the ages there have been many such Blessed Hearts. Today the final hour in the history of our planet is at hand and the Message of Aquarius is to be fulfilled as the Cherubim inverts the pitcher and allows the Comfort of Life to flow which will bring release to the Light in the heart of every man.

The past, present and future are as one to the Great Intelligence who governs the evolution of planets and galaxies and truly the statement, "Before they call I have answered" is a manifestation of the love and compassion of the Great First Cause, who has prepared for a race's evolutionary nourishment which will be a sustaining comfort as well as salvation to them in a given hour.

The Angels of Comfort have winged their way century after century into the Cosmic Temple of Comfort which is presided over by the Glorious Cherubim whose service it is to hold this quality in its concentrated essence. Here They have filled their Cups with God's Comfort, carrying it to hungry hearts who have sent out a call or prayer for this Divine Quality, and for every Cup that was filled, from the Heart of the Sun came ten times that amount again so that in no measure would the gathered momentum of Comfort guarded by the Cherubim be lessened.

The activities of the great Cherubic Hosts are particularly concerned with the guarding of qualified energy which is to be utilized by the Intelligence of the Godhead for a specific purpose.

All of the energy qualified by a certain quality which will be of benefit to a Cause which would benefit a race, a planet or a galaxy is seized by Great Beings who ensoul it to keep it from returning into the primal state of Universal Light. Thus, when a Great Being becomes invested with the responsibility of embodying a Quality of the Godhead, and through His Very Self awakens a like quality in any sphere, a member of the Cherubic Host volunteers to hold the drawn, concentrated and qualified energy of such an one and all the contributed energy of those life-streams which the Sponsor can interest in a similar Cause becomes the momentum which builds until the hour of fulfillment is at hand, and then through the Heart Center chosen to be the channel or faucet for its release, the gathered momentum of the ages flows and the life of a planet or a galaxy is enriched thereby. The guarding of the energy until such a moment arrives is the service of the Great Cherubim.

These Beings never for an instant deviate from this concentrated service to life. It is almost impossible for the human mind to conceive of such one-pointed patient, constant devotion, and yet there are Beings belonging to this system and others who have rendered service of this kind for billions of years. They become Silent Watchers of Universes, systems or worlds and galaxies, in time. The small elementals that sustain the pattern of a flower during its comparatively short existence in a given season, and the greater Devas who sustain the pattern of the oak tree or the great Redwoods of California for hundreds of years, are examples in the kingdom of nature of this service to life.

The Name of the Beautiful Cherubim who sustains the Quality of Comfort in the Great Cosmic Temple devoted to that service and quality is LOVELEE, and I ask that your conscious recognition go to this Being who, voluntarily of Her own great Love, chose to preserve and sustain the Quality of Comfort until the hour when men should require it most and the demand for comfort rising from the hearts and minds of all men might no longer be denied.

At this moment I, as the privileged Representative of this Quality, will act for Myself and My Illustrious Predecessors, and ask that the Pitcher of Aquarius be inverted now and Cosmic Comfort to life flow to every evolution which belongs to this chain.

Blessings and Love,

MAHA CHOHAN

This week I would like to elucidate a subject which, perhaps, has not come to your thought and, not being presented in the mind, could not be meditated upon for the enrichment of the spiritual nature. It is in regard to service and the balance that the lifestream can voluntarily pay to the Universal Law of Love in order to ensure freedom from the wheel of birth and re-birth.

You have been told that the Cosmic Law has offered to balance 49% of the debt each lifestream owes to life through the misqualification of pure God-energy. This is done through the cosmic expansion of the Sacred Fire through the beings and worlds of evolving humanity. This means that 51% - or a little over half of the energy of the individual - must have gone forth in a constructive manner (not necessarily in a spiritual way) before the pendulum of your life's experience swings toward freedom from the magnetic pull of earth and the things of earth, and your ascension is assured.

Now, we must understand that all lifestreams are not alike. For instance, a powerful, forceful, intense person releases ten times the energy that a lethargic and placid individual would emit. Therefore, the quantity of energy cannot be measured equably with regard to every evolving spirit. Strong spirits who have incarnated from the beginning of manifest time have released sometimes as much as five hundred times the energy that has been released by the masses, and for that reason fifty-one percent of the energy of these "hard-living" individuals is uncomfortably more than fifty-one percent of those who have not lived life so intently. This is true of all outstanding individuals since the beginning of time, and, therefore, the Law of Life, which is inexorable, requires the release of as much constructive energy as the destructively qualified energy released by these people in the past.

Looking at this picture objectively, one is inclined to become a little weighted down with a sense of responsibility and futility, but this need not be, because the lifestream who has built a momentum of drawing and charging a large amount of energy can balance his debt much more quickly, because his every gesture, every word, every movement, releases the momentum of energy he has builded in the past and he may build his account for good in the Causal Body as rapidly as he has built the chains in the past, when he is willing to face the score written against him on the Book of Life and return the energy passing through him daily as a balance. On reading these lines some might regret the enthusiasm and zeal that prompted them to incur such large obligations, but let me assure these people, that in drawing the larger amount of life energy they were merely following the promptings of their Divine Nature, as their future destiny lies, for the most part, in the cosmic field of service.

It is my endeavor to show you that the Ascension is a practical activity that is taking place through your hourly living and not just a transcendent burst of glory at the end of the earth life predicated on nothing. It is safe to say that all those lifestreams who have rallied to Saint Germain's banner have rendered valuable service to life in the past and it is for this reason that the Cosmic Law has permitted you to have this private instruction now, wherein your balance to life can be paid in Cosmic Service while you still walk the earth, through your decrees and calls for the freedom of life everywhere on this planet. Weary not, therefore, in

your Spiritual Service, for every ounce of energy used in this endeavor is accepted by your Higher Mental Body as partial payment of your individual debt to life.

Now, when we say that fifty-one percent of the energy of the lifestream must be balanced harmoniously, many people think that the only way this can be done is through devotion, prayer, ceremonial service and solemn invocations directly concerned with spiritual aspiration. I would remind you, however, that all constructive and harmonious energy is a natural expression of the God Life, whether it be the singing of a happy child or the dancing of happy feet; whether it be the loving service of friend to friend or the constructive creation of a bench, a chair or a garment.

All those expressions are expressions of the Holy Spirit Whom I Am privileged to represent. All constructive activity and service are faucets of My Consciousness and they are all accepted by the Cosmic Law as a balance for each lifestream, wherein that one may ascend into his Eternal Glory.

The passing of human experiences, however, have grown so heavy that in the course of a natural life, sometimes there are less than twenty or thirty hours wherein the energy of the people is qualified harmoniously enough to become part of the constructive balance of that lifestream, and at the close of the earth life when the book is read, after all the vicissitudes of years of living, the Higher Mental Body has but a fragmentary balance of good and a heavy balance of unhappy energy, which shows that the soul has made so little progress on the spiritual ladder toward freedom. Therefore, aside from all the great spiritual knowledge of service and work which We have opened to your consciousness, there are so many homely things that a lifestream can do in the course of daily living to engender the leaping of the Flame in another heart and the release of a burst of constructive energy from that one which the Higher Mental Body immediately seizes and adds to the constructive balance. For instance, the baking of a cake, the bringing of a flower to an ill person, or rendering some fleeting small service to lighten the burden of a lonely heart is a service of Comfort and the resulting happiness to the recipient is very often the only energy that the Higher Mental Body of that lifestream could use in that entire embodiment. Therefore, any individual who is the means by which another person releases even an ounce of happy energy has given him an eternal gift, because in a far distant day that energy which you coaxed into harmonious expression may be just the ounce required by the Presence of that one to bring the balance over the fifty percent limit and take such an one Home. Can you see then, how intricately are woven the threads of different individuals' lives and how potent a force you are in your environment and community which is either generating good karma for those around you or adding to their chains.

I would suggest then that you keep watch on yourself over say, a twelve hour period and see if more than fifty percent of your energy was qualified harmoniously. If the answer is yes, then you are making progress - if not, you will see there is a certain amount of retrogression which must be balanced later. I could go on and on, giving you these homely illustrations by which you may add to the treasures held in your Causal Body against the day when you will stand yourself before the Karmic Board and render an account of what you have done with the God-Life entrusted to your care. Let your Light shine before men.

Blessings and Love,

MAHA CHOHAN

Beloved Sons and Daughters of God:

May I congratulate you, each one, on the very glorious contribution of your life energies in creating a Bridge over which the Holy and Blessed Feet of the Lord Buddha and His Dear Disciple could pass in Their self-chosen Visitation through the concentration of Mercy, Forgiveness and Love Divine at the Retreat of our Blessed Sister, Kwan Yin, in China? The Mercy Fire from the Spirit of God was a magnetic Power that drew the attention and presence of many Beings who had not had any connection with the Planet Earth in many centuries.

As the attention of the chelas turns toward the Great Lord Maitreya, and the mankind of earth experience the radiation and feeling of the Cosmic Christ Love which He is preparing to release on the next night of the Transmission of the Currents throughout the world (Saturday evening, March 21st, 1953) We are hopeful on that occasion to establish greater cooperation between the outer selves of the sincere God-loving people of earth and their own individual God-Presence.

This is the particular service of the Great Initiator (Lord Maitreya) Who is always present when the contact and connection between the Christ Self and the outer self is permanently established, and the individual ego moves forward to externalize the Divine Plan. You will remember this Spiritual Baptism took place when the Beloved Master Jesus (through His Precursor John) "was visited by the Holy Spirit" on the occasion of His Baptism in the River Jordan, when His outer Self became anchored in His Own Christ Nature.

What the Lord Maitreya accomplished for the Master Jesus by fusing His Own Christ Consciousness with the Individual Divine Self of Jesus, giving the full Cosmic Momentum and Power of His (Lord Maitreya's) Lifestream into the "keeping" of Jesus to further His Mission, He desires now to do through all mankind. The Second Coming is not to be an individual, but a Cosmic event, and each blessed chela, standing with up-raised head and humble heart, will have the Blessing of the Lord Maitreya pass through his own Christ Self, to assist in the blending of the Divine Nature with the personal ego, which is the instrument of the One in the world of form.

We are informed that the Great Ceremony will take place in the countryside around the Kashmiri Hills, for there is no auditorium in the Eastern Hemisphere large enough to hold all the guests who will attend, not only from this planet but from other systems of worlds as well. The Christ Self of every lifestream belonging to this evolution will be in attendance, even That of those who are not presently in physical embodiment, and it also includes those whose souls are sojourning in the astral and psychic realms. No Divine Presence, whose hope lies in working through the personal self, which it has sustained for aeons of time, will miss the opportunity of having the Presence of Lord Maitreya fill It with the Pressure of His Presence, which, like a strong Hand, will move the individual God-Presence toward the personal self with a Power that cannot be denied. Of course, the Higher Selves of the Conscious Chelas will be particularly blessed, and each lifestream should prepare for this hour, that he may be ready for the Coming of his own Lord of Life.

The Great Initiator and the Representative of The Holy Spirit (Maha Chohan) are always present at these Cosmic Baptisms, and that is why the Dove is often seen with the inner sight by those who have developed that vision, at the moment when the Christ Self draws close to the incarnate consciousness.

I would suggest that the beloved students visualize the gentle slopes of the Kashmiri Hills and feel themselves among the group of pilgrims awaiting the Coming of The Great Brothers, each chela contemplating, according to his individual capacity, the nature of God within himself.

Above the huge Assembly, the Christ Selves of the entire human race hover, like a canopy of Glorious White Angels. Let each individual, then, turn his attention toward his own Christ Self, until the magnetic power of his love draws his own Christ Self from the hovering Group, and It stands clearly and distinctly above the head of the contemplating chela. The Love from the Individual Presence and the love from the chela, flowing back and forth from the heart of each, makes a bond of unity and one-ness, so that when the Lord Maitreya comes into the atmosphere and ensouls each Christ Self with the Cosmic Christ Consciousness, the soul, working through the outer consciousness, has drawn its own Presence as close as it can by its own endeavors, and then the Cosmic Impetus of Lord Maitreya's Love will sweep the two into One.

The Keynote of Lord Maitreya's Retreat will be best sounded within the lovely song "Ah, Sweet Mystery of Life," and the color of the Cosmic Christ Flame is a beautiful Canary Yellow, delicately shaded with white toward the outer edges.

Speaking of the Breathing Activity in the Transmission Period, I would remind the students that the rhythm sustained in each of the four parts of the activity is most important; that is, in the in-breath, the held-breath, the out-breath and the directing-breath. Also, that the visualization held in the mind, of the Flame, and your part in Its expansion, is invaluable. The vision of this Sweeping Flame and Its effect upon the life of the planet, held strongly in the mind, makes each one of you an important and integral part of this Cosmic Service. Comprehension of an idea is an activity of the Intellectual Body, but the performance or carrying out of the operation belongs to the emotional or feeling body, and it takes the cooperation of both to render any service effective.

It is Our desire to make it as easy as possible for each dear heart to contribute his breath to this great service without strain, struggle, tension or depletion. All our activities are Embodied Happiness and Peace.

I am looking forward to greeting you all in beautiful Kashmir.

Blessings and Love,

MAHA CHOHAN

THOMAS PRINTZ' PRIVATE BULLETIN. "KASHMIR"

COURTESY OF THE BRIDGE. Apartado 2056, Havana, Cuba.

The Activity at Kashmir last evening will be re-inacted every evening through the fourteenth of April, in order to give every possible assistance to the Christ Selves of the entire human race in Their Endeavors to become the Master Control of the outer personality which They have sustained through the centuries through the outpouring of Love, Light, Blessings and Patience Indescribable!

May I point out that the Beautiful Christ Self of every lifestream belonging to this planet was created by the Father-Mother God long before the personal self came into physical incarnation. This Beautiful Presence desires, through the personal self, to complete Its Glorious Pattern and Plan in the world of form, fulfilling the Edict of the Eternal Father and rendering a particular service which adds to the Glory of the Divine Pattern and Plan of the Universe. Until each Presence is enables to fulfill Itself, the Full Perfection of the Divine Plan is not manifest, and no Other Christ Self can render that particular individual service for such an one.

Through the unhappy use of the free will, the Christ Selves of the far greater part of this evolution have been denied fulfillment, and have sustained the personality with the hope that some day enough grace would enter the heart and consciousness of the outer self so that it would at least desire to cooperate with the Presence and manifest Its Reason for ~~for~~ Being and justify the expenditure of the energies of God, nature, the Angelic and elemental kingdoms which have sustained life in the personalty in the aeons of time. The Cosmic Law, however, has taken a hand and refuses to allow further expenditure of pure energies of God, Angels, Masters and Elementals to sustain the foolishness of the human ego, and within the next twenty year period the Christ Selves must connect with their own outer selves and serve their Cosmic Purpose, or descend with the personality to the solar system below the one on which they are presently evolving, and endeavor on this lower sphere to complete their evolution. Naturally, the Divine Selves desire to complete their service to God and man in the evolution to which They belong. Hence, the request for the Dispensation whereby human free will might be set aside and each Christ Self surge through the outer and compel the Divine Plan Fulfilled.

Lord Maitreya is the Cosmic Christ, representing the Father of Life to All the Christ Selves of unascended mankind, evolving on the planet earth or awaiting incarnation. Through His Momentum and Power, the Individual Christ Self is enabled to draw much closer to the outer self, and also impress the outer self with the hunger-thirst after righteousness and spiritual understanding. It is for this reason that he has been asked for the thirty day period in which He now abide to enter the Christ Selves of the entire race and increase the pressure of the individual Christ Self through the Silver cord.

The Christ Self of every member of this evolution, including all those not presently in incarnation, and all the lower astral and physic realms were present for the service last evening. Over the entire continent of Asia these Beautiful White Fire Beings stood, canoping the sky with the Blazing Light of Their Presence. The most exquisite music filled the atmosphere, composed of the keynotes of each One, the Angel Devas of Music grouped Them into sections and combined Their Songs into Anthems that filled the Inner Atmosphere, not only of the earth, but of the seven solar systems belonging to our Central Sun.

The Beloved Sanat Kumara and Lord Buddha were the Guests of Honor, and a beautiful bower of Lotus was woven over the white marble thrones upon which These Noble Gods sat together facing the Members of the Brotherhood. When the Hour of Transmission was almost upon us, the Christ Selves of the race gathered together in a Great, Shining, White Spiral of Living Beings over the hillside, and Lord Maitreya stepped into the Center of this Spiral, which stretched from the surface of the earth well over 10,000 feet into the atmosphere above. Lord Maitreya wore pure, snow white garments, and a lay of white Lotus flowers areund His neck was the only adornment of any kind.

The Light of His Presence is so exquisite that One is always drawn toward His Presence just to bathe in the substance of that Divine Love. His hair shone with the Radiance of the Godhead, and His Beautiful Violet Eyes were filled with the Warmth and Love that are His Nature. A snow white dove perched upon His Shoulder and two lovely Angels, also in pure white, walked behind Him, each carrying a long white staff, from whence blossomed the mystic flower of Shamballa.

We all stood as He entered the Circle composed of the Crist Selves of the entire human race. Even Lord Buddha and Sanat Kumara inclined Their Heads toward Him in honor of His Service and Office as the Cosmic Christ.

As the moment of the First Breath approached, a Pure White Flame rose around His Figure and He disappeared within it. The Flame Itself rose from the earth in a Pillar of White Fire, to the crest of the Celestial Figures surrounding It. At a given moment, a burst of Music, containing Lord Maitreya's Keynote, sounded from within the Flame, and We all breathed It in, blessed It and sent It forth for Its journey around the world.

Simultaneously with the direction of The Flame from Kashmir, the Christ Selves of the Race spread out and took Their positions above the physical bodies into which Their Flames have been anchored for the centuries, and Lord Maitreya again appeared from within the Vestments of Flame, shininh like the Sun. With each breath the Christ Selves drew the Flame of His Cosmic Christ Power into their own hearts, and then individually directed it through the outerself. You will see how this personalized the outpouring, each Christ Self giving full attention to the outer self which is Its own responsibility. This was the first universal release of the Cosmic Christ Power through the personal selves of every member of the human race to take place on this planet. No lifestream belonging to this race was excluded from this service.

After the Flame had cercled the earth for about fifteen minutes, I entered the Central Focus of the Flame and, standing with Lord Maitreya, called forth the Messengers of my Office, and suddenly there appeared countless millions of white doves, each of which flew forth with My Blessing and entered the aura of the Christ Self of every lifestream, duplicating the service rendered Jesus when He was baptized of John under Lord Maitreya's Blessed Presence centuries ago.

At the close of this part of the Ceremony, the Celestial Choir began the Great Cosmic Songs of Praise to the Heart of Creation, and then the Brotherhood and assembled guest guests took up the song, and We all felt the heart of peace and abided in great joy therein.

We shall render this service every night, to intensify the feeling of Oneness between the Christ self and the personality from now until we enter El Morya's Radiation at Darjeeling. I hope sincerely that each one, particularly of my chelas who enjoy this bulletin, may feel the Presence of Their Christ Self and the Presence of the Holy Dove of Peace who is now their joyous companion upon life's way.

Love and Blessings

The Great Karmic Board, through Sanat Kumara, chose the current thirty day period during which the Easter Pageant would again be celebrated as the time when the Lord Maitreya Himself would outpour the Radiation and Blessing of The Cosmic Christ.

to

In order to give the chelas, particularly - and then to the entire race the triple activity contained within the union of the Cosmic Christ Consciousness with the outer self, the Baptism and Benediction of The Holy Spirit and the Radiation of the Master Jesus Himself - beginning last evening and extending up through Easter Monday, following the Resurrection Service, we shall nightly re-enact the Spiritual Baptism of the Beloved Jesus, at which time the Cosmic Consciousness of the Lord Maitreya joined His own Illumined Christhood, and, through the Benediction of the Holy Spirit, prepared Him for the fullness of the Mission which He was to manifest before the sense consciousness of all men.

Last evening, as the moon poured down her silver rays on the gentle hillside of Kashmir, the Beloved Lord Maitreya entered the atmosphere of earth and our Beloved Master Jesus, walking toward Him, was received into His Aura for that Spiritual Baptism, before the reverent eyes of more than four hundred thousand members of the human race. At the moment when the full Rays from Lord Maitreya's Heart flashed through the Gentle Presence of Beloved Jesus, I, too, entered the picture and annointed His Great Consciousness with the Blessing, which is the particular Gift and Outpouring of My Office.

It is no idle thing to have re-enacted on the physical substance of the earth plane these Great Initiations and Mysteries which form the pattern for the evolution of every lifestream on the planet, both carnate and incarnate. Is is one thing to revivify the akashic and etheric records of a past activity and to have re-embodied lifestreams take the part of the original actors and attempt tp incorporate through their own consciousness the nature and <u>feeling</u> of the actual first participants, such as the good men and women of Oberammergau have done through the years, but it is quite another activity to have the <u>original Cosmic Beings</u> voluntarily enter into that Service again in the full, gathered Cosmic Momentum of Their Light, and bring that experience into the feeling world of the outer consciousness of unascended beings.

We shall, on Easter Morning, again proceed with the Activity of the Resurrection and We are told that We shall have again re-enacted through the Body of Jesus the actual vibratory action and radiation of the <u>Ascension</u>, and I, Myself, shall bring the Release through the Service of The Pentecost.

It has ever been the Way of God to teach through example, because the enacted scenes enter into the feeling and heartbeat much more deeply than the worded expression, and the Outpictured Christ Manisfestations which were witnessed by so few during the Ministry of the Master Jesus are being drawn forhh again within the Seven Day Period, so that all of the 200,000, at least, (and we expect a great number of the Christian people of the world as well who will respond to the Sympathetic Vibration 6f Jesus Ray) will be able to absorb the feeling of the Crist Activity, as They see The Master Himself re-enact the exquisite Mani-

festations of His Victorious Power over human appearances.

Lord Matreya, each evening, will precede the Pageant with a talk on the Power and Nature of the Cosmic Christ, and the Beloved Saint Germain, who so enjoyed the drama whereby lifestreams could present a lesson of some kind, together with some of the Chinese Beings who have inspired all of those exquisite plays through which the people of the East learn the Mysteries, have prepared the theme from the Life and Ministery of the Master Jesus, during which He made 'the blind to see', - 'the lame to walk', - and the dead to rise!

We are, of course, eliminating all refernce to the Trial and Crucifixion, representing the perfidy of the outer self, but have included the formation of The Lord's Prayer, The Sermon on The Mount, The Silencing of The Waves, the Precipitation rendering the balance unto Caesar, and some of the lovely home scenes in which the Disciples, the Beloved Mary and Martha and His Own Dear Mother enjoyed the companionship and Friendship of His Presence.

For mankind this year, the Life of Jesus will be more real and for the chelas and students He will become such a Powerful, Living Presence by reason of This Service of the Holy Week that they will be greatly helped thereby, and I only wish that We could have reached the student body in time to bring each member some phase of Jesus' Victorious Accomplishment that they may present it to their collective groups preparatory to their entering The Heart of the Silence where We do such Honor to His Name.

BLESSINGS AND LOVE.
